Clario™

Ready-To-Use

# CLARIO™ INSTANT HAND SANITIZER

## Ethanol Based Gel Hand Sanitizer

*Clario™ Instant Gel Alcohol Hand Sanitizer kills 99.9% of germs in as little as 15 seconds and does not require water or towels. Evaporates quickly with no sticky residue, making it perfect for use in healthcare, schools, and other public areas. The CDC recommends the following: It is best to wash your hands with soap and clean running water for 20 seconds. However, if soap and clean water are not available, use an alcohol-based product on your hands. Alcohol-based hand rubs significantly reduce the number of germs on skin and are fast acting.*

### Uses

- Hand sanitizer to reduce microorganisms on the skin.
- Use this product when soap and water are not available.

### Features

- Kills 99.99% of common germs that can cause disease.
- Evaporates quickly with no sticky residue.
