Towing Package

This does not refer to just a trailer ball on the rear bumper

The Trailer Towing Package should include all options that are necessary to allow the trucks to be capable of towing a trailer or equipment

In an effort to be more efficient in government spending and to save taxpayer dollars, this year's contract does not provide for any options other than the ones listed on the Standard Equipment Form. Any vehicles purchased that deviate from this list will be in violation of State Contract bid requirements. If you need any equipment other than what is listed on this form, you will need to follow normal purchasing procedures.
