Product Information

Aerosol Glass Cleaner

Description:

A fast acting glass cleaner that effectively removes dirt, grime, fingerprints, smoke film and more. It's foaming action breaks up deposits and holds them in suspension for streak-free cleaning without running or dripping. And, the amonia-free formula is safe for tinted windows.

Cleaning Strength:

Part Number(s):

CBO1E009-18: Can

Specifications:

- VOC Compliant
- Body Shop Safe
- Phosphate Free
- NPE Free
- Ready-to-Use

Characteristics

Function:	Remove dirt, grime, smoke and road film
Surfaces:	Glass, mirrors and chrome
Formulation:	Aerosol
Flammability:	Low
Color:	Dry white foam
Fragrance:	Spearmint

Key Benefits

- Quickly removes range of contaminants from glass and chrome surfaces
- Alcohol and grease-cutting agents quickly remove smoke and traffic film
- Aerosol formulation extremely easy to use
- Formulated without methylene chloride to ensure worker safety
- Will not streak windows or damage tinting

How to use

1. Spray product directly on glass.
2. Agitate solution with microfiber or lint-free towels. To prevent streaking, designate them as "window only", and store and wash them separately from shop towels.
3. Wipe glass clean with second cloth or towel.
