FLOOR FINISHES™

REFLECTION CONNECTION

FLOOR FINISHES Reflection Connection is USDA authorized formulas that can be scrubbed daily with high-speed automatic floor maintenance equipment without damage or dulling. They resist black marks, are extremely bright and level well. Applications of 2,000 square feet per gallon in even thin coats show the best results. Consist of metal cross-linked acrylic polymers & polyethylene. Ask your Account Manager to customize your floor care system. Remember we carry a complete line of Pullman-Holt Floor Machinery.
