WOLVERINE™

Foaming Aerosol Coil Cleaner

WOLVERINE is formulated to penetrate into air conditioner condenser coils and fins to remove all types of soil. WOLVERINE'S stream spray allows product to be dispersed deep into the fins of the coil. Upon contact with the surface of the coil, this product begins to react and flush soil to the surface WOLVERINE does not need to be rinsed if applied in place to a functioning unit. Moisture produced will rinse product from contacted surfaces. It is necessary to rinse units that have been removed for repairs or cleaning. Effectively removes grease, oil and water deposits from evaporator coils and fins.

AREAS OF USE

HOTEL/MOTELS
HOMES
OFFICE BUILDINGS
AIR CONDITIONER SERVICES
AUTO REPAIR SERVICES

APPLICATIONS

AIR CONDITIONERS
CENTRAL COOLING SYSTEMS
AUTO AIR CONDITIONERS

TECHNICAL DATA

FORM: Water Based Aerosol
ODOR: Caustic
COLOR: White foam
DETERGENCY: Excellent
TOXICITY: 200 ppm OSHA TLV
WETTING ABILITY: Saturates
STORAGE STABILITY: 1 Year
COLD STABILITY: 32° F
PHOSPHATES: None
FLASH POINT: None
FLAME EXTENSION: None
SOLUBILITY IN WATER: 100%
SPECIFIC GRAVITY: 1.1
% VOLATILE BY VOLUME: 95%+
pH: 13.00
PROPELLENT: Hydrocarbon
EVAPORATION RATE: Slow
BIODEGRADABILITY: No
