Buckeye®

SANI CARE

LEMON QUAT™

Buckeye SANICARE LEMON QUAT is a germicidal detergent and deodorant for use in hospitals and nursing homes. Use in schools, colleges, universities, veterinary clinics and animal life science laboratories.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is not for use on medical device surfaces. See original container label for full instructions and caution statements.

Remove heavy soil deposits from surface, then thoroughly wet surface with a use-solution of 2 ounces of the concentrate per gallon of water. (Use 8 oz per gallon of water to kill Adenovirus Type 7). The use-solution can be applied with a cloth, mop, sponge or coarse spray or by soaking. For sprayer applications, use a coarse spray device. Spray 6-8 inches from the surface, rub with a brush, cloth or sponge. Do not breathe spray. Let solution remain on surface for a minimum of 10 minutes. Rinse or allow to air dry. Rinsing of floors is not necessary unless they are to be waxed or polished. This product is not for use on food contact surfaces.
