Baseboard Stripper

For Baseboard Stripping and Spot Finish Removal

A highly effective baseboard stripper for removal of finish, as well as for clean-up of other tough soils.

- Foaming liquid clings to vertical surfaces to prevent stripper from seeping under baseboard surfaces.
- Proprietary non-butyl technology designed for user safety.
- Fast and effective removal of wax and soil build-up on baseboards and floor surfaces. Ideal for removing heavy wax build-up in floor corners.
- Effective for "spot stripping" when repairing small areas of damaged floor finish.

Formula Features:

- Ready-to-Use (RTU)
- Butyl free
- Foaming liquid clings to vertical surfaces
- Light, pleasant fragrance
- Removes tough wax and soil build-up
- Non-aerosol

Applications:

- Use on baseboards, door frames, and trim
- Use on floor edges, corners and stairways where machines can't reach.

Do Not Use On:

- Painted surfaces (test first on inconspicuous surface)
- Varnished wood
- Any surfaces harmed by water contact.
