Shipping & Mailing
Production and Finishing

OfficeRight® Folder DF900™

Ideal for newsletters.

With the optional Cross-Folding Kit, you can create a second fold perpendicular to the first. This makes it easy to format large, complex brochures and newsletters.

Fold large jobs the smart way.

A lot of thought and effort go into your business communications. You can add an even greater impact with a crisp fold and a professional finish.

The DF900™ Folder is the right tool for that last step. Its fast, easy setup makes the most of your time. Use the built-in setup wizard for simple, step-by-step instructions, or select from one of up to 20 preset configurations. There's little or no need for manual adjustments.

Once your job is running, you can change speeds or load paper on the fly and collect folded output in a high-capacity tray. Your mailing can be envelope-ready in no time.

Save time and effort on every mailing.

The OfficeRight® DF900 combines ease of use, flexibility and high capacity to get the job done quickly and flawlessly, every time.

- Fold up to 20,000 sheets per hour.
- Engage customers with sharp-looking letters, brochures and inserts.
- Choose from seven different folding options.
- Set up jobs in no time using built-in wizards.
- Preset and set up to 20 jobs, making it easy for anyone to operate.

Greater impact, greater performance

- Get the job done quickly and easily.
- Create precise, accurate folds.
- Select whichever fold enhances the customer experience.
- Speed through jobs without interruption.

Make your office more efficient with our streamlined workflow.

High capacity feeder holds 500 sheets and can be loaded while machine is running. Handles paper up to 53 lbs.

Manual feed for short run jobs. Takes up to five sheets of pre-collated documents, stapled or unstapled.

Automatic fold plates need no manual adjustment, whatever the paper size.

Easy-to-use control panel with wizard-based setup. Store up to 20 pre-defined jobs. Choose from seven speed settings, and increase or decrease speed while the folder is running.

500 document power stacker Capacity can be increased to 1,000 with the optional high-capacity extension.
