Aids reduction of organic matter by providing organisms capable of attacking and biochemically destroying fats, oils, proteins, and carbohydrates the "natural" way.

Helps deodorize by eliminating malodorous materials.

This product is a non-acid, non-basic, non-toxic treatment for septic tanks, lagoons, sewer lines, restaurant floor drains, apartment complex and hotel/motel drain line accumulations.

CAUTION:
Contains Beneficial bacterial cultures

Keep Out of Reach of Children. Do not get in eyes or on skin. May cause skin and eye irritation. Avoid prolonged or repeated skin contact. Rinse after using.
FIRST AID:
SKIN: Flood contact area with copious amounts of clean water. If irritation persists get medical attention.
EYES: In case of contact flush eyes with plenty of water for 15 minutes, while lifting upper and lower eye lids. Remove contact lenses and repeat.
INTERNAL: Do not induce vomiting. Drink plenty of water and contact a physician or poison control immediately.

KEEP OUT OF REACH OF CHILDREN. FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY

Net Contents: 30 Gallons

081220

This product in some cases may be effective as a preventer of trouble, such as unnecessary strong odors, plugging lines, etc.

SEWAGE SYSTEMS: For sewage treatment systems, dosage varies according to flow, and also varies with temperature, BOD load, and other treatment conditions. Additions may be ½ gallon to 4 gallons per MGD, or higher, depending on need. Routine maintenance applications are usually ½ gallon to 2 gallons per MGD.

SEPTIC TANKS: Add about 1/4 gallon daily until problem is alleviated; then, add weekly. Avoid putting disinfectants into system.

BUILDING DRAIN LINES: Apply 1/4 to 1 gallon of this product to each line in system routinely once or twice per week during low flow hours. If possible, Apply into sink drains to reach high grease areas. Dosage depends greatly on experience in each situation.
