Floorbac™

Bioactive Floor Cleaner

FloorBac™ uses surfactant cleaning technology combined with enzyme producing bacteria. The result is a one step process which effectively cleans the top surface of the floor, while leaving behind grease eating bacteria that digest build-up in porous tiles and grout. Continuous use of this product produces extremely clean floors with no trace of build up problems that contribute to slip and fall accidents. FloorBac™ is non-corrosive.

Specifications

Color	Blue
Scent/Odor	Citrus
Character	Hazy, slightly viscous liquid
Foam	Moderate
pH Use Dilution	6.0 - 8.0
Phosphorus Content	0.0%
Approvals	cRc, RBS

Pack Sizes

3041220	2/1 gallon case

Directions For Use

Equipment: Mop and bucket, deck brush.

Use Dilution: 3 ounces to 3 gallons of water.

1. Wipe up spills and sweep debris from surface.
2. Add 3 ounces of product per 3 gallons of warm (not hot) water.
3. Apply solution liberally to floor using a mop. Deck brush as needed.
4. Dry mop excess moisture.
5. Discard mop water down troubled drains to reduce grease build up.

NOTE: Floors will be slippery when wet or contaminated with foreign materials. Promptly clean-up spills and foreign materials.
