TRAY RINSE 340

Machine Rinse Additive for Plasticware

Concentrated liquid rinse additive formulated specifically to deliver rapid sheeting and spot free drying for plastic cups, trays and other plasticware. This premium highly active surfactant formula breaks the surface tension between the ware and the rinse water, which accelerates the drying process and improves productivity

Features

Accelerates drying - labor saving, increased productivity
SureConnect – no contact, no spills, enhances safety and more
Plastic formulation - improved performance on plastic items
Liquid concentrate – economical, saves money

Available In

5 Gal. Pail Natural Item #26978-00
