TJ Drain Sweep penetrates clogs, breaks them up in order to restore drain and sewer lines to free flowing ability. It has been fortified to emulsify stubborn grease, food products, x-ray film residues, and hair. It leaves behind a fresh aroma that deodorizes as it works. It does not contain bleach or acids

DIRECTIONS:

Read label direction and precautions before using. If you are unsure how to properly use this product seek the advice of your immediate supervisor.

Wear all appropriate safety gear such as rubber gloves, face shield and chemical splash goggles.
Do not use with other chemicals and do not use with a plunger!
For clogged or slow running drains, pour
slowly over the drain. Flush with hot water. Let stand overnight for stubborn situations.

For drain maintenance, pour 8 ounces every week into drain and allow to work 15 minutes before flushing,

Made in Mississippi
