FLOATING GREASE OUT™

Floating Lift Station Degreaser

FLOATING GREASE OUT uses the natural cleaning power of Limonene from orange peel extract. The powerful solvent cleaner strips away heavy grease accumulations from walls and pumps and quickly dissolves grease balls. It deodorizes as it cleans and leaves the clean scent of fresh oranges. The special floating formula washes down the sides of the lift station as the water level rises and falls. The all-natural ingredients work quickly and effectively without the environmental hazards or disruption of biological treatment processes.

AREAS OF USE

SCHOOLS
APARTMENTS
HOSPITALS
MUNICIPALITIES
NURSING HOMES
INDUSTRIAL PLANTS
COMMISSARIES
HOTELS/MOTELS
PLACES OF WORSHIP

APPLICATIONS

GREASE
OILS
FATS
ORGANIC BUILDUPS
LIFT STATIONS
ICE PITS

TECHNICAL DATA

FORM: Liquid
ODOR: Citrus
COLOR: Clear Reddish-Orange
STORAGE STABILITY: Indefinite
VISCOSITY: <70
FLASH POINT: 122º F
SOLUBILITY IN WATER: Insoluble
SPECIFIC GRAVITY: 0.841
pH: N/A
EVAPORATION RATE: >1.0
