CASCO

DISINFECTANTS AND CLEANERS

Casco is a leading manufacturer of disinfectants widely used in poultry production, growing operations, hatcheries, feed mills, and processing plants. Casco also manufactures industrial products, including floor strippers, cleaners, and waxes. These products are supplied to commercial, governmental, agricultural, and industrial entities.

CASCO CS-590

General purpose defoaming compound

- Easy to use, economical, highly concentrated
- Use when normal mechanical and chemical adjustments fail to control foam
- Designed to rapidly dissipate and control foam in chemical and detergent washing applications, agitation operations, high pressure and hot solution applications
- Excellent for controlling foam in wet vacuum tanks and tray wash tanks
- Use dilution is 1 oz. per gallon in recovery solution tanks and 1 quart per 100 gallons of water in tray-wash machines
- White liquid with little to no odor
