URINAL SCREENS WITH NON-PARA BLOCK clean and deodorize with every flush while protecting the drain from debris. Blocks are acid-free, water-soluble and 100% biodegradable.

MAGNUM URINAL SCREENS WITH NON-PARA ENZYME BLOCK provide even more cleaning and deodorizing power with every flush. Blocks are acid-free, water-soluble and 100% biodegradable.

TOILET BOWL RIM HANGERS WITH NON-PARA BLOCK fit most toilets and deodorize up to 1,500 flushes (30 days normal operation). The compound inside gradually dissolves, coloring the standing bowl water a fresh aqua as it imparts a nice fragrance. Replace when the water is no longer colored. Blocks are acid-free, water-soluble and 100% biodegradable.

BIG BLU TOILET BOWL CLEANER cleans, deodorizes and leaves flush water with a blue tint. Each time the toilet is flushed, chemicals are released to eliminate soils, uric acid salts and scale build-up. **BIG BLU** fits into the toilet reservoir, is safe for septic systems, and works well in hard or soft water. **BIG BLU** is non-toxic, non-corrosive, chlorine-free and biodegradable.
