Rethinking Traditional Solutions

Today's learning environments are active, with students learning by connecting and collaborating. The more engaged students are, the more they contribute and comprehend. When looking for a comprehensive space that incorporates the latest in technology and mobile furnishings, educators are looking to Motivate. The Motivate line of tables, seating and presentation tools offer a universal solution that works from the classroom to the cafeteria, and everywhere in between. When you want the ultimate in comfort, flexibility and technology support, just Motivate your student body.

Adapt. React. Motivate.

Getting Exactly What You Need

The Motivate line of products is the result of years of studying the specific needs of various educational settings. At HON, we understand how students use chairs and tables and the unique tools that presenters need. Every detail has been examined, such as the table legs that are designed closer to the edge to provide maximum legroom. Chair options include high-density, 4-leg stackers, nesting, swivel chairs and stools. Choose casters or glides, fixed or adjustable height tables, technology options, tablet arms on chairs…the combinations are endless. Combined with all the technology and presentation tools you'll need, Motivate has the power to inspire everyone.

Smarter Spaces

Five-star base task chairs offer greater mobility and height-adjustable power-ready tables serve all your technology and computing needs. 4-leg chairs with tablet arms create a dynamic learning environment. Stools and high tables are the perfect place to study or have an impromptu meeting.

4-Leg Stacker

Nesting/Stacking

High-Density Stacker

Tablet Arm

Task Stool

4-Leg Stool

Shell Color Options

Tangelo, Cherry, Lime, Calypso, Surf, Regatta, Mulberry, Loft

Platinum, Lava, Shadow, Onyx, White

Fixed/Adjustable Height Tables
Also available in Fixed as well as Adjustable-height bases, making Motivate our most versatile multi-purpose table line. With four options and multiple size top options, we have just the table you need.

Mobile Markerboards
Mobile markerboards are available in 30" and 36" widths to fit perfectly in any size space.

Nesting Tables
Tables with nesting bases feature a contoured leg design that fits neatly together to save space.

Presentation Carts
Modular, height-adjustable presentation carts are perfect for the active instructor, with technological support and plenty of storage space.

Smart Technology
The Interlink 2.0 IQ Electrical includes a modular 15-amp infeed that offers access to power anywhere. Plug one table in, and connect up to eight more off that single infeed. With system status indicators, a range of styles, and three-way splitters, it's as simple as plug and play.

Nesting/Stacking Chairs
Motivate chairs stack and nest to move out of the way when not in use and maximize space.

Get More with Motivate

Get more out of your space with the Motivate line of education products. From chairs comfortable enough to sit in all day to tables and presentation tools that offer built-in power and flexibility, how you Motivate your students is up to you.

"On-going developments in mobile and computer technology free us from our traditional workspace. We are no longer dependent on a fixed space within the office. Thus people are choosing to work in a more open environment."

Wolfgang Deisig
Designer of Motivate
