Husky®

404

FLOOR CLEANER
(with enzymes)

Concentrated enzyme-fortified cleaner/degreaser. Attacks and eliminates grease and other contaminants to achieve a cleaner and safer floor surface. Soils such as oils, grease, and sugary stains collect in the microscopic indentations and fissures of hard surfaces and grout, making them difficult to remove. The enzymes in Husky 404 enhance surface soil removal, and penetrate deep into porous surfaces and grout lines to attack a wide range of embedded soils. Husky 404 controls odors by breaking down odorous and odor causing organics, resulting in cleaner and safer floors with fewer odors.

Formula Features

- Reduces slip hazard making floors safer
- Eradicates grease found deep in the tile and grout pores
- Reduces odors on floors, in mop buckets and mops
- Supplements biological grease trap and drain maintenance programs
- Enhances long-lasting cleaning effects by degrading residual organics after cleaning is complete.

Applications *Concentrated

(Dilute 2 – 8 oz. per gallon of water)

- Recommendation for the eradication of grease and odors from hard surface floors in kitchens, food processing environments, and other areas where grease and soils collect in the floor's pores and grout lines.
