AZ-F24™

Fogger Concentrate

AZ-F24 'Fogger Concentrate' is especially designed to work with the Cannon Fogger and to work as a general wipe down for surface areas. This powerful solution is an E.P.A. registered sanitizer and disinfectant that works without rinsing. AZ-F24 is a concentrate as well, mixing from 1.5oz to 4oz per gallon of water allowing for maximum use of budget dollars.
Post prepping area to be sanitized - Simply fill the 'Cannon Fogger', set the timer and you are done!
Ask your account representative about in-service programs for your cleaning staff.
