PRODUCT DATA SHEET

MBC 033 - OXIDIZING MICROBIOCIDE

GENERAL DESCRIPTION:

MBC 033 functions as a disinfectant through the release of active bromine and chlorine. MBC 033 aids the control of bacteria, fungus, algae and slime in recirculating water systems.

PRODUCT CHARACTERISTICS:

Form ..... White to off white Tablets
pH (1% slurry) ..... Approximately 3.6
Density .....Approximately 60.1 lbs./cu. ft.

ACTIVE INGREDIENTS:

1-Bromo-3-Chloro-5, 5-dimethylhydantoin..... 96.0%
Inert ingredients 4.0%

FEEDING:

MBC 033 should be introduced into the recirculating water by means of a bromine feeder. Consult your service representative for specific recommendations.

PRECAUTIONS AND HANDLING:

MBC 033 is corrosive to the eyes and is a severe irritant to the respiratory tract and skin. Avoid breathing dust. Exposure to the product should be avoided. Handle only with proper eye, skin and respiratory protection. Consult Material Safety Data Sheet for more information.

EPA Registration No.: 83451-4-44392
