A granular powder containing highly alkaline detergents, metallic activators, gas producing agents and penetrates. Quickly solubillizes and removes organic impediments from drain lines.
Exothermic reaction melts grease and fats. Eliminates root hair blockage. Do not use on soft metals such as Aluminum, tin, magnesium, brass or bronze.

DIRECTIONS: Quantity needed will depend on type, nature and amount of impediment, temperature of water and diameter of line.

1. Pour slowly into opening nearest impediment, making sure there is sufficient water in the lines to activate compound.

2. DO NOT add more than 2 pounds of compound per gallon of water in lines. Per Application.

3. Allow 1 to 2 hours contact time before repeating procedure.

WEAR GLOVES, GOGGLES or FACESHIELD when handling

WARRANTY: American Formula warrants that this product conforms to description on label. American Formula neither makes nor authorises any agent to make any other warranty expressed or implied.

RED HOT SS

03-8601-50

Manufactured for
Liquid Solutions LLC
PO Box 677
Magee, MS 39111

Granular Sewer and Drain Solvent

DANGER POISON

Contains Sodium Hydroxide; Burns Skin and Eyes;
Avoid contact with body or clothing;

For industrial, Institutional or Commercial use only.
For use by licensed personnel only.

KEEP OUT OF THE REACH OF CHILDREN
