WOOD FINISH OPTIONS

All wood surfaces are protected with a durable polyurethane clear laquer with UV inhibitor. This finish is known for its exceptional durability, as well as abrasion, chemical, impact and scratch resistance. Standard sheen level is 45 degrees. Optional 10 and 35 degree sheen levels are available on request at no additional cost.

Wood Species	Order Code	Veneer/Stain	Upcharge
Maple	F-01	Natural Maple	No upcharge applies.
	F-02	Natural Curly Maple - Rotary Cut	Add 15%.
	F-03	Natural Bird's Eye Maple - Rotary Cut	Call Customer Service for pricing.
	F-04	Maple Stained Pear	No upcharge applies.

VENEER GRAIN OPTIONS

Vox products utilize the best quality veneers available, and, combined with Nienkämper's patented veneering systems, create work environments of incredible quality and beauty.

All Vox furniture comes standard with flat cut book-match veneer; flat cut slip-match veneer can also be specified. Quarter cut slip-match and quarter cut book-match veneers are available at a 5% upcharge. Figured Anagre and Figured Sycamore veneers are Quarter cut book-matched. Bird's Eye Maple and Curly Maple are rotary cut.

Facet Edge, Taper edge and Flowform edge tops with veneer are manufactured with a solid wood edge. All edges are then veneer wrapped to create a seamless profile top.

Wood grain plastic laminate surfaces are available on all Vox FlipTop tables.

Vox FlipTop Meeting tables are specified with laminate tops by model number on pages 15-17, and 23-25. These laminate tops have a 1/8" thick, high impact resistant, translucent edge. The edging is finished with a slight radius on all corners of the top.

Vox FlipTop Conference tables are used as infill tables for conference layouts and can be specified with laminate tops by model number on page 33. Both Facet and Taper edge tops are available with wood grain laminates. These laminate tops are manufactured with a solid wood edge that is applied prior to the laminate top surface. This method conceals the thickness of the wood edge, while providing the durability required. Wood edges are selected that most closely resemble both the species and the color of the laminate chosen.

Nienkamper has pre-selected a number of standard wood grain plastic laminates that represent a cross section of both color and species. Simply include the laminate order code with the model number to make a selection. Alternatively wood grain plastic laminates selected outside of Nienkamper's standard selection can be made by specifying the manufacturer as well as the description and model number of the laminate at the time of order. Note: for Facet edge tops the laminate **must be a post-forming grade.**

Wood Grain Plastic

Laminate Surfaces	Order code	Manufacturer #	Finish
CHAMPAGNE SAGAWOOD	WL1	Nevamar WM8349T	Textured
HARDROCK MAPLE	WL2	Pionite WM791-N	Suede

MONTICELLO MAPLE	WL5	Wilsonart 7925-38	Velvatex
SAVOY CHERRY	WL6	Wilsonart 7927.38	Velvatex
MILLWORK CHERRY	WL7	Pionite WC431H	Hi-Brite
FIGURED ANAGRE	WL8	Formica7284-58	Matte
HUNTINGTON MAPLE	WL9	Wilsonart 7929-38	Velvatex
WILD CHERRY	WL10	Formica 5904.43	Artisan
AMBER CHERRY	WL11	Wilsonart 7919.38	Velvatex
FIGURED MAHOGANY	WL12	Wilsonart 7040A-60	Matte Cashmere

To specify the wood grain laminate required simply add the Order Code WL_ to the model number of the product.

Wood grain laminate samples are available from your local sales representative or by calling Nienkamper's customer service department. At 1-800-668-9318.

Base and Storage Information DESIGN – MARK MÜLLER

Vox®FlipTop™ Base Design - This versatile design allows the top of the table to rotate into a vertical position for storage.

Each leg is independently locked at the top of the leg with a small catch. Moving the catch to one side locks or unlocks the base from the top. A small colored mark indicates the catch is in an unlocked position.

Low profile plastic casters are individually locked by depressing with the tip of a foot.

Hollow leg assemblies house gas cylinders that provide a neutral balance to the top. A stabilizer rail runs between the leg assemblies providing both structure and wire management.

Flush Legs – This option (pages 13-20) allows multiple tables to be joined together while maximizing knee space to the users. Seams between tables are never used as work areas.

Inset Legs – This option (pages 21-28) maximizes the number of users allowing seating at the end of tables

Vox® FlipTop tables can be specified with modesty panels. Standard options include veneer to match the top, laminate with translucent edging to match the top, or anodized-aluminum.

A unique flexible hinge joins the modesty panel to the tabletop. When the top is flipped up, the panel aligns with the top and swivels out of the way.

FORUM INFORMATION

DESIGN – MARK MÜLLER

Vox®FlipTop™ tables can be specified with optional Vox® Forums. Pre-wired "S-Series" Forums as well as "T-Series" Forums are available.

"T-Series" Forums have an added benefit of removing voice/data/power cords directly from the Forum, to be connected when required. This feature also gives the user the option of specifying longer cables when needed.

"S-Series" Forums offer a broad range of pre-wired connections in a slightly larger format than T-Series Forums.

A rail joining the two table legs acts as a stabilizer for the table and along with wire management clips provide a convenient place to store cables.
For complete Vox®Forum™ details refer to the 2007 Vox®Conference™ Price List or simply download the information at: www.nienkamper.com/downloads/Price%20List/US_VoxForums.pdf

FlipTop Tables
(1" top thickness)

Rectangular Shape

Half-Round Shape

"S" Series Vox® Forums c UL us SP® CERTIFIED

The "S-Series" Forum is available in 2 sizes: 5 1/4" W or 12" W. Fourteen models from A to I with eight data configurations to satisfy most requirements.

"T" Series Vox® Meeting Forums c UL us SP® CERTIFIED

The "T-Series" Forum is available in 2 sizes 4 1/2" long and 6" long. Power, voice, and data cables can be detached from this Forum for ease of reconfiguring multiple tables or for applying longer cords.

When Vox®FlipTop tables include Vox Forums, cables are routed along the length of the aluminum rail and held in place with plastic wire management clips provided.

This method allows cabling to be located to either side of the table, and connect to the most convenient outlet.

When tables are not in use the same cabling can be easily stowed along the rail with the wire management clips.

Once cables have been located to either leg they can be discretely routed to the floor inside a wire chase that runs up the centre of the interior of each leg. A continuous flexible rubber strip holds the cables in place terminating at the base of the leg with a slot that allows the cables to exit the leg.

VOX®FLIPTOP™ MEETING TABLES WITH INSET LEGS

INSET LEGS VS FLUSH LEGS DESIGN – MARK MÜLLER

Simple and effective tools are available for any space planning required. You can access a full set of PDF and ACAD files for Vox FlipTop tables by following the links below.

Type www.nienkamper.com in your browser
Pick the Vox® tab heading, (top left)
Select the Vox®FlipTop™ Table category
Select CAD Drawings tab

Drawings based on seating quantities are listed from 6 to 30 seats and offer a plan view of all options available.

Sample file to seat 10:

VOX®FLIPTOP™ CONFERENCE TABLES

Edge Details **DESIGN – MARK MÜLLER**

All Vox®FlipTop™ conference tables are available with three edge profiles on user side, to select:

Facet Edge add "FC" after the table model number

Taper Edge add "TE" after the table model number

Flowform Edge add "FF" after the table model number

Flowform Edge is a 5% upcharge
Flowform tops are not available with plastic laminate

- All other edges of the top are Self Edged.
- **All** Vox®FlipTop™ conference table tops are 1 1/4" thick, edges are manufactured with a solid wood edge that is profiled and then veneer wrapped.

Facet Edge "FC"

Taper Edge "TE"

Flowform Edge "FF"

Facet Edge - specify "FC"

Taper Edge - specify "TE"

Flowform Edge - specify "FF"

Vox® Infil FlipTop™ tables can be specified with Pre-wired "S-Series" Forums in a range of configurations. A rail joining the two table legs acts as a stabilizer for the table and along with wire management clips provide a convenient place to store cables. For complete Vox®Forum™ details refer to the 2007 Vox®Conference™ Price List or simply download the information at: www.nienkamper.com/downloads/Price%20List/US_VoxForums.pdf

NOTES

PRICES

All prices are list prices, freight included, blanket-wrapped, dock delivered, from the manufacturing source to any location In the contiguous United States.

Brokerage is paid by Nienkämper for product shipped to the United States.

Due to existing conditions in regard to cost of labor and materials, we reserve the right to change prices without notice.

TERMS

Net 30 days from date of invoice to accredited buyers. Two per cent (2%) interest charged monthly on overdue accounts. Deposit of 50% is required with order. Terms will be established upon credit evaluation. Due to delays in processing references, first orders may be treated as C.B.D. orders.

ORDER CONFIRMATION

Orders are accepted upon issuance of our order confirmation and are subject to the terms set forth therein; notwithstanding any variance from the terms of the buyer's order form.

Nienkämper is not liable for any delay or failure to deliver caused by labor or transportation difficulties, accidents, acts of God, failure of sources of supply, or other causes beyond our control, and changes will affect the delivery date.

CHANGE OF ORDERS OR CANCELLATIONS

Changes or cancellations are subject to our ability to conform. A charge will be levied against cancelled or changed orders based on costs already incurred by Nienkämper. All changes must be in writing and submitted on a revised purchase order. Changes will affect the delivery date.

STORAGE

If goods cannot be accepted when ready, we may transfer them to storage (which is to be deemed as delivery for invoice purposes). The customer accepts risks and will be charged at prevailing rates.

FREIGHT

Prices include freight charges, blanket-wrapped, dock delivered, from the manufacturing source to any location in the contiguous United States. Packing and/or crating are available, if required, upcharges apply.

CLAIMS

All furniture is given to the carrier and signed for in good condition. It is the responsibility of the receiver to sign for the goods in the presence of the carrier and note the condition in which they are received. Freight claims should be filed with the carrier.

WARRANTY

There are no express or implied warranties, conditions and obligations of the manufacturer, whether statutory or otherwise that extend beyond the description on the face hereof. Our furniture is made to the highest standard and is warranted free from defects of material and workmanship for five years from the date of delivery. During the warranty period we will repair or replace such merchandise as shall prove to be defective, during normal usage in accordance with manufacturer's specifications. The manufacturer shall not be liable for defect wholly attributable to normal manufacturing process. Replacement or repair of the Product shall be the sole remedy of the Customer, and the manufacturer shall not be liable for any direct, indirect, incidental, or consequential loss or damage suffered by the Customer by reason of any defect in workmanship or manufacture of the Product or inability to use the Product. Moreover, this warranty does not cover accidental damage, abuse, alteration, ordinary wear and tear of Goods, negligence and misuse nor variations over which we have no control such as heat or humidity or damage to which the Goods are connected that is not attributable to the failure of the goods themselves. This warranty is null and void when the product is installed with hardware other than that supplied and/or when installed differently than recommended in the installation guide. Modification to the product or hardware may result in failure of the product and cause damage and/or injury.

WOOD FINISHES

Nienkämper offers a wide variety of standard light finishes on cherry, mahogany and figured anagre wood veneers, and a clear natural finish on figured anagre, figured sycamore, maple, bird's eye maple and curly maple.

Light finishes do not mask the grain and other characteristics of each wood species. It is important to understand that pieces of the same type of wood will not look identical when a light finish is used. The appearance of the finish will also depend on the natural color of the veneer. Cherry darkens over time as the wood ages. Pin knots and gum pockets are inherent traits.

Wood is a naturally variable raw material; its variances are not within the furniture manufacturer's control and are therefore not considered defects under this warranty.
