Phosphate Free
NPE Free

Characteristics

Function:	Remove dust, smudges and fingerprints, and enhance gloss
Surfaces:	Paint
Formulation:	Water-based solution
Color:	Purple
Fragrance:	Jasmine

Key Benefits

- Silicone-free formula will not "fish eye" freshly applied paint
- Spray on-wipe off formula fast and easy-to-use
- Quickly removes light surface contaminants
- Renews wax shine and maintains "just waxed look"
- Leaves surface "slick" to the touch
- Versatile product that can be used on paint, chrome, vinyl and glass
- Ideal clay bar surface lubricant

How to use

1. For best results, ensure surface to be cleaned is cool to the touch. Do not apply in direct sunlight.
2. Spray product directly on surface.
3. Wipe product with clean, soft cloth.
4. Turn cloth over & buff surface to desired gloss level.
