Husky® 1140 BIO-CLENZ SPOT CLEANER

DIRECTIONS

1. Always pretest for color fastness in an inconspicuous area before applying cleaning solution. Test with full strength product and allow to remain for at least three minutes. If color loss or fading occurs, do not proceed.

2. For best results always spot clean as soon as possible. Spray soiled area with a light mist, agitate with the blunt end of carpet brush, and blot dry with a clean, white towel. If stain is not removed, repeat prior step. Always rinse thoroughly and blot dry between steps and as a final step.
