TRAINING

Ideal for institutional establishments such as hospitals, nursing homes, hotels, schools and universities. Effective against HIV-1, MRSA, HBV, Norwalk virus and Avian Influenza.

DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Store in original container in areas inaccessible to small children. Do not store on side. Avoid creasing or impacting of side walls. Do not reuse empty container. Wrap and discard in trash (or recycle).

IMPROPER USE OR DILUTION

IMPROPER USE: HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER. KEEP OUT OF REACH OF CHILDREN. Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through the skin. Do not get in eyes or on clothing. Avoid contact with skin. Wear goggles or face shield and rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove contaminated clothing and wash clothing before reuse.
PHYSICAL OR CHEMICAL HAZARDS: Do not use or store near heat or open flame. Do not mix with oxidizers, anionic soaps and detergents.
IMPROPER DILUTION: Under dilution may affect product performance. Over dilution may leave a residue. May increase the risk of health effects.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

Concentrate Directions

2 Liters of Concentrate Makes 34 Gallons of Cleaner (1:64)

1. Remove cap from concentrate bottle.
2. Turn bottle so handle faces left.
3. Insert bottle into proportioner until it clicks.
4. Product is now ready to dispense.
5. To remove bottle, slide blue tab to the right.

NOTE: Use cold water through proportioner.

Ready-To-Use Directions

The ready-to-use solution has already been properly diluted.

1. Dilute Restroom Cleaner and Disinfectant as directed on label.
2. Apply solution with a mop, cloth, sponge, or hand-pump trigger sprayer so as to wet all surfaces thoroughly.
3. Allow to remain wet for 10 minutes, then remove excess liquid.
4. For heavily soiled areas, a pre-cleaning step is required.

- Disinfects inanimate hard surfaces such as walls, floors, countertops, sinks, urinals, toilet bowls, etc.
- Controls mold and mildew.
- Deodorizes garbage bins and musty storage areas. Pleasant fragrance leaves behind a crisp, citrus aroma.
