URINAL BOY™

Eliminates Odors, Enzyme Action, Removes Hard Water Spots & Stains, Keeps Water Clear and Clean, Lasts 6-12 Weeks

URINAL BOY'S unique one-piece design enables it to capture inorganic objects dropped into urinals. It screens and blocks all at once. URINAL BOY is made with a 6 oz. block of enzymes and natural detergents, which actually remove odors instead of just masking them as other blockers do. It is water activated to allow it to have a superior lifetime to other blocks. Ask your Account Manager about our other award winning restroom care products.

AREAS OF USE

SCHOOLS
INSTITUTIONS
INDUSTRIAL PLANTS
OFFICE BUILDINGS
LOCKER ROOMS

APPLICATIONS

URINAL

TECHNICAL DATA

FORM: Solid Block with screen
ODOR: Fresh
