NO-MORE-VAPOR™

HAZARDOUS AND FLAMMABLE VAPOR REDUCER

NO-MORE-VAPOR is designed for use by fire departments, port authorities, sewer treatment plants and municipalities to reduce the fire hazard associated with flammable liquid spills. NO-MORE VAPOR'S surface-active agent emulsifies and disperses fuels and hydrocarbons with water and significantly reduces the chance of explosions and fire due to combustible vapors. NO-MORE-VAPOR does not contain alcohol, or petroleum distillates.

AREAS OF USE

FIRE DEPARTMENTS
SEWER TREATMENT PLANTS
MUNICIPALITIES
INDUSTRIAL PLANTS
PORT AUTHORITIES

APPLICATIONS

FUEL SPILLS
HYDROCARBONS
HAZARDOUS MATERIALS

TECHNICAL DATA

FORM: Liquid
ODOR: Detergent odor
COLOR: Clear to hazy
DETERGENCY: Strong
WETTING ABILITY: Excellent
STORAGE STABILITY: 1 Year +
COLD STABILITY: 0° F

FLASH POINT: N/A
BOILING POINT: N/D
SOLUBILITY IN WATER: Soluble
VOC Content (by weight)<1.00%
pH: 6.9-7.5
EVAPORATION RATE: N/D
