•Consult the label for complete directions and precautions before using.
•Suitable for use as a polish for non-food contact surfaces in Federally inspected meat and poultry plants.

•50-5002 (0M004)

•AR-19™

•MICROSCOPIC PROTECTIVE SHIELD
•ECONOMICAL, EASY TO APPLY

•Requires no mixing or special applicators Available in aerosol and bulk

•**Fast, Convenient Maintenance:** For regular maintenance, simply wipe treated surfaces with a clean, dry cloth. Dust marks and smudges disappear without cleaners or hard rubbing.

•SPECIAL USES FOR AR-19
•**New Car Make-Ready:** May be used on all auto finishes: increases luster and non-soiling qualities on new automobiles. Interiors and exteriors of showroom cars remain cleaner and brighter longer with less maintenance. DO NOT APPLY TO WINDSHIELDS.

•**Hotels and Motels, Retail and Display Stores:** Protects shine of glass, mirror and laminated surfaces. Repels smudges, dust and fingermarks for brighter, more attractive appearance.

•**Light Fixtures, Reflectors and Fluorescent Lights:** Assures better lighting for improved working conditions.

•**Hooded Traffic Lights:** Improves illumination. Provides better visibility from greater distances. Reduces maintenance time in cleaning lenses.

•**Dry-Erase Boards:** Excellent to help rejuvenate dry erase boards.
