VANILLA MIST™

DRY ODOR COUNTERACTANT

VANILLA MIST counteractant quickly freshens entire areas such as laundry hampers, garbage pails, auto interiors, offices, gym lockers, sports shoes, closets and many others. This specially formulated malodor counteractant eliminates the toughest odors such as tobacco smoke, vomit or urine odors that linger even after the source of malodor has been removed. The light formulation travels with air flow and eliminates the odors where they hang. A special two way valve allows this product to be sprayed rightside up or upside down. Meets all currant VOC standards.
