Read entire label. • Si no entiende esta etiqueta, pida a alguien que sepa ingles que se la explique antes de usar.

- **Safe on all vehicle surfaces**
- **Dilutes with up to 64 parts water**
- **Cleans and helps protect painted vehicles in one step**
- **Leaves a coating of carnauba wax that repels water**

This product has been determined to be exempt from USDA authorization.

DIRECTIONS FOR USE

NOTE: For best results, do not apply to a hot finish that has been in the sun.

Spray the vehicle with water before application and/or move it into the shade. The cleaning of heavy diesel smoke will require using a brush. Always scrub sufficiently to remove all dirt and road film. The wax cannot adhere to the paint unless dirt is completely removed. Vehicles with badly oxidized paint should be compounded before application.

HAND CLEANING

Dilute 4 fluid ounces of product in 1 gallon of water (31 mL per liter). Scrub with a brush or sponge and rinse with water. To prevent water spotting, thoroughly dry the vehicle with a towel, chamois, etc.

PRESSURE WASHING

Set the pressure washer at a dilution of 1:16 to 1:64, depending on the severity of soiling. Apply the product at low pressure. Scrub with a sponge or rotary brush. Rinse with high-pressure water. Thoroughly dry the vehicle with a towel, chamois, etc.

HOSE-END APPLICATORS

Set the Spray Power™ Multi-Ratio Hose-End Sprayer to deliver 4 fluid ounces of product per gallon (31 mL per liter) of water and apply to the vehicle. Scrub with a brush or sponge and rinse with water. Thoroughly dry the vehicle with a towel, chamois, etc.

KEEP FROM FREEZING. If this product is stored in cold or freezing temperatures, it may separate or thicken. This will not harm the performance. Before using, warm to room temperature and stir thoroughly.

DANGER: CAUSES SKIN IRRITATION • CAUSES SERIOUS EYE DAMAGE

Contains Lauramine oxide and Dicoco dimethyl ammonium chloride. Wear protective gloves, protective clothing, eye protection, and face protection. Wash face, hands and any exposed skin thoroughly after handling. 2 % of the mixture consists of ingredient(s) of unknown toxicity.

FIRST AID

IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a physician.

KEEP OUT OF REACH OF CHILDREN
