General information

GENERAL INFORMATION

FABRICS

Standard

The Artopex price list is divided into 5 grades of fabric and also includes leather. The color choices of Grades 1 and 2 as well as leather are shown and coded on the Artopex seating fabric card.

Pre-graded and tested complementary fabrics

A list of complementary pre-graded and tested (by Artopex) fabrics is available at www.artopex.com. Refer to the supplier web sites to view the available choices and order samples of fabrics on this list.

C.O.M. orders

Artopex seating products can be specified with fabric supplied by the client (C.O.M. order). The base price for C.O.M. orders is equivalent to an Artopex Grade 2 fabric, the price listed in the second column of the price list (COM/Gr.2), to which the chosen options are added. The C.O.M. orders must clearly indicate the color, pattern, width of the fabric as well as the manufacturer or distributor using a form obtained from Customer Service.

Upon request by Customer Service, a 12" x 12" (305 x 305mm) fabric sample must be sent pre-paid to Artopex Customer Service: **ARTOPEX, 800 Vadnais, Granby, Qc, Canada, J2J 1A7.**

Once the sample and the order are approved, Customer Service will confirm the instructions for shipping the fabric to our plant. For C.O.M. orders, the order's delivery date is set once the fabric is received by Artopex. Artopex is not responsible for the quality and durability of any fabric not offered on our standard card.

California Technical Bulletin 133

Artopex seating products can be ordered compliant with the California Technical Bulletin 133 (CAL 133) used primarily in public buildings without sprinkler systems. In order to be compliant, the fabric must be certified CAL 177 or CAL 133 and a fire blocking material, which prevents fire from spreading, must be installed under the fabric by Artopex.

The price is calculated as follows:

- Use the number of yards for C.O.M. fabrics in the price list and multiply by $70 (list price) to calculate the upcharge.
- To obtain a certificate from an independent laboratory, you must pay the price of the compliant product to be tested plus a NET cost of $700 to cover the costs of transportation, testing and the issuing of the certificate.

Contact Customer Service for CAL 133 product compliant procedures.

FINISHES

Mesh

The flexible mesh knit, "Aero Mesh", is specific for the Aramis series only. The available colors can be viewed at www.artopex.com.

Plastic

A plastic color must be specified for certain models. According to the series (Headliner or Flashback), refer to the product description for details on the type of plastic and color choice. The colors can be viewed at www.artopex.com.

Metal

For certain series such as Cuadro, Lancelot Platform and Passenger, a metal finish must be specified. Refer to the product description and view color choices on the enamel color cards 1 and 2.

Wood

A wood finish must be specified for the wood lounge seating footings. Refer to the "Symphony" color card, "Wood - Seating Collection" section.

Due to the nature of wood, colors may differ from one product to the next depending on the porosity and natural color of the wood used.

PICTOGRAMS

The pictograms provide a quick reference for features of each series and are placed above the product descriptions in the price list.

Moisture-wicking fiber
Series designed with a layer of moisture-wicking fiber placed between the polyurethane foam and upholstery fabric. This layer helps to eliminate the accumulation of moisture from prolonged contact with the user's body, the seat and backrest.

Product delivered semi-assembled
Series packaged semi-assembled in order to minimize space for more economic and environmentally-friendly shipping.

Various widths
Series available in more than one seat width : chairs, love seats and sofas.

Ultra-Flex® membrane
Series equipped with Ultra-Flex® technology exclusive to Artopex. It is designed with a wood or metal structure which is covered with an Ultra-Flex membrane that increases comfort and provides better ergonomics.

Greenguard certified
Series Greenguard certified for indoor air quality in buildings. Laboratory testing certifies that the collection has very low volatile organic compound air emission levels. This certification means that the collection also meets its equivalent at BIFMA, BIFMA X7.1.

3 places

STRUCTURES AND MATERIALS

The Artopex chair structures vary according to the collection and the client's specification.
Refer to the information indicated in the price list for the structures available according to the model.

"Wood" structure
The "Wood" structure can be specified for the seat and backrest. It is composed of molded plywood covered in polyurethane foam and a moisture-wicking fiber.

"Flex" structure
The "Flex" structure can be specified for the seat and backrest. It is composed of hard wood frame covered with an Ultra-Flex® membrane and polyurethane foam and a moisture-wicking fiber.

"Mesh" structure
The "Mesh" Structure can be specified for the backrest. It is composed of tubular steel or molded plastic frame on which a polyester mesh material is attached.

"Plastic" structure
The polypropylene plastic or nylon structure can be specified for the backrest according to the chair model.

Polyurethane foam
The polyurethane foam meets the ASTM standards for high resilience on the majority of the collections to ensure a longer lifecycle.

Moisture-wicking fiber
The moisture-wicking fiber placed between the polyurethane foam and upholstery fabric eliminates moisture generated from prolonged contact of the user's body, the seat and backrest.

Ultra-Flex® membrane
The UltraFlex® membrane is **exclusive to Artopex**. This technology allows for the even weight distribution where it comes in contact with the chair, eliminates pressure points and centers the pelvis on the chair. The structure with the UltraFlex® membrane allows for better blood circulation, better work posture and a much higher level of comfort.

Hardwood frame drawing with Ultra-Flex Membrane

Price list

LOUNGE

aramis

The Aramis series armchairs are available in 2 models: backrest and seat upholstered or backrest in polyester “Aero-Mesh” with an upholstered seat. Aramis is available with chrome legs.

The upholstered model is composed of a tubular steel frame covered with a reinforced nylon membrane. The membrane is covered in polyurethane foam and a layer of moisture-wicking fiber. The polyester mesh model has a tubular steel frame backrest covered in polyester “Aero Mesh”.

The seat has a plywood frame covered with an Ultra-Flex® membrane, high density polyurethane foam and a layer of moisture-wicking fiber.

2 Chrome footings

• **C**

3 4 Fabric 1 and Fabric 2

Backrest fabric
When ordered with the UU structure (fabric seat & backrest), it is possible to specify different fabrics for both seat and backrest. The "Fabric 1" will be applied on the seat and the "Fabric 2" will be applied on the backrest.

Price
Refer to the current Artopex seating fabric card, the highest grade applies to the entire chair.

Backrest mesh
When specifying with the UE structure, the color of Aero Mesh for Fabric 2 (backrest) must be specified: Black (**MA06**), Aluminum (**MA26**), Graphite (**MA16**) or Sangria (**MA60**). For Fabric 1 (seat), refer to the current Artopex seating fabric card.

Price
Refer to the current Artopex seating fabric card, the grade of Fabric 1 (seat) will determine the price of the chair.

price list – LOUNGE

ARMCHAIR

The Cuadro series armchairs are available with black casters or metal footings available in two colors: Black or Silver.

The seat is made of a hardwood plywood frame covered with an Ultra-Flex® membrane, high-density polyurethane foam and a layer of moisture-wicking fiber. The arms are made of a hardwood plywood frame covered with rigid cardboard and polyurethane foam.

The armchair can be specified with two fabric colors, as long as the two colors are from the same pattern. A multi-outlet option is also available.

TABLES

Laminated tables complete the Cuadro series and can be placed beside the chairs to create various configurations. The tables are available in several models with black casters or metal footing available in Black or Silver.

The tables are made of 11/16" thick laminated chipboard on both sides and edged with a 2.5 mm thick PVC edge band to match to the surface finish.

All table models can be specified with a multi-outlet (M6) option. A color accent for the center division of the table is available in laminate or metal finish.

2 brackets	**AC-FLCU**	35

ACCESSORIES – cable fasteners

Plastic fasteners attach under armchairs and tables to hold cabling.
Shipped in packages of 5. Hardware kit included.
Black finish.

	CODE	Price
5 fasteners	**AC-EWF1C**	11

cyrano

The Cyrano series chairs, love seats, sofas, benches and ottomans are modular and can be placed together to form various configurations. They can then be joined using ganging brackets located under the seat. All models can be ordered with or without backrest, and with or without arms. Cyrano is available with metal "Deco" style footings from the Artopex Air Line series or with casters (1 place chairs only).

Two models are available to create curved configurations: chairs with forward-arched backs and chairs with backward-arched backs.

The backrest and the seat are made of a plywood frame covered with an Ultra-Flex® membrane, high-density polyurethane foam and a layer of moisture-wicking fiber. The arms are made of a plywood frame covered by a reinforced nylon membrane and polyurethane foam.

Option **Tablet (T.F.L. finish):** To the left of the user (**TLL**) or to the right of the user (**TRL**), add $405 ea.
Tablet (H.P.L. finish): To the left of the user (**TLS**) or to the right of the user (**TRS**), add $465 ea.
Laminate: Refer to the current Artopex laminate finish card.

element

NEW

price list – LOUNGE

The Element series modules are available in a variety of shapes, widths and heights. The product has glides and some models are available with casters.

The seat is composed of a wood structure, covered in polyurethane foam and a layer of moisture-wicking fiber, with a fabric cover.

Optional topstitching is available on the top of some modules. The topstitching patterns match the Air Line series – Deco and Techno.

Occasional tables with fabric bases are available in different shapes, widths and heights.

active seating

Active seating modules, aim to counter sedentary office work by providing a sitting position that engages stabilizer muscles. They are round and available in 12", 14" and 18" diameter and in 16", 20", 24" and 26" heigths.

The seat is composed of a wood structure, covered in polyurethane foam and a layer of moisture-wicking fiber, with a fabric cover.

The base has a charcoal molded plastic disk with rounded sides. (The base is always 12" in diameter regardless of the diameter of the module.)

A colored strap on the side, helps with moving the module.

lancelot platform

The Lancelot Platform series is modular, installed on a platform with 2 or 3 legs. Chose the base and add the desired modules to create a variety of configurations. The specified configuration will be factory-assembled with the exception of the legs.

The backrest and the seat are composed of a plywood frame covered with an Ultra-Flex® membrane, high-density polyurethane foam and a layer of moisture-wicking fiber. The arms are made of a plywood frame covered by a reinforced nylon membrane and polyurethane foam.

The platform base is made of a 2" thick lightweight "honeycomb" panel, laminated on both sides. The legs are made of 3"x1" tubular steel, “Techno” style footings from the Artopex Air Line series.

SPECIFICATION

Base (1) - Mod. 1 (2) Mod. 2 (2) Mod. 3 (2) - S2 - Lamin. (3) - Metal (4) - Fabric (5)

Product configuration
To specify, combine a base with one or more modules.

1 Bases

- **LA1-1** 1 module
- **LA2-1** 1 module
- **LA2-2** 2 modules
- **LA3-2** 2 modules
- **LA3-3** 3 modules

Example :

2 Modules

- **A** 2 arms
- **R** Right arm
- **L** Left arm
- **N** No arm
- **C** Cushion
- **O** « Table » space

3 Laminate (matching edge)

Refer to the current Artopex laminate finish card.

4 Metal

- **3090** Silver
- **3002** Polar White
- **3067** Black
- **3064** Charcoal

5 Fabric

Refer to the current Artopex seating fabric card.

BEAM SEATING

flashback beam

The Flashback beam system is composed of polypropylene plastic chairs with optional seat and backrests upholstered with polyurethane foam and fabric.

The beam structure consists of a 1½" by 3" tubular steel frame, mounted on two 2" by ¼" flat support legs painted with an electrostatic powder coating finish.

A double leg is available to join two beams together. The arms are made of 1" tubular steel with a black plastic armrests that can be attached or removed using simple tools. In the place of a seat, a 1" thick table in a choice of T.F.L. (Thermally Fused Laminate) or H.P.L. (High Pressure Laminate) is available as an option.

To provide flexibility in configurations and color schemes, the system is ordered separately: beam, legs, modules (seat or table) and arms.

headliner beam

The Headliner beam system is composed of polypropylene plastic chairs with optional seat and backrests upholstered with polyurethane foam and fabric.

The beam structure consists of a 1½" by 3" tubular steel frame, mounted on two 2" by ¼" flat support legs painted with an electrostatic powder coating finish.

A double leg is available to join two beams together. The arms are 1" tubular steel with a black plastic armrest that can be attached or removed using simple tools. In the place of a seat, a 1" thick table in a choice of T.F.L. (Thermally Fused Laminate) or H.P.L. (High Pressure Laminate) is available as an option.

To provide flexibility in configurations and color schemes, the system is ordered separately: beam, legs, modules (seat or table) and arms.

passenger voyager–beam

The Passenger and Voyager series can be specified individually or in typical configurations (single or double rows).

PASSENGER SEAT
The one-piece design consists of a tubular steel frame covered in an Ultra-Flex® membrane, high-density polyurethane foam, followed by a removable fabric cover. Molded channel where the seat and back meet.

VOYAGER SEAT
The one-piece design consists of a tubular steel frame covered in an Ultra-Flex® membrane on the backrest and a molded hardwood plywood seat. The frame is covered in high-density polyurethane foam followed by a fabric cover.

The Passenger/Voyager System structure (base) is composed of a main beam and aluminum supports. The glides and finishing caps are made of zinc alloy, with a thermosetting powder finish. The main beam can be specified with an enamel finish; the legs and armrests can be specified in an enamel or chrome finish.

An “ottoman” model and footrest are available for both series.

Passenger

IMPORTANT : This product is delivered UN-ASSEMBLED. Assembly requires the use of certain tools listed in the installation guide, included with the product.

Prices and Payment

All prices shown in this price list are suggested retail prices and are subject to change without notice. Prices do not include installation and shipping costs. Taxes are extra. These prices are guaranteed for 30 days from the date of quotation and are firm and final after acceptance of the order. Orders are invoiced at the time of shipment. Terms of payment are net 30 days from date of invoice. Any products sold by Artopex shall remain its property until fully paid in cash. In the event that the purchaser defaults in the payment of any sum due to Artopex, or in the event the purchaser's financial condition becomes unsatisfactory to Artopex, Artopex reserves the right upon notice to the purchaser, to defer or discontinue shipment of any goods or, to refuse any order until such time as the default is corrected or the purchaser provides assurance of payment to Artopex.

Orders

Artopex requires that all orders be submitted in writing to avoid errors and/or duplication. The purchaser is responsible to submit complete orders. Incomplete or incorrect orders (finish colors missing…) will be processed upon reception of the complete information and normal production lead-time will be applied from the date that the complete information is received.

Acknowledgments

Orders will be acknowledged with Artopex acknowledgement forms governing the transaction. The details appearing on this acknowledgment will describe the items to be shipped to the purchaser and the ready to ship date (not the actual shipping date). It is the purchaser's responsibility to verify that the acknowledgment information is correct.The purchaser must notify Artopex in writing of any errors within 48 hours. Corrections after 48 hours could be subject to extra charges (see Changes and Cancellation).

Changes and Cancellations

Order cancellations or changes are subject to acceptance by Artopex. Special order items and upholstered items (standard or COM fabrics) already in production are not subject to change or cancellation under any circumstances.
A) Changes : Standard product already in production will be subject to a 25% change surcharge. Changes to the shipping date must be anticipated.
B) Cancellations : Artopex reserves the right to invoice the purchaser for any items already in production at the cancellation date and for lost profit on the remaining items.

Storage

Artopex reserves the right to invoice the purchaser for storage charges in specific cases.

Shipping

A) Prices are F.O.B. factory, collect.
B) Artopex will choose the carrier unless otherwise specified by the purchaser. Goods will be handed over to the common carrier in good condition; Artopex liability ceases at this point. Deliveries will be done at the purchaser's unloading dock. The purchaser should have an unloading dock able to accommodate 53' trailers and must supply the unloading personnel.
C) Claims : Artopex is not responsible for damage that occurs in transit or in storage. It is the purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier. Failure to provide an adequate description of the lost items or damages to the carrier could result in the carrier's refusal to honor the charges. It is the purchaser's responsibility to obtain information on the carrier's claim policies and to send any claims to the carrier. For other policies, contact Customer Service.
D) It is the purchaser's responsibility to file any claims even if the order has been shipped directly to the client.

Return of Goods

A) No merchandise may be returned without Artopex written consent and shipping instructions. If this procedure is not followed, the merchandise will not be accepted by the factory and will be reshipped collect without further notice.
B) Goods must be returned properly packaged and all boxes must be clearly marked with the authorization number.
C) Return of items authorized by Artopex are subject to a charge of 25% plus freight (and customs, if applicable) and repair costs (if required).

Product Specifications

Artopex reserves the right to modify the specifications of products, materials, design or accessories without notice.
Artopex also reserves the right to cease production of any product at any time. The products, accessories, materials and finishes as described in the price list prevail over the content of brochures or folders. The weights and volumes shown on the price lists include packaging and are approximations.

Artopex Warranty

Artopex warrants its products against material and manufacturing defects for a period of 5 years.

If written notice of the defect is given to Artopex within the applicable warranty period, Artopex will repair or replace with comparable product, at Artopex's choice, without charge to the original purchaser, any part or product shipped after July 1, 2001, which fails under normal use as a result of such defect.

Non-standard products have a warranty of 1 year from the date of delivery.

On products warranted for a specified number of years of single shift usage, the warranty period will be reduced in a pro-rata manner when the products are used in a manner that exceeds the equivalent of a single shift forty (40) hour work week. Products used 24/7 or in high traffic public spaces such as airports and hospitals are covered by the warranty for 1 year from the delivery date.

This warranty is the Customer's sole remedy for product defect. This warranty does not cover damage by a carrier in transit. Artopex makes no warranties, including the implied warranties of market value or utility for a particular purpose, other than the express warranties contained herein. There are no other warranties express or implied. Artopex shall not be liable for consequential or incidental damages arising from any product defect.

This warranty does not extend to :

• Customer's Own Material (COM) or special finishes applied to Artopex products.
• Products which have been modified or have not been installed or used according to Artopex application and installation guidelines.
