DUO POWER™ GREEN

General-Purpose Cleaner

Read the entire label before using this product.
Si usted no entiende esta etiqueta, pida a alguien que sepa inglés que se la explique completamente antes de usar este producto.

Cleans - Degreases - Deodorizes

Suitable for use as a general cleaning agent in Federally inspected meat and poultry plants. The cleaned surfaces must be rinsed thoroughly with potable water before any food or food product may contact them.

DIRECTIONS FOR USE

NOTE: Use DUO POWER GREEN only on colorfast materials. To test for colorfastness, apply DUO POWER GREEN to a small, hidden area and wipe with a dry, clean cloth. If the color of the test area remains the same, DUO POWER GREEN may be used.
Dilute with hot or cold water, using the guidelines below. Apply DUO POWER GREEN by mopping, brushing or using the One- or Two-Gallon Heavy-Duty Sprayer. Leave on surface for 1-2 minutes. Heavy soil or grease may require scrubbing. Wipe or rinse off. When spot cleaning carpet and/or upholstery, blot dry. Repeat if needed.

HEAVY CLEANING

NOTE: When using full-strength, wet surface with water first.
Use undiluted product full-strength on ovens, range hoods, vents, engines, tires, wheels and tools to remove grease and oil stains, carbon, and graphite.

MEDIUM CLEANING

Use 1 part DUO POWER GREEN to 2-3 parts water on countertops, stove-tops, refrigerators, sinks, showers, tubs, tile, toilets, decks, fiberglass, colorfast carpet and fabrics, canvas, sport equipment, and for preparation of surfaces prior to painting.

LIGHT CLEANING

Use 1 part DUO POWER GREEN to 4-10 parts water on floors (no-wax, vinyl, tile, sealed wood, terrazzo), painted surfaces, marble, stainless steel, chrome, plastics, cabinets, and window blinds.

STORAGE RECOMMENDATIONS

Avoid direct sunlight or high-temperature storage areas.
KEEP FROM FREEZING. If this product is stored in cold or freezing temperatures, it may separate or thicken. This will not harm the performance. Before using, warm to room temperature and stir thoroughly.

WARNING

MAY CAUSE SKIN IRRITATION
CAUSES EYE IRRITATION
MAY CAUSE IRRITATION IF INHALED
MAY BE HARMFUL IF SWALLOWED

Contains Ethoxylated alcohol.
Avoid contact with skin, eyes, and clothing. Wear neoprene or nitrile rubber gloves if repeated or prolonged skin contact is likely. Wear safety glasses with side shields if the method of application presents the likelihood of eye contact. Avoid breathing the mist. Use sufficient ventilation to prevent the buildup of mist. Wash thoroughly after handling. Do not swallow. Swallowing may cause nausea, vomiting and diarrhea.

FIRST AID

FOR SKIN CONTACT: Wash affected areas with large amounts of soap and water for 15 minutes. Remove contaminated clothing and shoes. Seek medical attention if irritation persists. Wash clothing and clean shoes before reuse.
FOR EYE CONTACT: Rinse the eyes with water. Remove any contact lenses and continue flushing with plenty of water for several minutes. Seek medical attention if irritation develops.
IF INHALED: Remove from the area to fresh air. Seek medical attention if respiratory irritation develops or if breathing becomes difficult.
IF SWALLOWED: Give 3 to 4 glasses of water, but DO NOT induce vomiting. If vomiting occurs, give fluids again. Seek medical attention if discomfort occurs.

KEEP OUT OF REACH OF CHILDREN
