HermanMiller
Embody® Chair

Designers
Bill Stumpf and Jeff Weber

You feel Embody's Pixelated Support™ the moment you sit down—a sense that you are floating, yet perfectly balanced. The seat distributes your weight evenly while supporting your body's micro-movements. The narrow backrest allows you to move freely and naturally as it automatically adjusts to support a full range of seated postures. By reducing seated pressure and encouraging freedom of movement, Embody allows blood and oxygen to flow more freely, which helps keep you focused.

Warranty
12-year, 3-shift.

Sit Well, Do More

Since the 1946 introduction of the Eames Molded Plywood Chair—recognized by *Time* magazine as the Best Design of the 20th Century—Herman Miller has consistently designed and manufactured the world's best chairs.

Every Herman Miller chair begins with you in mind. We don't set out to design chairs that are worthy of museum collections, although many of our chairs are. We set out to provide you with a great place to think, to create, to share. We want you to sit well, so you can do more.

Aeron Chair with Mineral 8Z Pellicle™ back and seat, Mineral armpads, PostureFit SL™, and Polished Aluminum base.
Additional featured product: AGL Table Group™.

Designed Around You

Our human-centered approach to design starts with a simple premise: When you feel better, you work better. By putting people at the center of every Herman Miller chair design, we help millions of individuals around the world to thrive at work every day.

The evolution of an ergonomic revolution

Aeron

Designed by Bill Stumpf and Don Chadwick, 1994
Remastered by Don Chadwick, 2016

Since Aeron debuted in 1994, we at Herman Miller have learned a great deal more about how best to support people in the varied postures they adopt throughout the workday. That's why we incorporated two decades' worth of technological and ergonomic enhancements to improve the health-positive design, and widen the range of cross-performance capabilities of the Aeron Chair.

With updates that include a more refined tilt mechanism, adjustable PostureFit SL, and the comprehensive support of 8Z Pellicle suspension, the new Aeron performs better than ever before—so you can too.

Aeron Chair with Carbon 8Z Pellicle back and seat, Carbon armpads, PostureFit SL, and Polished Aluminum base.
Additional featured product: Burdick Group™ Table.

Always Evolving

Every Herman Miller chair simultaneously benefits from and adds to our growing body of knowledge about the design and performance of chairs—leading to groundbreaking results.

Mirra 2 with Dark Turquoise Butterfly Back™ and Latitude™ textile, Dark Turquoise AireWeave™ 2 seat, Studio White frame, Fog armpads, and Semi-Polished base. Additional featured products: Eames Molded Fiberglass Side Chairs with Black back/seat and Trivalent Chrome Wire Base; Layout Studio™ Table.

Mirra 2 with Graphite Butterfly Back, Black Latitude textile, Graphite AireWeave 2 seat, Studio White frame, Fog armpads, and Semi-Polished base. Additional featured products: Eames Segmented Base Table; Eames Wire Base Low Table.

Lean, light, and as responsive as your own shadow

Mirra 2

Designed by Studio 7.5

Mirra 2 moves with you, at one with your body. When you sit, Mirra 2 adapts to you instantly. Shift, and the Butterfly Back and AireWeave 2 suspension seat dynamically support even your slightest movements. Recline, and the reinvented Harmonic™ tilt provides a smooth, balanced feel.

An athletic attitude and plenty of opportunities for personalization define Mirra 2's lean, sophisticated design. The emphasis on performance is visible. The Butterfly Back, a hybrid structure that merges a fabric layer with polymer veins, makes the chair more responsive, while bringing visual lightness to any environment.

So intelligent, sitting in it actually helps you think

Embody

Designed by Bill Stumpf and Jeff Weber

You feel Embody's Pixelated Support™ the moment you sit down—a sense that you are floating, yet perfectly balanced. The seat distributes your weight evenly while supporting your body's micro-movements. The narrow backrest allows you to move freely and naturally as it automatically adjusts to support a full range of seated postures. By reducing seated pressure and encouraging freedom of movement, Embody allows blood and oxygen to flow more freely, which helps keep you focused.

Form doesn't just follow function with Embody. Function is on full display. The chair's highly technical structures—such as the spinelike BackFit™, with its visible H-flexors—show how it bends to encourage seated movement. Embody is purposeful design that creates harmony between your mind and body, and between your body and your work.

Embody with Upholstered back and seat, White frame, and Polished Aluminum base.

Additional featured products: Envelop® Desk; Flo® Dual Monitor Support; Eames Wire Base Low Table.

GRAPHIS DESIGN
HOUSING +

Sayl with Black 3D Intelligent suspension back finish, Fog Crepe seat textile, Studio White Y-Tower®
and frame finish, Black armpads, and Polished Aluminum base. Additional featured products:
Eames Walnut Stool; Canvas Office Landscape®.

Partners in Innovation

We partner with a select group of the world's leading industrial designers, whose independent perspectives bring fresh thinking to every Herman Miller chair. Then we apply our 70 years of research and engineering experience to bring their ideas to life.

Fewer parts, less material, and still everything a good chair should be

Sayl
Designed by Yves Béhar

Inspired by suspension bridges—structures that deliver the most using the least material—Sayl's 3D Intelligent® back lets you stretch and move, striking a healthy balance between support and freedom. The elastomer strands vary in thickness and tension to provide greater support along the spine where you need it most, and less everywhere else, so you are free to move.

Sayl's unframed back and Y-Tower support create a striking visual aesthetic that reveals both the designer's inspiration and intent. Whether you choose the full-suspension, upholstered back, or stretch-knit back cover, an expressive color palette gives you plenty of options for personalizing your chair.

Sayl with Studio White 3D Intelligent suspension back finish, Heathered Black Noble seat textile, Studio White Y-Tower and frame finish, and Fog armpads and base. Additional featured products: Eames Molded Fiberglass Side Chair with Seal Brown back/seat and Trivalent Chrome Wire Base; Nelson X-Leg Table.

Dependable, hardworking design that fits like a glove

Celle

Designed by Jerome Caruso

Celle's patented Cellular Suspension™ system forms a "flex map" that conforms to your unique shape and stature, supporting your spine while giving you freedom to move. The aerated back prevents heat buildup as you sit, and the larger seat offers extra room. Celle's durable construction makes it ideal for work environments where chairs are shared around the clock.

The Cellular Suspension back option offers dynamic support and meets the special cleaning requirements of healthcare settings, making it a popular choice in heavily frequented environments. The upholstered back option opens up Celle to an even broader range of materials, styles, and settings.

Celle with White Cellular Suspension back, Medley Charcoal seat, Graphite frame, Black armpads, and Graphite base. Additional featured product: Everywhere™ Table.

graphis annual

Eames Molded Fiberglass Side Chairs with Red Orange back/seat and White Ash Wood Dowel Base.
Additional featured product: Nelson X-Leg Tables.

Enduring Quality

A commitment to craft is evident in the carefully considered materials, world-class manufacturing processes, and rigorous testing that go into our chairs.

For every need, in every way, for everyone

Eames Shell Chair

Designed by Charles and Ray Eames

With their Shell Chair, Charles and Ray Eames created a universal response to what everyone wants from a chair: a simple, gracious form that fits any body and every place. The seat and back are formed of a single shell that's contoured for fit and tapered at the top for comfort.

Exemplifying the designers' desire to make "the best for the most for the least," this chair is as stylish today as it was when first available in 1950. The timeless, organic form lends itself to a variety of expressions through a choice of materials, base options, colors, finishes, and upholstery.

Eames Molded Fiberglass Side Chairs with Seal Brown, Ultramarine Blue, and Navy Blue back/seat and Trivalent Chrome Wire Base. Additional featured product: Nelson Swag Leg Desk.

Eames Aluminum Group Executive Chair with Lava MCL Leather back/seat and Polished Aluminum frame and base.
Additional featured products: Eames Molded Wood Side Chair with White Ash back/seat and Trivalent Chrome Wire Base; AGL Table Group.

Elegance in form and technique

Eames Aluminum Group

Designed by Charles and Ray Eames

In a departure from the concept of the chair as a solid shell, Charles and Ray Eames suspended a continuous piece of upholstery tautly between two aluminum side ribs to create the seat and back that give the Eames Aluminum Group its subtle, body-conforming comfort.

Originally designed in 1958 as outdoor seating for industrialist J. Irwin Miller's home, this Eames classic has been in constant demand ever since. A minimal profile and sculptural lines make this family of seating appropriate for both formal and casual settings. The design comes in a wide range of new finishes and materials that make it suitable for indoor or outdoor use.

A softer variation that works just as hard

Eames Soft Pad

Designed by Charles and Ray Eames

More than a decade after the launch of the Eames Aluminum Group, the addition of individually upholstered, two-inch-thick cushions added plush luxury to the line, complementing the original 1958 design. Like their predecessors, Eames Soft Pad chairs are constructed using a suspension technique that creates a flexible “sitting pocket,” which cradles your body as you sit.

The one-piece curved aluminum side ribs and die-cast aluminum base make for a strong yet lightweight chair. New finishes and premium materials help Eames Soft Pad chairs satisfy a range of contemporary needs, from meeting to working to dining.

Eames Soft Pad Management Chairs with Ivory MCL Leather back/seat, White frame, and White base. Additional featured product: AGL Table Group.

Caper Stacking Chairs with Lemon, Studio White, and Green Apple back/seat and Metallic Silver frame.

Energizing Spaces, Helping People

Great chairs can be tools for activating a workspace, providing the comfort necessary for productive learning, collaboration, and concentration.

The colorful, casual way to pull up a chair

Caper

Designed by Jeff Weber

The perfectly portable chair, Caper is designed to be moved. Pull up a couple Capers for collaborative work. Push a cluster of Capers together and transform a classroom. Take a whole cart of Caper stacking chairs from the conference room to the cafeteria. Lightweight, durable, and easy to deploy, Caper is ideal for informal, flexible spaces where rearranging is encouraged.

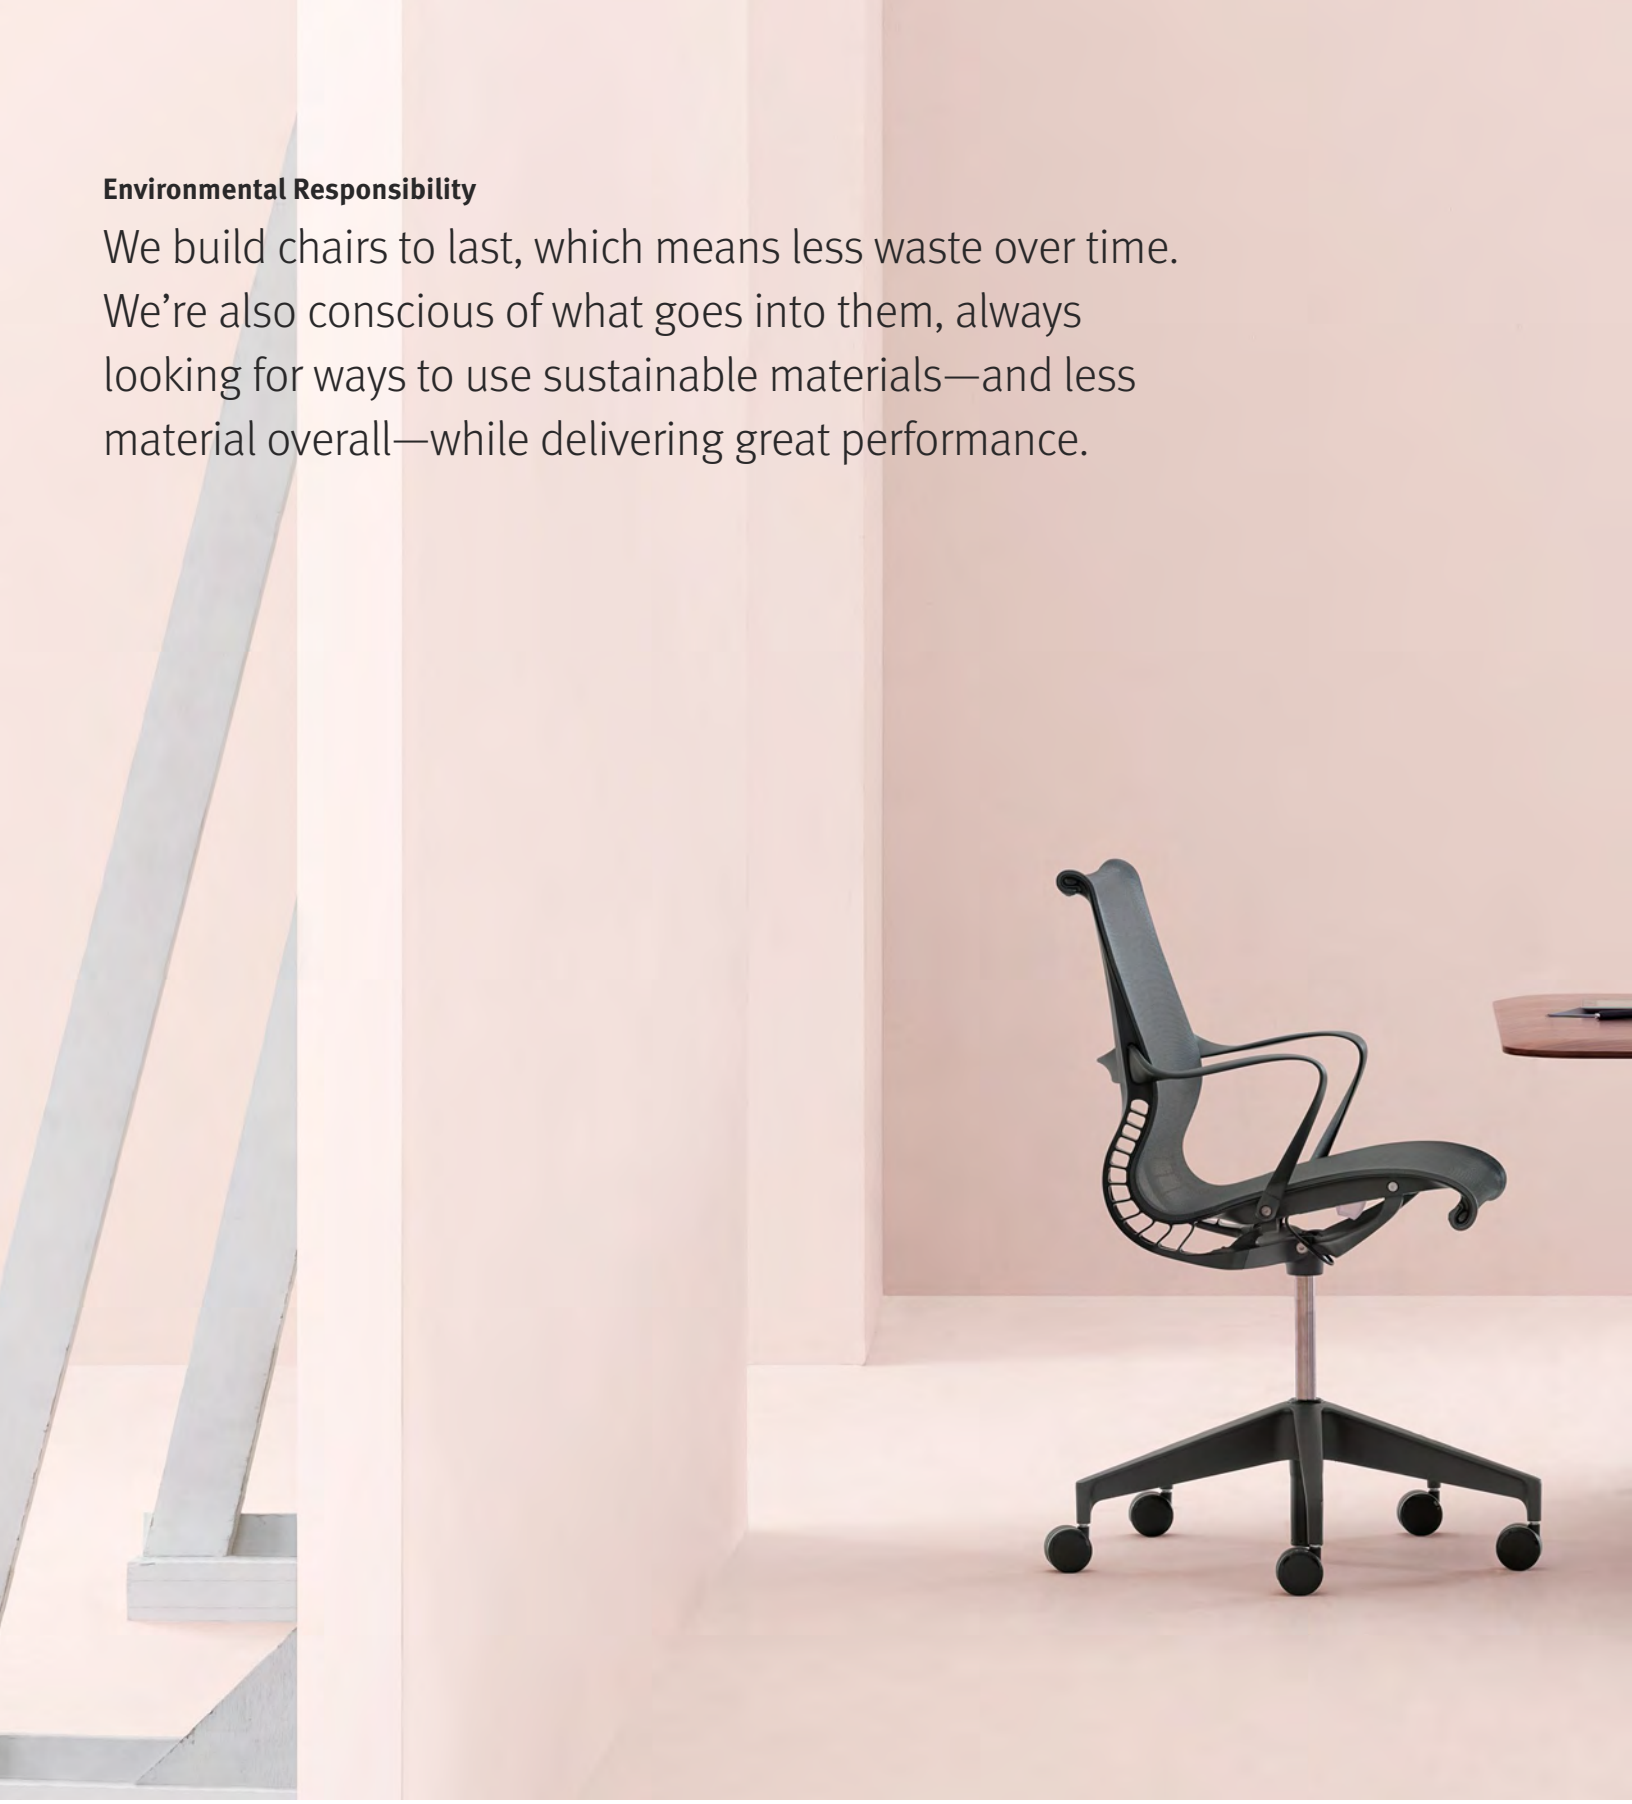
Caper's polypropylene seat and back are contoured for comfort, flexible for give, and colorful enough to brighten up any room. Perforations in the material allow your body to breathe, so moisture and heat dissipate, and you remain cool. An optional FLEXNET™ seat uses advanced suspension materials to minimize pressure points, which keeps you comfortable longer.

Caper Multipurpose Chairs with Cappuccino back, Silver Grey FLEXNET seat, and Metallic Silver frame and base.

Additional featured product: Everywhere Table.

Environmental Responsibility

We build chairs to last, which means less waste over time. We're also conscious of what goes into them, always looking for ways to use sustainable materials—and less material overall—while delivering great performance.



Setu with Graphite Lyris 2™ back/seat textile and Graphite frame and base.
Additional featured product: AGL Table Group.

Instant comfort for anyone, anywhere

Setu
Designed by Studio 7.5

Setu is Studio 7.5's solution for today's more collaborative, less formal workspaces. Material innovation gives the Setu chair its unique combination of flex and strength. The Kinematic Spine™ uses two types of polypropylene to control resistance as you recline and support your weight, without a tilt mechanism. More structural element than textile, the Lyris 2 suspension seat and back conform to your contours and aerate your body as you sit comfortably.

Setu's minimalist, dematerialized design is at home in spaces where different people may use the same chair throughout the day. A range of upholstery options means you can outfit your Setu chairs to stand out or to blend in.

Setu with Heathered Grey Noble and Yellow Dark Hopsak back/seat textile, Studio White frame, and Semi-Polished base.
Additional featured products: Eames Walnut Stool; Locale™ Double Column Table.

Which chair is right for you?

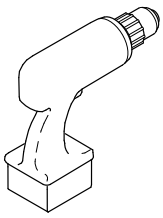
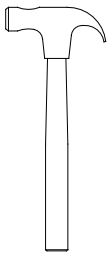
Tools Required:



Power Driver

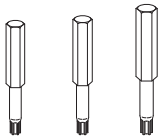


2 lbs Hammer

Flat Blade Screwdriver

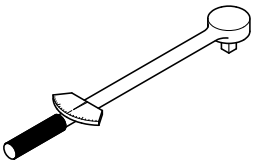
T-20 Torx Driver

Needlenose Plier

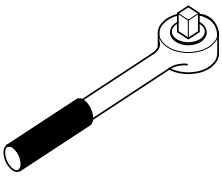


T-27 T-30 T-40 Torx Bits

Safety Glasses



Torque Wrench

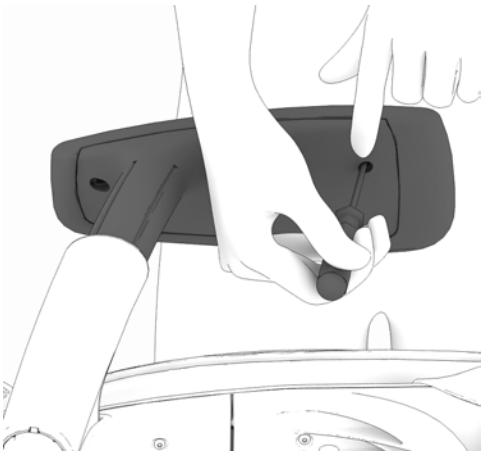


Ratchet

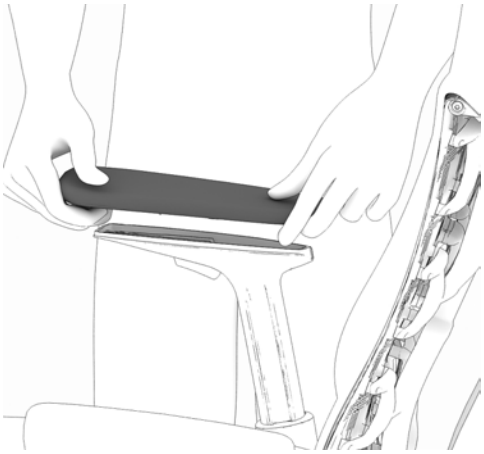
Materials Identification and Segregation:

Where possible, plastic components are marked with ASTM recycling codes. Use these codes to identify material type for recycling. Non marked components should be treated as mixed plastic. Ferrous metals can be identified using a small magnet for recycling. Non-ferrous metals should be separated and recycled separately.

Disassembly Steps:



1. Remove front and back screws of arm pad using T-20 torx driver.



2. Remove arm pad. Repeat for opposite side.

Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.
The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective February 6, 2017, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest 1/8". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

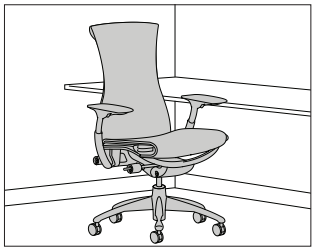
20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon A will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an A are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Work Chair

CN112
CN122
CN132



Product Information

Description

This chair has a pixelated seat and back that is textile-covered on the chair's front side. This construction provides support and comfort by spontaneously conforming to the user's shape and postural movements, while simultaneously moving heat away from the body. The Instinctive Back design mimics the human spine, providing passive support to the sacral, lumbar, and thoracic regions of the user's back, while the frameless, narrow back shape allows freedom of movement through the arms, neck and shoulders. The seat depth adjusts from 15" to 18" in 6 locking positions. The tilt supports the thoracic spine and stabilizes the pelvis through the deep, balanced recline. The tilt limiter allows the user to limit the amount of recline. The chair has a 5-star base and low-, standard-, or extended-height range options.

Arm choices include no arms or fully adjustable arms that adjust 6" vertically and 6" horizontally.

Textile on chair's front side is replaceable.

Notes

For chairs with 3014, 3512, or 3513 textile color and graphite (G1) frame finish, the back mat is graphite. For all other options, the back mat is translucent.

Chair is tested and warranted for use by persons 300 pounds and under.

For information on casters, see Casters and Glides in Appendices.

Customer's Own Material (COM) and Customer's Own Leather (COL) are not available on this chair.

20-Day or Less/Assigned Lead-Time Order Information

20-Day or Less and Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon A will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an A are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Ordering Procedure

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

Order Entry fax number for Passage®, 5000 Series, and Meridian®
Filing and Storage: (616) 846 9236.
Order Entry fax number for all other products:
(616) 654 3085.

For more information, contact your Customer Care representative at: (866) 854 3048 EXT 3400.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

Casters and Glides

WARNING

Depending on the floor surface, chair may unexpectedly roll away from user when entering or exiting the chair, possibly leading to unexpected injury. Please refer to descriptions of floor types when selecting casters.

Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.
The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective February 6, 2017, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

For additional product information such as demensional drawings and product descriptions, refer to the standard price books.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

10-Day or Less Order Information

10-Day or Less Program

10-day or less products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple West Michigan manufacturing facilities. These include Holland, Spring Lake, and Zeeland. Orders will be shipped within 10 business days or less from the date of Herman Miller acknowledgement.

Ordering Procedures

1. Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.
   Order Entry fax number for Passage®, 5000 Series, and Meridian® Filing and Storage: (616) 846 9236.
   Order Entry fax number for all other products:
   (616) 654 3085.
2. Orders must be clearly marked "10-day or less program" and include only 10-day or less products. Orders not marked this way will be processed under standard lead times. Orders for standard lead times must be placed on a separate purchase order.
3. Only fabrics and finishes listed with each product are available through the 10-day or less program.
4. For any 10-day or less project over $250,000 list price, please contact your Customer Care representative within 48 hours of order entry to reserve lead time.
5. For more information, contact your Customer Care representative at: (866) 854 3048 EXT 3400.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

10–Day Casters and Glides

WARNING

Depending on the floor surface, chair may unexpectedly roll away from user when entering or exiting the chair, possibly leading to unexpected injury. Please refer to descriptions of floor types when selecting casters.

Design service will be provided by Herman Miller, Inc., or its participating dealer based on a fee not to exceed $65 per hour.

SIN 711-95

Installation Services

Installation Services will be provided by Herman Miller, Inc., or its participating dealer based on a fee not to exceed $55 per hour ($82.50 per hour for after-hours Installation), which applies to services totaling $150,000 (per SIN) and below only. Services above $150,000 shall be negotiated on a case-by-case basis.

See * Additional Notes for Installation & Reconfiguration and Relocation Services.

* Additional Notes for Installation & Reconfiguration and Relocation Services:

FOB Destination (Drop Ship): Price includes product delivery to the site, brought to the tailgate of the truck. The purchaser is responsible for unloading.

Prices effective up to the maximum order by SIN only. Above the MO, pricing shall be negotiated on a case-by-case basis between the client and local dealer.

Standard Services are Subject to the Following Conditions:

Installation will be performed during normal weekday working hours.

Adequate facilities for delivery, unloading, moving and staging/storing the product during the installation process shall be provided.

Service work will not be hindered by other trades.

Electric, heat, and adequate elevator service will be furnished without charge.

The immediate installation area shall be complete and free of debris including the carpet/flooring before installation commences.

Any work requiring a licensed electrician is the responsibility of the buyer.

Additional Charges May Apply For:

Major Metro Markets and any non-ground floor installation.

Major Metro Markets include large population centers and urban environments.

Installation in a clinical/medical environment.

Special restrictions or limits established by local laws, ordinances or the directions of the buyer, including but not limited to restrictions on transportations of materials, street access to the job site and/or dock facilities.

Installations outside of a 50 mile radius of the servicing dealer.

Local Prevailing Wage and/or Union Labor Rates.

Any additional charges shall be quoted by the dealer and approved by the buyer prior to performance of the work.

24a. Special Attributes.

2016

Herman Miller was recognized by the Michigan Minority Supplier Development Council (MMSDC), as a "Corporation of the Year" and was the only company in West Michigan to receive an "Ambassadors Championing Excellence" Award from the MMSDC this year.

Herman Miller received a “2016 Excellence in Supplier Diversity Award” from the Great Lakes Women’s Business Council.

Herman Miller was named a 2020 Women on Boards Winning Company. Companies selected for this recognition are considered champions of board diversity as 20 percent or more of their board seats are occupied by women.

Herman Miller was selected for inclusion in the 2016 RobecoSAM Sustainability Yearbook for twelfth consecutive year.

2004-2015

Herman Miller was recognized for its commitment to best-in-class economic, environmental, and societal sustainability, earning a spot on the prestigious Dow Jones Sustainability Index (DJSI) for 12 consecutive years. We are one of 317 companies worldwide to be included in the DJSI World Index, and the only contract furniture company recognized globally for its corporate sustainability leadership.

2015

This is the fourth consecutive year that Herman Miller was named one of Michigan's Best and Brightest Sustainable Companies.

Herman Miller has received the Forest Stewardship Council (FSC) Leadership Award for longstanding commitment to manufacturing with wood sourced from responsibly managed forests. Herman Miller was recognized for being dedicated to reducing environmental impacts by protecting against deforestation and forest degradation.

Herman Miller accepted its second Excellence in Reusable Packaging Award from the Reusable Packaging Association. We were acknowledged for eliminating more than 28,000 tons of corrugated waste from piling up in landfills.

Herman Miller received a Michigan Business Pollution Prevention (MBP3) Certificate – a recognition given by the Michigan Department of Environmental Quality (MDEQ) to organizations committed to environmental stewardship, conservation, and sustainable operations.

Fast Company named Herman Miller as one of the World’s Top 10 Most Innovative Companies of 2015 in Design.

Renew Sit-to-Stand tables recognized on Record Products 2014 list by Architectural Record.

Herman Miller was again awarded a perfect score in the 2015 Corporate Equality Index.

2014

Herman Miller’s Locale wins International Design Excellence Awards (IDEA) Gold in the Office & Productivity category.

2013

Herman Miller Earns Perfect Score on the Corporate Equality Index. We are one of only 303 major U.S. businesses to receive a perfect score in 2013, an achievement we have now obtained seven years in a row.

Herman Miller is listed in Forbes Magazine inaugural “Platinum List” of America’s 400 best managed, large companies.

For the second consecutive year, Herman Miller is honored as one of West Michigan’s “101 Best and Brightest Sustainable Companies”.

2012

Architectural and design professionals participating in *Contract* magazine’s 2011 Brand Report Awareness Survey have once again named Herman Miller and its subsidiaries as their preferred source for key furnishings in the workplace and healthcare environments.

Herman Miller is named “Corporation of the Year” in the commercial products sector by the Michigan Minority Supplier Development Council.

Herman Miller was inducted into the Made in the USA Hall of Fame. Herman Miller was one of only 20 companies across the nation to receive this distinction. The Hall of Fame showcases exceptional U.S. manufacturers and demonstrates that many high-quality products are made in the United States.

Herman Miller is honored as one of West Michigan’s 101 Best and Brightest Sustainable Companies. The award celebrates organizations that are making their business more sustainable; the lives of their employees better; and the community, both locally and globally, more responsible as a whole.

The Sustainable Asset Management (SAM) group selected Herman Miller for inclusion in “The Sustainability Yearbook 2012” and has awarded Herman Miller both the “SAM Sector Leader” and “SAM Sector Mover” distinctions.

Herman Miller was named one of 16 Section Leaders on Climate Counts 2011-2012 Scorecard Report, making us the industry leader for Home and office Furnishings. The scorecard measures how well the largest companies across 16 industry sectors are preparing for a low-carbon future. Companies are scored based on 22 criteria including a company’s efforts to assess their climate footprint, reduce greenhouse gas emissions, and the ability to communicate their efforts to consumers.

2011

Herman Miller again tops the contract furniture industry in FORTUNE's ‘Most Admired’ Companies survey. For the 23rd time in 25 years, Herman Miller was the highest ranking furniture manufacturer in a survey among the executives and board members of peer companies and independent industry analysts, as published in FORTUNE Magazine's Annual 'Most Admired' Companies feature. Taking second overall in the expanded, 14 company category of ‘Home Equipment, Furnishings,’ Herman Miller received the number one ranking in five of the nine attributes surveyed.

Trust Across America, a company dedicated to unraveling the complexities of trustworthy business behavior, listed Herman Miller as one of their “Top Ten Most Trustworthy Companies in America 2011.”

The Michigan Minority Supplier Development Council (MMSDC) named Herman Miller as its “Corporation of the Year.” The company was selected for the honor from among several finalists, including its largest direct competitors. This was the fifth time Herman Miller has received the prestigious award since 2005. When accepting the award, the Inclusiveness & Diversity Program Manager stated, "We are honored to be recognized for our commitment to creating an inclusive supply chain. Herman Miller strives to create a better world through all aspects of our business. Working with diverse suppliers, and the support of the MMSDC, brings us closer to that goal."

Herman Miller receives the Reader’s Choice award from TreeHugger’s Best of Green: Design and Architecture category for the SAYL chair.

Herman Miller wins prestigious Just Means Social Innovation Award for “Best Sustainability Performance.” Herman Miller was nominated for making substantial gains in reducing its CO_2 footprint and significantly outperformed other nominees in the category of Operations.

Herman Miller Healthcare's Compass system was awarded a 2011 Medical Design Excellence Award (MDEA) for its research-based design and ability to be used in a variety of healing spaces, while simultaneously improving the overall delivery of healthcare.

The Sustainable Asset Management (SAM) Group selected Herman Miller for inclusion in the “Sustainability Yearbook 2011” and awarded us both the “SAM Sector Leader” and “SAM Sector Mover” distinctions.

2010

Herman Miller’s SAYL chair named "Product Design of the Year" by the International Design Awards (IDA) jury. The award recognizes smart and sustainable multidisciplinary design.

The Flo monitor arm from Herman Miller, was chosen to receive a 2010 “Red Dot” award for product design. The Red Dot Program is considered by many to be the largest and most distinguished international design competition. There were almost 14,000 entries from 68 countries, with more than 4,400 products from 60 countries entered into the product design category.

The NASDAQ OMX CRD Global Sustainability Index (QCRD) has included Herman Miller among their top 100 companies in the world.

Herman Miller achieves LEED-CI Platinum certification from the U.S. Green Building Council for its recently completed Los Angeles Showroom.

2009

Herman Miller named Green Champion by *Business Review West Michigan*.

Herman Miller awarded the 2009 Recycling by Design award by the Institute of Scrap Recycling Industries, Inc.

Aeron receives MBDC Silver Cradle to Cradle certification.

Herman Miller’s local fleet is recognized as a U.S. EPA SmartWay Transport Partnership Certified Carrier.

Herman Miller achieves LEED-CI Gold certification for its Main Site B West renovation.

2008

Herman Miller recognized by *Occupational Hazards* magazine as one of America’s Safest Companies (ASC). It was one of 18 companies to achieve this distinction.

Herman Miller’s Zeeland Main Site awarded status as a STAR participant in the Michigan Voluntary Protection Program (MVPP). The MVPP Star Award is the most prestigious safety and health award given in Michigan. Zeeland Main Site is the fourth Herman Miller facility to receive MVPP status, along with the Greenhouse (in 2005), Midwest Distribution Center (in 2007), and 171st Avenue facility (in 2006).

Teneo, Tu, and Meridian filing and storage product lines receive McDonough Braungart Design Chemistry (MBDC) Silver Cradle to Cradle certification.

2004-2009

Herman Miller achieves sixth consecutive placement on the Dow Jones Sustainability World Index, an international stock portfolio that evaluates the annual performance of the world’s largest 2500 companies using economic, environmental, and social criteria, known as the “triple bottom line” of sustainability.

2007

Herman Miller earns the 2007 Waste Wise Gold Achievement Award for Smart Packaging. The U.S. Environmental Protection Agency (EPA) recognizes Herman Miller for its ongoing commitment to reduce transport packaging.

Herman Miller’s IT North building in its Main Site facility earns LEED-CI Silver certification from the U.S. Green Building Council (USGBC).

My Studio Environments receive McDonough Braungart Design Chemistry (MBDC) Silver Cradle to Cradle certification.

Herman Miller, Inc., chosen for Sustainable Business 20 List. The company is featured for the fifth time as one of the “World’s Top Sustainability Stocks,” which includes companies with strong environmental initiatives and solid financial performance.

Herman Miller earns LEED-CI Gold Certification from the U.S. Green Building Council (USGBC) for its National Design Center in Atlanta, Georgia.

2006

Business Ethics ranks Herman Miller, Inc. among the "100 Best Corporate Citizens" in America.

Herman Miller earns LEED-CI Gold Certification from the U.S. Green Building Council (USGBC) for its National Design Center in New York City, New York. This is the first LEED-CI Gold rating to be awarded in New York City.

Herman Miller honored by the U.S. Environmental Protection Agency (EPA) with its WasteWise Award for its commitment to build or renovate its facilities--leased or owned--to meet at least a LEED (Leadership in Energy and Environmental Design) Silver certification.

2005

The U.S. Environmental Protection Agency's Pacific Southwest office honors Herman Miller with its seventh annual Environmental Awards, recognizing the company's efforts to protect and preserve the environment during 2004.

The U.S. Environmental Protection Agency presents Herman Miller with its WasteWise 2005 Product Stewardship Gold Achievement Award in the Design category; Honorable Mention also received in the Large Business category for its recycling efforts.

Herman Miller earns LEED Gold Certification from the U.S. Green Building Council (USGBC) for the Design Yard Front Door in Holland, Michigan.

Michigan "Clean Corporate Citizen" Award given to Herman Miller's Greenhouse manufacturing facility for its environmental management system and record for active pollution prevention.

2004

American Institute of Architects (AIA) Committee on the Environment selects Herman Miller's Building C-1 renovation as one of the AIA/COTE Top 10 Green Projects in America.

The U.S. Green Building Council (USGBC) names Herman Miller among the recipients of its Green Building Leaders Recognition Award for 2004, in the Green Building Business category.

For the third year in a row, Herman Miller is included on SustainableBusiness.com's list of the top 20 sustainable stocks among public companies worldwide.

2003

The University of Colorado, Leeds School of Business, names Herman Miller among three finalists for the first annual "Summit Awards for Social Impact," citing the company's environmental leadership.

Environmental Building News magazine's GreenSpec Product Directory names Herman Miller's Mirra chair among its Top 10 picks for best new "green" products.

2002

Program Champion recognition from the U.S. Environmental Protection Agency's WasteWise Program, for overall waste reduction achievements.

2000-2003

Business Ethics ranks Herman Miller, Inc. in the top 10 among the "100 Best Corporate Citizens" in America, and first among all ranked companies for "Service to the Environment."

1999-2001

Environmental Protection Agency's (EPA) Large Industry Partners of the Year Award for overall waste reduction achievements.

2000

Waste Reduction Award Program (WRAP) from the State of California Environmental Protection Agency Integrated Waste Management Board for improving the environment by reducing waste.

Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.
The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective April 3, 2017, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest 1/8". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

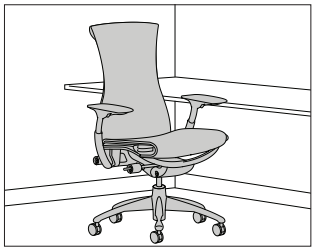
20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon A will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an A are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Work Chair

CN112
CN122
CN132



Product Information

Description

This chair has a pixelated seat and back that is textile-covered on the chair's front side. This construction provides support and comfort by spontaneously conforming to the user's shape and postural movements, while simultaneously moving heat away from the body. The Instinctive Back design mimics the human spine, providing passive support to the sacral, lumbar, and thoracic regions of the user's back, while the frameless, narrow back shape allows freedom of movement through the arms, neck and shoulders. The seat depth adjusts from 15" to 18" in 6 locking positions. The tilt supports the thoracic spine and stabilizes the pelvis through the deep, balanced recline. The tilt limiter allows the user to limit the amount of recline. The chair has a 5-star base and low-, standard-, or extended-height range options.

Arm choices include no arms or fully adjustable arms that adjust 6" vertically and 6" horizontally.

Textile on chair's front side is replaceable.

Notes

For chairs with 3014, 3512, or 3513 textile color and graphite (G1) frame finish, the back mat is graphite. For all other options, the back mat is translucent.

Chair is tested and warranted for use by persons 300 pounds and under.

For information on casters, see Casters and Glides in Appendices.

Customer's Own Material (COM) and Customer's Own Leather (COL) are not available on this chair.

Project Management

Services under this SIN may be used only in conjunction with the purchase of new furniture. Please contact your local Herman Miller representative to discuss the available labor categories (listed below). The hourly rates listed are "Not To Exceed" or "NTE" values.

Furniture Project Manager: $64.75 per hour
Furniture Project Coordinator: $49.00 per hour
Build-Out Project Manager: $80.00 per hour

SIN 711-93

Reconfiguration and Relocation Services

Reconfiguration and Relocation Services will be provided by Herman Miller, Inc., or its participating dealer based on a fee not to exceed $55 per hour, which applies to services totaling $150,000 (per SIN) and below only. Services above $150,000 shall be negotiated on a case-by-case basis. This SIN may only be used with the purchase of new product under SIN 711-1.

See * Additional Notes for Installation & Reconfiguration and Relocation Services.

SIN 711-94

Design/Layout

Design service will be provided by Herman Miller, Inc., or its participating dealer based on a fee not to exceed $65 per hour.

SIN 711-95

Installation Services

Installation Services will be provided by Herman Miller, Inc., or its participating dealer based on a fee not to exceed $55 per hour ($82.50 per hour for after-hours Installation), which applies to services totaling $150,000 (per SIN) and below only. Services above $150,000 shall be negotiated on a case-by-case basis.

See * Additional Notes for Installation & Reconfiguration and Relocation Services.

* Additional Notes for Installation & Reconfiguration and Relocation Services:

FOB Destination (Drop Ship): Price includes product delivery to the site, brought to the tailgate of the truck. The purchaser is responsible for unloading.

Prices effective up to the maximum order by SIN only. Above the MO, pricing shall be negotiated on a case-by-case basis between the client and local dealer.

Standard Services are Subject to the Following Conditions:

Installation will be performed during normal weekday working hours.

Adequate facilities for delivery, unloading, moving and staging/storing the product during the installation process shall be provided.

Service work will not be hindered by other trades.

Electric, heat, and adequate elevator service will be furnished without charge.

The immediate installation area shall be complete and free of debris including the carpet/flooring before installation commences.

Any work requiring a licensed electrician is the responsibility of the buyer.

Additional Charges May Apply For:

Major Metro Markets and any non-ground floor installation.

Major Metro Markets include large population centers and urban environments.

Installation in a clinical/medical environment.

Special restrictions or limits established by local laws, ordinances or the directions of the buyer, including but not limited to restrictions on transportations of materials, street access to the job site and/or dock facilities.

Installations outside of a 50 mile radius of the servicing dealer.

Local Prevailing Wage and/or Union Labor Rates.

Any additional charges shall be quoted by the dealer and approved by the buyer prior to performance of the work.

24a. Special Attributes.

2016

Herman Miller was recognized by the Michigan Minority Supplier Development Council (MMSDC), as a "Corporation of the Year" and was the only company in West Michigan to receive an "Ambassadors Championing Excellence" Award from the MMSDC this year.

Herman Miller received a “2016 Excellence in Supplier Diversity Award” from the Great Lakes Women’s Business Council.

Herman Miller was named a 2020 Women on Boards Winning Company. Companies selected for this recognition are considered champions of board diversity as 20 percent or more of their board seats are occupied by women.

Herman Miller was selected for inclusion in the 2016 RobecoSAM Sustainability Yearbook for twelfth consecutive year.

2004-2015

Herman Miller was recognized for its commitment to best-in-class economic, environmental, and societal sustainability, earning a spot on the prestigious Dow Jones Sustainability Index (DJSI) for 12 consecutive years. We are one of 317 companies worldwide to be included in the DJSI World Index, and the only contract furniture company recognized globally for its corporate sustainability leadership.

2015

This is the fourth consecutive year that Herman Miller was named one of Michigan's Best and Brightest Sustainable Companies.

Herman Miller has received the Forest Stewardship Council (FSC) Leadership Award for longstanding commitment to manufacturing with wood sourced from responsibly managed forests. Herman Miller was recognized for being dedicated to reducing environmental impacts by protecting against deforestation and forest degradation.

Herman Miller accepted its second Excellence in Reusable Packaging Award from the Reusable Packaging Association. We were acknowledged for eliminating more than 28,000 tons of corrugated waste from piling up in landfills.

Herman Miller received a Michigan Business Pollution Prevention (MBP3) Certificate – a recognition given by the Michigan Department of Environmental Quality (MDEQ) to organizations committed to environmental stewardship, conservation, and sustainable operations.

Fast Company named Herman Miller as one of the World’s Top 10 Most Innovative Companies of 2015 in Design.

Renew Sit-to-Stand tables recognized on Record Products 2014 list by Architectural Record.

Herman Miller was again awarded a perfect score in the 2015 Corporate Equality Index.

2014

Herman Miller’s Locale wins International Design Excellence Awards (IDEA) Gold in the Office & Productivity category.

2013

Herman Miller Earns Perfect Score on the Corporate Equality Index. We are one of only 303 major U.S. businesses to receive a perfect score in 2013, an achievement we have now obtained seven years in a row.

Herman Miller is listed in Forbes Magazine inaugural “Platinum List” of America’s 400 best managed, large companies.

For the second consecutive year, Herman Miller is honored as one of West Michigan’s “101 Best and Brightest Sustainable Companies”.

2012

Architectural and design professionals participating in *Contract* magazine’s 2011 Brand Report Awareness Survey have once again named Herman Miller and its subsidiaries as their preferred source for key furnishings in the workplace and healthcare environments.

Herman Miller is named “Corporation of the Year” in the commercial products sector by the Michigan Minority Supplier Development Council.

Herman Miller was inducted into the Made in the USA Hall of Fame. Herman Miller was one of only 20 companies across the nation to receive this distinction. The Hall of Fame showcases exceptional U.S. manufacturers and demonstrates that many high-quality products are made in the United States.

Herman Miller is honored as one of West Michigan’s 101 Best and Brightest Sustainable Companies. The award celebrates organizations that are making their business more sustainable; the lives of their employees better; and the community, both locally and globally, more responsible as a whole.

The Sustainable Asset Management (SAM) group selected Herman Miller for inclusion in “The Sustainability Yearbook 2012” and has awarded Herman Miller both the “SAM Sector Leader” and “SAM Sector Mover” distinctions.

Herman Miller was named one of 16 Section Leaders on Climate Counts 2011-2012 Scorecard Report, making us the industry leader for Home and office Furnishings. The scorecard measures how well the largest companies across 16 industry sectors are preparing for a low-carbon future. Companies are scored based on 22 criteria including a company’s efforts to assess their climate footprint, reduce greenhouse gas emissions, and the ability to communicate their efforts to consumers.

2011

Herman Miller again tops the contract furniture industry in FORTUNE's ‘Most Admired’ Companies survey. For the 23rd time in 25 years, Herman Miller was the highest ranking furniture manufacturer in a survey among the executives and board members of peer companies and independent industry analysts, as published in FORTUNE Magazine's Annual 'Most Admired' Companies feature. Taking second overall in the expanded, 14 company category of ‘Home Equipment, Furnishings,’ Herman Miller received the number one ranking in five of the nine attributes surveyed.

Trust Across America, a company dedicated to unraveling the complexities of trustworthy business behavior, listed Herman Miller as one of their “Top Ten Most Trustworthy Companies in America 2011.”

The Michigan Minority Supplier Development Council (MMSDC) named Herman Miller as its “Corporation of the Year.” The company was selected for the honor from among several finalists, including its largest direct competitors. This was the fifth time Herman Miller has received the prestigious award since 2005. When accepting the award, the Inclusiveness & Diversity Program Manager stated, "We are honored to be recognized for our commitment to creating an inclusive supply chain. Herman Miller strives to create a better world through all aspects of our business. Working with diverse suppliers, and the support of the MMSDC, brings us closer to that goal."

Herman Miller receives the Reader’s Choice award from TreeHugger’s Best of Green: Design and Architecture category for the SAYL chair.

Herman Miller wins prestigious Just Means Social Innovation Award for “Best Sustainability Performance.” Herman Miller was nominated for making substantial gains in reducing its CO_2 footprint and significantly outperformed other nominees in the category of Operations.

Herman Miller Healthcare's Compass system was awarded a 2011 Medical Design Excellence Award (MDEA) for its research-based design and ability to be used in a variety of healing spaces, while simultaneously improving the overall delivery of healthcare.

The Sustainable Asset Management (SAM) Group selected Herman Miller for inclusion in the “Sustainability Yearbook 2011” and awarded us both the “SAM Sector Leader” and “SAM Sector Mover” distinctions.

2010

Herman Miller’s SAYL chair named "Product Design of the Year" by the International Design Awards (IDA) jury. The award recognizes smart and sustainable multidisciplinary design.

The Flo monitor arm from Herman Miller, was chosen to receive a 2010 “Red Dot” award for product design. The Red Dot Program is considered by many to be the largest and most distinguished international design competition. There were almost 14,000 entries from 68 countries, with more than 4,400 products from 60 countries entered into the product design category.

The NASDAQ OMX CRD Global Sustainability Index (QCRD) has included Herman Miller among their top 100 companies in the world.

Herman Miller achieves LEED-CI Platinum certification from the U.S. Green Building Council for its recently completed Los Angeles Showroom.

2009

Herman Miller named Green Champion by *Business Review West Michigan*.

Herman Miller awarded the 2009 Recycling by Design award by the Institute of Scrap Recycling Industries, Inc.

Aeron receives MBDC Silver Cradle to Cradle certification.

Herman Miller’s local fleet is recognized as a U.S. EPA SmartWay Transport Partnership Certified Carrier.

Herman Miller achieves LEED-CI Gold certification for its Main Site B West renovation.

2008

Herman Miller recognized by *Occupational Hazards* magazine as one of America’s Safest Companies (ASC). It was one of 18 companies to achieve this distinction.

Herman Miller’s Zeeland Main Site awarded status as a STAR participant in the Michigan Voluntary Protection Program (MVPP). The MVPP Star Award is the most prestigious safety and health award given in Michigan. Zeeland Main Site is the fourth Herman Miller facility to receive MVPP status, along with the Greenhouse (in 2005), Midwest Distribution Center (in 2007), and 171st Avenue facility (in 2006).

Teneo, Tu, and Meridian filing and storage product lines receive McDonough Braungart Design Chemistry (MBDC) Silver Cradle to Cradle certification.

2004-2009

Herman Miller achieves sixth consecutive placement on the Dow Jones Sustainability World Index, an international stock portfolio that evaluates the annual performance of the world’s largest 2500 companies using economic, environmental, and social criteria, known as the “triple bottom line” of sustainability.

2007

Herman Miller earns the 2007 Waste Wise Gold Achievement Award for Smart Packaging. The U.S. Environmental Protection Agency (EPA) recognizes Herman Miller for its ongoing commitment to reduce transport packaging.

Herman Miller’s IT North building in its Main Site facility earns LEED-CI Silver certification from the U.S. Green Building Council (USGBC).

My Studio Environments receive McDonough Braungart Design Chemistry (MBDC) Silver Cradle to Cradle certification.

Herman Miller, Inc., chosen for Sustainable Business 20 List. The company is featured for the fifth time as one of the “World’s Top Sustainability Stocks,” which includes companies with strong environmental initiatives and solid financial performance.

Herman Miller earns LEED-CI Gold Certification from the U.S. Green Building Council (USGBC) for its National Design Center in Atlanta, Georgia.

2006

Business Ethics ranks Herman Miller, Inc. among the "100 Best Corporate Citizens" in America.

Herman Miller earns LEED-CI Gold Certification from the U.S. Green Building Council (USGBC) for its National Design Center in New York City, New York. This is the first LEED-CI Gold rating to be awarded in New York City.

Herman Miller honored by the U.S. Environmental Protection Agency (EPA) with its WasteWise Award for its commitment to build or renovate its facilities--leased or owned--to meet at least a LEED (Leadership in Energy and Environmental Design) Silver certification.

2005

The U.S. Environmental Protection Agency's Pacific Southwest office honors Herman Miller with its seventh annual Environmental Awards, recognizing the company's efforts to protect and preserve the environment during 2004.

The U.S. Environmental Protection Agency presents Herman Miller with its WasteWise 2005 Product Stewardship Gold Achievement Award in the Design category; Honorable Mention also received in the Large Business category for its recycling efforts.

Herman Miller earns LEED Gold Certification from the U.S. Green Building Council (USGBC) for the Design Yard Front Door in Holland, Michigan.

Michigan "Clean Corporate Citizen" Award given to Herman Miller's Greenhouse manufacturing facility for its environmental management system and record for active pollution prevention.

2004

American Institute of Architects (AIA) Committee on the Environment selects Herman Miller's Building C-1 renovation as one of the AIA/COTE Top 10 Green Projects in America.

The U.S. Green Building Council (USGBC) names Herman Miller among the recipients of its Green Building Leaders Recognition Award for 2004, in the Green Building Business category.

For the third year in a row, Herman Miller is included on SustainableBusiness.com's list of the top 20 sustainable stocks among public companies worldwide.

2003

The University of Colorado, Leeds School of Business, names Herman Miller among three finalists for the first annual "Summit Awards for Social Impact," citing the company's environmental leadership.

Environmental Building News magazine's GreenSpec Product Directory names Herman Miller's Mirra chair among its Top 10 picks for best new "green" products.

2002

Program Champion recognition from the U.S. Environmental Protection Agency's WasteWise Program, for overall waste reduction achievements.

2000-2003

Business Ethics ranks Herman Miller, Inc. in the top 10 among the "100 Best Corporate Citizens" in America, and first among all ranked companies for "Service to the Environment."

1999-2001

Environmental Protection Agency's (EPA) Large Industry Partners of the Year Award for overall waste reduction achievements.

2000

Waste Reduction Award Program (WRAP) from the State of California Environmental Protection Agency Integrated Waste Management Board for improving the environment by reducing waste.

Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.
The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective April 3, 2017, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

For additional product information such as demensional drawings and product descriptions, refer to the standard price books.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

10-Day or Less Order Information

10-Day or Less Program

10-day or less products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple West Michigan manufacturing facilities. These include Holland, Spring Lake, and Zeeland. Orders will be shipped within 10 business days or less from the date of Herman Miller acknowledgement.

Ordering Procedures

1. Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.
   Order Entry fax number for Passage®, 5000 Series, and Meridian® Filing and Storage: (616) 846 9236.
   Order Entry fax number for all other products:
   (616) 654 3085.
2. Orders must be clearly marked "10-day or less program" and include only 10-day or less products. Orders not marked this way will be processed under standard lead times. Orders for standard lead times must be placed on a separate purchase order.
3. Only fabrics and finishes listed with each product are available through the 10-day or less program.
4. For any 10-day or less project over $250,000 list price, please contact your Customer Care representative within 48 hours of order entry to reserve lead time.
5. For more information, contact your Customer Care representative at: (866) 854 3048 EXT 3400.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

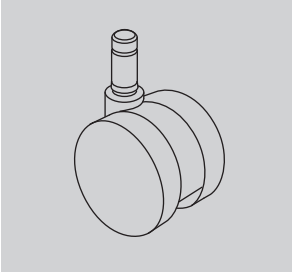
Per Herman Miller Terms and Conditions.

10–Day Casters and Glides

WARNING

Depending on the floor surface, chair may unexpectedly roll away from user when entering or exiting the chair, possibly leading to unexpected injury. Please refer to descriptions of floor types when selecting casters.

BB Caster



2 1/2-inch-diameter hard double-wheel caster; black nylon wheels and yoke; for use on carpet only
