Frequently Asked Questions

- Do you end up restripping floors with strippers that don't remove all of the finish the first time?
- Do the floors have multiple layers of finish?
- Have the floors had several Scrub and Recoats without stripping?
- Do you have staff which is sensitive to cleaning odors?

✓ Due to low odor, always present this floor stripper to Health care facilities.

✓ Demonstrate Unlock™ in a small room or mix a small amount and apply to a single tile using a floor pad center to scrub the tile, then wipe clean.

✓ Two Dilution Rates:
1:5 for Heavy Finish Removal
1:12 for Normal Finish Removal
