Inside-Out Detailer

Description:

An easy-to-use, high gloss, fast drying aerosol silicone spray coating that treats, shines and protects most vinyl and metallic surfaces.

Gloss Level:

Durability:

Part Number(s):

CBO1G008C18: Can

Specifications:

Phosphate Free
NPE Free
Solvent Based
Ready-to-Use

Characteristics

Function:	Shine, protect and restore moisture
Surfaces:	Plastic, vinyl & metallic surfaces
Formulation:	Aerosol
Color:	Clear mist
Fragrance:	Cherry

Key Benefits

- Ready-to-use product extremely easy to use
- Generates deep, rich shine
- Dries instantly and is non-greasy (unlike most aerosol products)
- Narrow spray pattern enhances control and minimizes clean-up

How to use

Exterior & Interior

1 Shake container well before and during use.
2 Spray thin mist directly on surface being treated, holding can 10 to 12 inches from surface.
3 Allow to dry, or wipe dry with clean towel.

IMPORTANT: Always test before using. This product may damage some materials used by automobile manufacturers.
