DESCRIPTION

This powdered detergent contains a balanced blend of special surfactants, builders, and citrus extracts to quickly strip grease, oil, dirt, grime and other deposits from concrete floors and other washable surfaces. This formula is safe to use on most surfaces including wood, plastic, metal and painted surfaces.

Do not breathe dust. Wash thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Wear eye protection, protective clothing, protective gloves. **IF SWALLOWED:** rinse mouth. Do NOT induce vomiting. **IF ON SKIN (OR HAIR):** Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor, POISON CENTER. If skin irritation or rash occurs: Get medical advice/attention.

Store locked up.

WARNING: This product contains, or may contain, trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity.

Heavy Duty Floor and Equipment Cleaner

- POWERED DETERGENT DEGREASER
- WITH THE POWER OF d-LIMONENE
- FREE RINSING

DANGER

Causes severe skin burns and eye damage.
May cause an allergic skin reaction.
KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: 25 LBS.

DIRECTIONS

FOR GENERAL CLEANING: Use 4-16 ounces (1/2-2 cups) of detergent per 5 gallons of water. Sponge, mop, or spray solution onto surfaces to be cleaned, and agitate if necessary to remove soil. Use with caution on finished floors, as some floor finishes are not detergent resistant and may be removed by this cleaner.

FOR LIGHT CLEANING: Use 16-32 ounces (2-4 cups) of detergent per 5 gallons of water. Difficult soils may require a stronger solution. Swab onto surface and allow to penetrate for 5-10 minutes, scrubbing with a bristled broom to agitate the soil. Rinse thoroughly with clean water. Use with caution on finished floors, as some floor finishes are not detergent resistant and may be removed by this cleaner.

TO CLEAN CONCRETE: For heavy grime and severe oil staining, wet floor with clean water, then sprinkle detergent powder directly onto soiled areas. Scrub with stiff broom, and allow to penetrate until deposits are loosened. Rinse floor with clean water.

FOR SOAK TANK DEGREASING: Use up to 1/2 pound per gallon of water. Hot water will provide optimum cleaning conditions. Cleaning will be faster in agitated tanks and when fresh solutions are used. Dry all cleaned parts to prevent flash rusting.

NFPA® RATINGS
Health: 2; Flammability: 0; Reactivity: 0
