Laundri Bacstat Liquid Soft

CLASSIFICATION

Residual Bacteriostatic Fabric Softener

PRODUCT DESCRIPTION

Fabric softener concentrate, may reduce potential odor causing bacteria. Softens clothes, removes static cling and may help improve ironing time. EPA registered.

USE

FOR INDUSTRIAL USE ONLY
DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. *Laundri Bacstat Liquid Soft* is a concentrated formulation designed for use in commercial and institutional laundry operations by addition to the final rinse cycle. The residual self-sanitizing activity reduces the number of odor causing bacteria from wet contamination.
Residual Self-Sanitizing Level of Bacterial Control: Add 5 fluid ounces of this product per 100 lbs. of dry laundry to the final rinse cycle water. At this rate, this product provides, to the fabric, a residual self-sanitizing activity against odor causing Gram positive and Gram negative organisms under conditions of high relative humidity or wet contamination.
Residual Bacteriostatic Level of Bacterial Control: Add 20 fluid ounces of this product per 100 lbs. of dry laundry to the final rinse cycle water. At this rate, this product provides, to the fabric, a residual bacteriostatic activity against odor causing Gram positive and Gram negative organisms under conditions of high relative humidity or wet contamination.
This product inhibits the growth of organisms which act on urine to produce ammonia in diapers and wet bed linens. It also softens clothes, thereby eliminating chafing and “static cling” from nylons and other synthetic fabrics. The use of this product will also help to improve ironing time.

EPA Reg. No. 1839-108-1677

PHYSICAL & CHEMICAL PROPERTIES

Appearance: Liquid
Color: Off-white
Odor: Alcohol-like
pH: 4.0, 100%

Active Ingredients:

n-Alkyl (60% C14, 30% C16, 5% C12, 5% C18) dimethyl benzyl ammonium chloride	3.25%
n-Alkyl (68% C12, 32% C14) dimethyl ethylbenzyl ammonium chlorides	3.25%
INERT INGREDIENTS	93.50%
TOTAL	100.00%

%P: Formula ingredients contain no phosphorus
