NO FUSS LIQUID™

Foaming Decarbonant

Oven and Grill Cleaner

NO FUSS is an effective, rapid remover of baked-on fats, greases, proteins, and carbohydrate residue of animal and vegetable origins. It's unique formula allows the foam to cling to vertical surfaces virtually unlimited contact time without dripping. This allows it to penetrate and loosen burnt-on soils so they can be wiped away and or rinsed clean. NO FUSS is economical, non-flammable and easy to use. NO FUSS does not emit any toxic fumes.

AREAS OF USE

Institutions
Restaurants
Country Clubs
Cafeterias
Schools
Nursing Homes
Hospitals
Apartments

APPLICATIONS

Ovens
Grills
Hoods
Chrome
Stainless Steel
Fryers
Porcelain

TECHNICAL DATA

FORM: Liquid
ODOR: No Data Available
COLOR: Clear
DETERGENCY: Strong
FREESING POINT; N/D
WETTING ABILITY: Excellent
STORAGE STABILITY: 1 Year +
COLD STABILITY: 32° F
MELTING POINT; N/D
FLASH POINT: >(200º)
BOILING POINT: 212º F +
SOLUBILITY IN WATER: 100%
SPECIFIC GRAVITY: 1.6-1.08
AUTOIGNITION TEMPERATURE; No Data
pH: 14.0
EVAPORATION RATE: Slow
BIODEGRADABILITY: No
VISCOSITY: No Data
