PRODUCT DETAILS

Clorox® Disinfecting Wipes provide 1-step cleaning and disinfecting on a variety of hard, nonporous surfaces including acrylic, vinyl, and glass. A wipe can kill bacteria in just 10 seconds. The premoistened, thick, textured wipes quickly clean and disinfect high-touch germ hot spots such as doorknobs, handrails, and faucets. They're also suitable for use on phones, keyboards, and computer mice.
These sanitizing wipes are EPA registered to kill 99.9% of germs including cold and flu viruses, E. coli, salmonella, staph, strep, MRSA, and more. They also remove common allergens such as pet dander, pollen, and grass. From Clorox Commercial Solutions®, the wipes are excellent for use in office spaces, hotel guest rooms and public spaces, and restaurants.
