Silverware Presoak

PRODUCT DESCRIPTION

Chemical Products and Systems, Inc. Silverware Presoak loosens dried and hardened food soils prior to manual or machine cleaning. It contains corrosion inhibitors and metal protectors making it safe to use on all types of silverware, flatware and stainless steel ware.

OPERATOR BENEFITS

Removes stubborn food soils in varying water conditions.
Safe on all types of metal tableware.
Rinses easily to eliminate filming.
Non caustic making it safe to use.

DIRECTIONS FOR USE

For best results line the container which the tableware is to soak in with aluminum foil. Add 1-4 ounces of the Silverware presoak per gallon of warm water to the container. Let soak until food soils and stains are removed.
