GYMCLEAN™

Daily Wood Floor Maintenance Cleaner

DESCRIPTION

NCL® GymClean™ is specially formulated to remove the daily build-up of dust and dirt, sweat, body oils, dried spills, etc from finished wood floors. **NCL® GymClean™** dries without residue, without streaks and will not cause hazing of the finish. **NCL® GymClean™** it and you are ready to go.

PRODUCT FEATURES / BENEFITS

- Deep cleaning action remove the daily build-up of dust and dirt, sweat, body oils, dried spills, etc
- Leaves no residue to cause streaks or hazing
- Reduces labor time associated with wood floor maintenance
- Restores original slip resistance of the surface

DIRECTIONS FOR USE

DAMP MOPPING

1. In a mop bucket / wringer, mix **GymClean™** Daily Wood Floor Maintenance Cleaner solution at the rate of 1:64 (2 oz. per gallon). Use cold tap water only.
2. Use a clean fresh wet mop. Wring the wet mop out completely so not to flood the surface with cleaning solution. Damp mop, rinsing the wet mop frequently. Mop with the grain of the wood, until the floor is completely free of dirt and foreign material.
3. Allow the floor surface to dry before walking on it.

TACKING WITH TOWELS

1. In a mop bucket / wringer, mix **GymClean™** Daily Wood Floor Maintenance Cleaner solution at the rate of 1:64 (2 oz. per gallon). Use cold tap water only.
2. Soak the towels in the bucket of diluted solution. Make sure that they are completely wet. Wring out a towel thoroughly to remove excess cleaner solution until it is just damp.
3. Fold the dampened towel, place on the floor and wrap around a broom. Wipe the floor in long strokes without lifting the towel from the surface. Go with the grain of the wood. Reposition and refold towel frequently to expose a fresh clean surface. Repeat until the floor is completely free of dirt.
4. Allow the floor surface to dry before walking on it.

AUTOMATIC SCRUBBER

Do not attempt to clean a wood floor using an automatic scrubber that is not functioning properly.

1. In an automatic scrubber, mix **GymClean™** Daily Wood Floor Maintenance Cleaner solution at the rate of 1:64 (2 oz. per gallon). Use cold tap water only. Mount red or white cleaning pad. Do not pour this cleaning solution directly on the wood floor. Avoid leaving excess solution on surface.
2. Autoscrub the floor surface in a single pass. Do not allow water to stand on the floor surface. An individual with a pick-up mop or dry towels must follow behind the scrubber to pick up any water that is not picked up by the machine. Pay special attention to corners.
3. Allow floor surface to dry before walking on it.

DISPOSE OF UNUSED PRODUCT IN ACCORDANCE WITH LOCAL, STATE AND FEDERAL REGULATIONS - PLEASE RECYCLE CONTAINER

PPE Information: Respiratory protection is generally not required. No special ventilation is normally required. The use of safety glasses is recommended. No other protective equipment is required.
