CINNAMON FOAMING CLEANER EF

Concentrated Foaming Cleaner

Read the entire label before using this product.
Si usted no entiende esta etiqueta, pida a alguien que sepa inglés que se la explique completamente antes de usar este producto.

- **Specially formulated for removing corrosion, oxidation, hard-water scale, soap scum, and other tough soils**
- **Powerful foaming action - contains surface-tension depressants that lift out dirt and dissolve tough soils; then the dirt easily rinses away**
- **Versatile - use to clean most surfaces of washrooms or locker rooms, such as walls, toilets, sinks, shower stalls, and mirrors; also can be used on fountains and other areas where hard-water scale may build up**
- **Leaves a fresh cinnamon scent**

CINNAMON FOAMING CLEANER EF is specifically formulated for use with a One- or Two-Gallon Heavy-Duty Sprayer.
CINNAMON FOAMING CLEANER EF produces a thick foam that lifts soils from surfaces and is recommended for removal of mineral deposits on sinks, walls, floors, lockers, partitions, cabinets, porcelain fixtures, mirrors, glass, brick, plastic shower stalls, and tubs.
Suitable for use as an acid cleaner in non-processing areas of Federally inspected meat and poultry plants. The cleaned surfaces must be rinsed thoroughly with potable water before any food or food product may contact the cleaned surface.

DIRECTIONS FOR USE

NOTE

1. Do not use on chromium, tin, galvanized or nickel-plated metals, and marble. Do not clean intricate metal parts that could possibly contain the above metals.
2. Do not use on anodized aluminum surfaces. May discolor some brass finishes; pretest on an inconspicuous area before using on brass. If CINNAMON FOAMING CLEANER EF should come into contact with these surfaces, rinse them thoroughly with water.

SOIL DILUTION RATES

Light: Mix 1 part CINNAMON FOAMING CLEANER EF with 30 parts water.
Medium: Mix 1 part CINNAMON FOAMING CLEANER EF with 20 parts water.
Heavy: Mix 1 part CINNAMON FOAMING CLEANER EF with 10 parts water.
Extra-Heavy: Mix 1 part CINNAMON FOAMING CLEANER EF with 5 parts water.
CINNAMON FOAMING CLEANER EF works with cold water; but for even greater chemical action, warm water can be used. Spray foam onto the surface. Let the foam react, penetrate and loosen soil. Brush if needed. Rinse well. Always rinse surfaces thoroughly after using.
KEEP FROM FREEZING. If this product is stored in cold or freezing temperatures, it may separate or thicken. This will not harm the performance. Before using, warm to room temperature and stir thoroughly.

DANGER

CORROSIVE-CAUSES SKIN AND EYE BURNS
MAY CAUSE ALLERGIC SKIN REACTION
MAY CAUSE DELAYED LUNG INJURY AND BURNS
HARMFUL OR FATAL IF SWALLOWED

Contains Phosphoric acid.
Do not get on skin, in eyes, or on clothing. Wear neoprene or nitrile rubber gloves, chemical goggles, a face shield, and protective clothing when handling. Wash thoroughly after handling. Keep the container closed when not in use. Avoid breathing the mist or vapor. Use sufficient ventilation to prevent the buildup of mist or vapor. Wear a NIOSH-approved respirator if misting is likely. Inhalation may cause burns to the nose, mouth, and throat. Do not swallow.
Prolonged or repeated exposure may cause liver, kidney, spleen, and nervous system damage, and may cause skin sensitization.

FIRST AID

FOR SKIN CONTACT: Immediately remove contaminated clothing and shoes. Flush affected areas with large amounts of soap and water for 20 to 30 minutes. Get immediate medical attention. Discard clothing and shoes.
FOR EYE CONTACT: Immediately rinse the eyes with water. Remove any contact lenses and continue flushing for at least 15 minutes. Hold the eyelids apart to ensure rinsing of the entire surface of the eyes and lids with water. Get immediate medical attention.
IF INHALED: Remove from the area to fresh air. If not breathing, clear the airway and start mouth-to-mouth artificial respiration. Get immediate medical attention.
IF SWALLOWED: Give 3 to 4 glasses of water, but DO NOT induce vomiting. If vomiting occurs, give fluids again. Get immediate medical attention. Do not give anything by mouth to an unconscious or convulsing person.
