ASPHALT PATCH™

PAVING PATCH MATERIAL

ASPHALT PATCH is a fast, easy and economical way to make instant, traffic-ready road repairs. It is a simple, durable solution for filling cracks, potholes, and fault lines. This hardy sealant is made from a mix of flexible, yet resilient ingredients, including screened aggregate, tar, and asphalt binders. ASPHALT PATCH will remain pliable within its container till it is applied to pavement surfaces and remains loose enough for easy application at 15ºF. Once it sets up, it keeps cracks sealed at all temperatures.

AREAS OF USE

Roads
Drive ways
Parking lots

APPLICATIONS

Concrete
Brick Roads
Asphalt
Play grounds
Black Top

TECHNICAL DATA

FORM: Black viscous liquid
ODOR: Mild Petroleum
COLOR: Black
EVAPORATION RATE: N/D
VAPOR PRESSURE: N/D
pH: N/D
FLASH POINT: (ºF) 200 Min
FLAME EXTENSION: N/D
SOLUBILITY IN WATER: Negligible
SPECIFIC GRAVITY: 0.99-1.03
VAPOR DENSITY: N/D
