Carpet pH Rinse

Removes alkaline build up from carpet fibers and neutralizes them. Leaves a hard crystal residue that can be easily vacuumed. Low pH ensures removal of tough alkaline soils and some acid spills. Specially developed to be a part of a two-step system. 1: Pre-spray carpet with Hillyard Carpet Pre-Spray, HD Extraction or Clean Action II. 2: Rinse with a solution of Carpet pH Rinse by applying through extraction machine.

- Removes and neutralizes alkaline buildup from carpet fibers.
- Neutralizes pH to prevent browning.
- Brightens the color of the carpet.

Technical Specifications

Appearance	Clear
Dilution Rate	1:64
Color	Colorless
Scent	Mild
Non Volatile Matter	4.00%
pH @ 25 deg. C	2.00 - 3.00

Safety

See material safety data sheet and product for safety information, handling and proper use.

HMIS (Concentrate/RTU)

Flammability = 0/0 Health = 2/0 Reactivity = 0/0

Availability

HIL0083525 4 - 2.5 Liter Containers

Directions

For use with the Hillyard Arsenal One dispensing systems. Remove shipping cap and insert this container into the dispensing system. Secure the dispensing system cap to refill container. Dispense product by selecting the product on the dispenser control panel and press the button to dispense product into bottle. For bucket fill, attach bucket fill hose BEFORE dispensing product.

Specially developed to be a part of a two-step system. 1: Pre-spray carpet with Hillyard Carpet Pre-Spray, HD Extraction or Clean Action II according to label directions. 2: Rinse with a solution of Carpet pH Rinse by applying through extraction machine.
