# WHACKUM™

## READY TO USE INSECTICIDE

WHACKUM is a semi-gelled ready to use insecticide for indoor and outdoor use. Kills on contact and keeps on killing for up to 16 weeks. Nonstaining formula leaves no greasy or oily residue and requires no shaking. Whackum can be used in and around horse stables, on house plants and ornamental plants. Not for use on plants grown for sale or other commercial use. Controls fleas, ticks, home invading pests such as ants, cockroaches, spiders, centipedes, scorpions, pantry pests, aphids, mealy bugs, trips and mites. Kills bed bugs, Japanese beetles and spider mites. Do not use in commercial food handling establishments.

## AREAS OF USE

HOMES
