- Rinses Clean
- High Sudsing
- Money Saving Concentrate
- No Streaking

SPECIFICATIONS:

Appearance.....Clear Yellow
Fragrance.....Lemon
pH.....8 to 9
Flash Point.....NA
Solvents.....Yes
Prod. code#.....5163

DESCRIPTION:
A highly concentrated blend of detergents, emulsifiers and waxing agents designed for the efficient cleaning of your vehicle while leaving a shining surface. It is free rinsing to eliminate streaking.

DIRECTIONS:
Use 2 to 3 ounces of concentrate in a regular car wash pail, depending on condition of car. Fill pail with water hose, using water pressure to produce a rich, sudsy solution that rapidly emulsifies dirt and road film. Wash car, starting at bottom and working upward. Rinse with hose, flooding freely with water, and allow to air dry. For Auto wash system; add 5 gallons product to 50 gallon holding tank, this solution is then metered for application.

CAUTION:
If car is hot, cool by rinsing with cold water before washing. Do not wash car in hot sun.

AVAILABLE SIZES:

Quarts
One Gallon
Five Gallon Pail
Fifty-Five Gallon drum
