Community Environmental Mission

The Jasper Group family of brands, including Community, have been an environmentally conscious organization for more than 80 years. Founded in 1929 in southern Indiana by skilled German woodcrafters, we began as a manufacturer of durable well crafted furniture. Building a product that will last and not require disposal in a landfill is our focus. Community is committed to "reduce, reuse and recycle" and to the conservation of our environment and its natural resources as well as the encouragement of our suppliers and customers to do the same. A goal of a *"Green Partnership"* (supplier, manufacturer and customer) is essential for the long term protection, preservation and sustainability of our environment for future generations. Our Mission is to continually maximize the use of sustainable raw materials and to search for new materials and processes that will not negatively impact our environment.

LOCATION: Our manufacturing facilities in Indiana are often located within 500 miles from your project allowing you possible LEED credits toward Green Building Certification. With our diverse product offering, we provide a single source for all of your project needs allowing you to conserve our fossil fuels and reduce greenhouse gases.

PACKAGING: We place an emphasis on the minimal use of disposable packaging, while still providing adequate protection of the finished product. Our corrugated packaging is recyclable and reusable. The packaging we receive from our suppliers is also reused or recycled. We recycle more than one million pounds of cardboard annually.

COMPLIANCE: Our employees are trained in compliance with applicable Occupational Safety and Health Organization (OSHA) regulations to exceed all applicable Department of Environmental Management (DEM) and Environmental Protection Agency (EPA) regulations for air emissions, storm water and hazardous waste disposal. Our safety philosophy is a 360 degree circle of safety program which includes home, work and travel. Our manufacturing facilities use the DuPont Safety Training Observation Program (STOP) program for workplace accident prevention and awareness.

MANUFACTURING FACILITIES: All of our manufacturing facilities are geared toward eco-efficiency and are encouraged to continually improve and conserve. Wood not used in the direct manufacturing process is recycled for use in concealed reinforcement cleats and corner blocks. Additional scrap materials are burned in boilers to generate steam that is used in the manufacturing process to operate our dry kilns or to heat our manufacturing facility during the winter. This process reduces greenhouse gases, the use of fossil fuels, and reduction of the burden of waste placed in landfills. In addition to other energy savings techniques, our manufacturing facilities use high efficiency lighting, make use of power factor capacitors, and encourage the reduction of energy consumption and water usage. Condensation pumps are used to aid in water savings as well as extending boiler life.

MANUFACTURING PROCESSES: Community manufacturing facilities utilize finish and assembly processes that best support the furniture requirements and applications. We continually test the latest equipment and materials available to reduce emissions while maintaining the best quality product possible. Finish lines utilize high efficiency spray guns and spray techniques to reduce waste material. Excess finish material, solvents and waste are recycled. Many assembly processes use water based glues that contain no hazardous ingredients.

Surprisingly, much of the public has the impression that processing wood involves wasting natural resources and destroying the environment, when just the opposite is true! According to the U.S. Forest Service, each year the U.S. grows about 50 percent more than what we are cutting. In fact, since 1952, the amount of commercial hardwood forest stock has increased by 70 percent. The hardwood industry currently utilizes approximately 13 billion board feet of standing timber per year. Current statistics from the Forest Service indicate that there is more than 715 billion board feet of commercial size timber available for harvest. The United Nation's 2007 "State of the World's Forests" report shows that the United States forests are getting larger each year. The United States practices sustainable forestry both in the softwood and hardwood industries.

WOOD: Wood is the most diverse, process friendly, and widely utilized natural resource in mankind's history. No other natural resource can match the environmental advantages of wood. It is renewable, recyclable, biodegradable and carbon friendly. Utilizing the sun's energy, trees grow and remove carbon dioxide from the air while giving off oxygen to benefit the entire planet. Harvesting mature trees in a sustainable forest allows the photosynthetic cycle to continue at full optimization. We are proud to use wood as our primary "GREEN" renewable resource.

TEXTILES: Many of our fabric options offer 100% recycled content. Our available leather alternatives contain no toxic materials, plasticizers, heavy metals or formaldehyde and have a 100% biodegradable back cloth. Foam, batting and poly-cord used in upholstered products are recyclable and contain various percentages of recycled content. Excess fabric and leathers not utilized in the upholstery process are supplied to recyclers and local charities for additional use.

MATERIAL OPTIONS: Alternative materials are available for consideration. Solid wood and engineered wood options like Lyptus®, Plyboo®, reclaimed woods, agricultural and post-consumer waste fiber products, soy-based resin bio-composites, Forest Stewardship Council (FSC) certified wood (the list continues to grow) all allow possible LEED credits toward Green Building Certification. These options can be considered for specific applications based on their performance.

The goal of Jasper Group and its family of brands is to maintain a "Green Partnership" through our products and processes by acting in the best interest of the economic, social and environmental needs of the planet earth and all of its occupants.

Terms and Conditions

Warranty
Community warrants to the original purchaser that each piece of furniture will be free from defects in workmanship given normal use for five years. Products used in multiple shift applications including but not limited to restaurants, casinos, nightclubs, etc. are warranted for two years. Casters are warranted to be free from defects in materials and workmanship for a period of five years and textiles for two years (with the exception of COM/COL textiles). Community, at its option, will repair or replace any defective furniture within the terms of the warranty. This warranty does not apply to damage resulting from accident, alteration, or misuse. Goods other than furniture are sold by Community to customer without warranty.

Pricing
All prices shown are list and include delivery to one destination. Prices are subject to change without notice. Possession of this price list does not constitute an offer to sell. Orders can be received only from authorized Community dealers.

Acceptance, Modification, Assignment
By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer (as identified on the reverse side hereof or the invoice) agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

Payment
Customer agrees to pay deposit or down payment as required by company. Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S. funds only), for goods ordered. **Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month.** International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

Delivery
All shipments are FOB point of shipment, freight prepaid and allowed to the 48 contingent states. All other shipments are freight prepaid and allowed to port of exit. Community reserves the right to select the appropriate carrier. Special requests including, but not limited to, inside delivery and installation, are not included in the price. Any charges arising from failure to meet shipment, rerouting while in transit, or carrier storage charges are the responsibility of the customer. **Orders of less than $1,000 net will be assessed a handling charge of $55 net per order (waived for items shipped via UPS).** Certain chairs from Community are UPS shippable and are noted as such by the following symbol: UPS. There will be a $10 list per chair charge for UPS packaging. Any additional costs incurred packaging the goods as a result of request by customer will be at customer's cost. If the goods are not accompanied by a bill of lading, company's invoice shall be conclusive. Community reserves the right to add a fuel surcharge when necessary.

Claims
All shipments are delivered to the carrier in good condition and company's liability ceases after acceptance by carrier. If shipment arrives short or damaged, the customer must file a claim immediately with the carrier. In the event of concealed damage, notify carrier and request an immediate inspection. Keep all cartons and packing material. Failure to file claim within 15 days after receipt of goods constitutes acceptance and a waiver of any such claims.

Attorneys' Fees
Customer shall be responsible for all expenses and costs in connection with the enforcement by company of these terms and conditions and the costs of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

Disclaimer of Warranties
The express warranties below are the company's sole warranties of its goods, there are no understandings, agreements, representations, or warranties, express or implied (including any regarding the merchantability or fitness for a particular purpose), not specified herein, respecting the goods. Except for those obligations of the company identified in these terms and conditions, all risks related to the quality and performance of the goods and responsibility for repair or service costs rests solely on the customer. Company reserves the right to limit the applicable warranty to the goods depending upon the division or catalogue through which said goods were sold. Some states do not allow limitations on implied warranties, limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to all customers. This warranty gives the customer specific legal rights, and each customer may also have other rights which vary from state to state.

Cancellation
All cancellations must be made in writing. Administrative and/or labor charges may be incurred by the customer depending upon the production stage of the order. Orders specifying special finish cannot be cancelled once finishing has begun. Cancellations cannot be accepted once final production has begun.

Order Changes
All changes to an order must be made in writing and are subject to company's ability to conform. Administrative and/or labor charges may be incurred by the customer depending upon the production stage of the order. Once final production has begun, no changes can be accepted.

Remedies
The remedies herein reserved shall be cumulative and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

Terms and Conditions

Insolvency
Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

Limited Liability
The company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay or inconvenience caused by or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of these terms and conditions. The company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered hereunder must be commenced within one year after the cause of action has occurred.

Security Agreement
The company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Allowances
Reasonable touch-up and deluxing is the dealer's responsibility. The company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances may be authorized only by a company officer.

Repairs
Inspection of goods upon arrival is mandatory and all defects must be called to the company's attention upon arrival at the customer's "ship to" destination. It is the responsibility of the field sales representatives to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Company will not accept automatic charge backs which do not have prior authorization. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit.

Returns
Returns will be accepted on any standard catalog model wood and metal finished goods with a 45% restocking fee. Upholstered goods not included. Any other return inquiries must be made in writing to your customer service representative.

Replacement Parts
Prices for replacement parts can be obtained by calling our customer service department. Please have the model number available when ordering replacement parts.

Governing Law
All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

Mitigation
If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sale, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer shall remain liable for any deficiency. The company may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration
This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgement, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions, Specifications and Finishes
All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specification sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact match to customer's existing goods are required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure is not followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

Terms and Conditions

Acknowledgement
All orders will be acknowledged promptly, showing how the order was entered, the approximate shipping time and other pertinent information. It is the customer's obligation to examine this acknowledgement carefully and notify company immediately of any discrepancies. Every reasonable effort is made to ship as acknowledged, however, the acknowledged ship date is approximate. Company will generally ship within five (5) working days of the acknowledged ship date. If a firm ship date is necessary, customer must inform company at time of order and company will make all reasonable efforts to meet each customer's request. Acknowledged shipping dates are contingent upon the force majeure conditions contained in these terms and conditions.

Company's Performance of Its Obligations
The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of God, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrection, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse, for the period of the delay, the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

Care and Maintenance
To maintain your Community product for years of use, please follow these care guidelines: Wood Finishes: During the first year, coat wood with a hard wax paste every 3 to 4 months. After first year, applications can be less frequent. To clean, use a liquid wax polish. Do not use household abrasive solvents. To repair scratches, use a wax repair stick. Surface water spills should be wiped up immediately. Metal Finishes: Wipe smooth powder coat finishes and textured metals with a damp cloth. For stubborn stains and grease marks, use soap and water. Brush textured metals with a soft dry brush to remove dirt. Textiles: Cleanability will vary based on fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spill should be wiped up immediately with a cloth. If upholstery has been protected with Scotchgard or Zepel, the coating should be reapplied yearly. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. Laminate Finishes: Apply a self-cleaning wax. To remove stains, wipe surface with a damp cloth using soap water. Remove stubborn stains with a baking soda paste, leaving on for one minute and then blotting away. Do not use abrasive cleaners. Acid based spilled products should be immediately wiped up and then rinsed with warm water.

10 Day Quickship Program
Community offers a 10 day quickship program for fast paced projects. All quickship products are ready to ship in 10 business days. Quickship program products must be purchased from an authorized quickship dealer. Quickship is available on all federal, state, and local government contracts. Items available on the program are only available in Natural Oak on Oak Finish. Models included are marked with QS throughout this catalog. For easy reference refer to these product pages for quickship models.

Custom Options

Wood and Metal Laser Cut Backs
Many of our seating models are available with custom wood engraving or laser cut backs. University seals, logos, unique designs, or any type of graphic can be designed into the seating back for a custom creation. Consult Community customer service for pricing and artwork specifications. Artwork must be submitted as a JPG or PDF file.

Wood Laser Engraving General Pricing
* must order plain back when choosing this option

For Artwork 4″ x 4″ or Less	$37 list per chair
For Artwork Less than 6″ x 6″	$68 list per chair
For Artwork Larger than 6″ x 6″	Call For Pricing

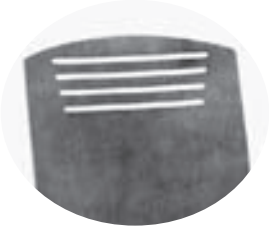
For orders fewer than 50 pieces, add $104 list per design, per order. This pricing reflects etching (leaving the wood dark). If additional painted colors are added to artwork please call customer service for pricing.

Leather engraving also available. Please call customer service for pricing samples.

Wood Laser Cut Out General Pricing
* must order plain back when choosing this option

For orders fewer than 50 pieces, add $104 list per design, per order.

Custom back cut outs available. One-time set up fee $68 list for basic design.



Metal Laser Cut Out General Pricing
* must order plain back when choosing this option

For Artwork 4″ x 4″ or Less	$37 list per chair
For Artwork Less than 6″ x 6″	$68 list per chair
For Artwork Larger than 6″ x 6″	Call For Pricing

$12 list per chair plus $162 list setup fee

For orders fewer than 50 pieces, add $104 list per order.

Options

Modifications
Community willingly accepts customer modifications to standard products. Please call the customer service department at 800-622-5661 for special quotes and product lead times.

Leg Protectors
Clear plastic leg protector sleeve available. Add $12 list for set of 4 per chair. Recommended for the following series:

Accolade
Alden
Americana
Americana II
Avalon
Boston
Brockton
Hanover
Melrose
Murphy
Sterling

Glides
Rubber cushion metal glides standard. Rubber cushion nylon glides for wood or tile floors are available upon request at time of order with no upcharge. Additional nylon and metal glides sold separately for post order field installation. Add $4 list for set of four.

Casters
Casters may be specified as an option on **some** Community chair models. Please contact customer service for caster/chair compatibility. Add $78 list per chair for 4 casters or $39 list for front leg casters.

Self-Centering Plate
Self-centering swivel plate mechanism available on swivel stools upon request. No upcharge.

Linking Bracket
Optional linking bracket available. Specify as an option when ordering. Add $21 list per chair.

Finish Information

DuraTex Low-Emission Finish
To reduce hazardous formaldehyde emissions, we use a proprietary, specially designed top coat that offers exceptional hardness, abrasion and impact resistance while removing hazardous or harmful gases.

Safety - DuraTex significantly reduces hazardous formaldehyde emissions which helps to improve the quality of the indoor air we breathe.

Quality - DuraTex was developed to be tough and durable with special attention to appearance. Our highest priority seeking a safe solution was to provide a finish that preserves the natural beauty of wood that our customers have come to expect.

Durability - DuraTex was designed to meet a wide range of demanding performance and environmental standards to withstand even the heaviest wear and tear. It's no coincidence that we find 'durability' in DuraTex.

Natural Wood Finishes
Every tree has unique and defining characteristics, similar to fingerprints. These characteristics include differences in color, grain configurations, and texture. When specifying natural or light finishes, these natural markings are not masked and are easily detected. With this in mind, we hope you enjoy and appreciate the beauty of each tree's fingerprints.

Due to the natural characteristics of wood, environmental effects, and material upgrades, we cannot guarantee exact finish matches on existing furniture previously ordered from Community. If an exact match to existing furniture is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Community will accept no liability for the finish if this procedure is not followed.

We reserve the right to make changes in a finish formula if we believe the change will improve the quality or appearance of our furniture.

Wood finishes are represented in individual samples of oak, maple or color stain options, contact Community customer service for ordering information.

Wood Finish/Color Options

Oak		Maple/Beech		Colors	
DM	Dark Mahogany	AM	Amber Maple	BD	Backdrop
GO	Golden Oak	DM	Dark Mahogany	CB	Candid Blue
LC	Light Cherry	LC	Light Cherry	CP	Cargo Pants
MC	Medium Cherry	MC	Medium Cherry	CR	Chatroom
MM	Medium Mahogany	MM	Medium Mahogany	CY	Cayenne
MO	Medium Oak	MW	Medium Walnut	DF	Daffodil
MW	Medium Walnut	NM	Natural Maple	FS	Fusion
NO	Natural Oak			GF	Golden Fleece
				GV	Greek Villa
				HT	Heartthrob
				MD	Mandarin
				NG	Network Gray
				RB	Resonant Blue
				SG	Software
				TB	Tricorn Black

Special Finishes
Add a charge of $236 list per order for any non-standard wood finish. Community reserves the right to decline any request for a custom finish if we feel that we will be unable to match it due to limitations of the wood species or of the sample provided to us. Because of the natural variations of wood, minor differences in color may occur.

Colors
Add a charge of $236 list per order and $26 list per item for any non-standard color finish. Community reserves the right to decline any request for a custom finish if we feel that we will be unable to match it due to limitations of the wood species or of the sample provided to us. Because of the natural variations of wood, minor differences in color may occur.

Fabric Information

Standard Textile Offering
Our standard textile offering is located on pages 12-16 of this price list.

Additional Textile Programs
In addition to our standard offering, the entire Maharam, Momentum, CF Stinson, Mayer Fabrics, and ArcCom collections are available. Please specify if Community is to order the fabric. Samples are available, contact Community customer service. All restrictions apply.

COM/COL Textiles
COM pricing is the same as Grade B pricing. COL pricing is the same as Grade D pricing. All yardage requirements listed in the price list are based upon 54″ plain material. Additional yardage will be required for repeats or fabric less than 54″ wide. The fabric table below will give you approximate additional yardage requirements. All stripes will be applied front to back unless specified otherwise. Patterned fabrics will be applied at our discretion unless special instructions are included with the order. The COM/COL yardage requirement listed is for one chair. Yardage requirements may be reduced when ordering multiple quantities. Please call Community customer service for yardage requirements on multiple quantities. We cannot assume responsibility for the receipt of defective COM/COL or for the tailoring quality of some fabric. Some fabrics, due to their bulkiness or thinness may not tailor well.

Fabric Width	Plain Fabric	Napped Fabric	2-10″ Repeat	11-19″ Repeat	20-25″ Repeat	26-30″ Repeat
54″	0%	15%	15%	20%	25%	30%
51-53″	15	25	25	30	35	40
48-50″	30	35	40	45	50	55
45-47″	45	50	55	60	65	70
36-44″	60	65	70	75	80	85

All COM/COL orders must include the following information:
1. Supplier's name, fabric name and color
2. Sample of the fabric attached to the order
3. Model number of the item on which fabric is to be applied
4. Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)

Ship prepaid COM/COL material to:
Community
ATTN: Upholstery COM/COL
932 Mill Street
Jasper, Indiana 47546

Label COM/COL with the following:
1. Dealer name and purchase order number
2. Fabric pattern name and color

Application of Fabric
COM fabric is cut up the roll unless otherwise specified by customer.

Up the Roll (standard)

Fabric Information

Cut Yardage
Community can order textile cut yardage from many textile companies. Refer to the following table for prices. Pricing for orders with textiles $88 per yard or under only. For pricing on textiles over $88, please contact customer service.

Fabric Grade	B	C	D	E	F	G	L	M
List Price/Yard	$32	$48	$73	$108	$145	$186	$236	$286
Leather Grade	L							
List Price/Square Foot	$15							

Fire Retardency
All Community products are manufactured to comply with California Bureau of Home Furnishings Technical Bulletin 117 as a minimum standard. Compliance with more stringent codes requires special manufacturing considerations and upcharges.

California Technical Bulletin 133
Community uses a barrier material between the foam cushioning and the upholstery cover in order to comply with California TB 133. The standard upcharge on products specified to comply with TB 133 is $44 list per yard of fabric. Some product designs and fabrics cannot be combined to comply with California TB 133. Because of this, we reserve the right to reject any request for an upholstery cover, including COM, or product style that we feel may compromise the integrity or safety of a product specified to comply with TB 133. Community has tested representative styles for compliance of California TB 133. If you require laboratory certification that a specific product and upholstery combination will pass TB 133, the following charges will apply: testing, video, and transportation charges, $429 list plus cost of sample (allow an additional six weeks over the standard lead time for testing. For products not requiring certification, our standard lead time will apply).

Planning Chair Dimensions

Overall Height
From highest point

Overall Width
From widest point

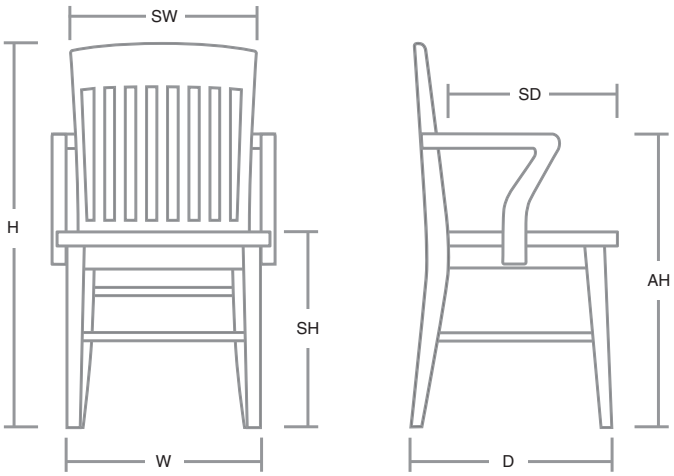
Overall Depth
From widest point

Seat Width
Between arms at widest point

Seat Depth
From back to front of seat

Seat Height
Highest point of seat to floor

Arm Height
If arm is sloped center point is used



Planning For Kids

Pre-K (ages 2-4)
Seat Height: 10″
Table Height: 18″-20″

Kindergarten (ages 4-7)
Seat Height: 12″
Table Height: 20″-22″

K-3 (ages 7-9)
Seat Height: 14″
Table Height: 25″

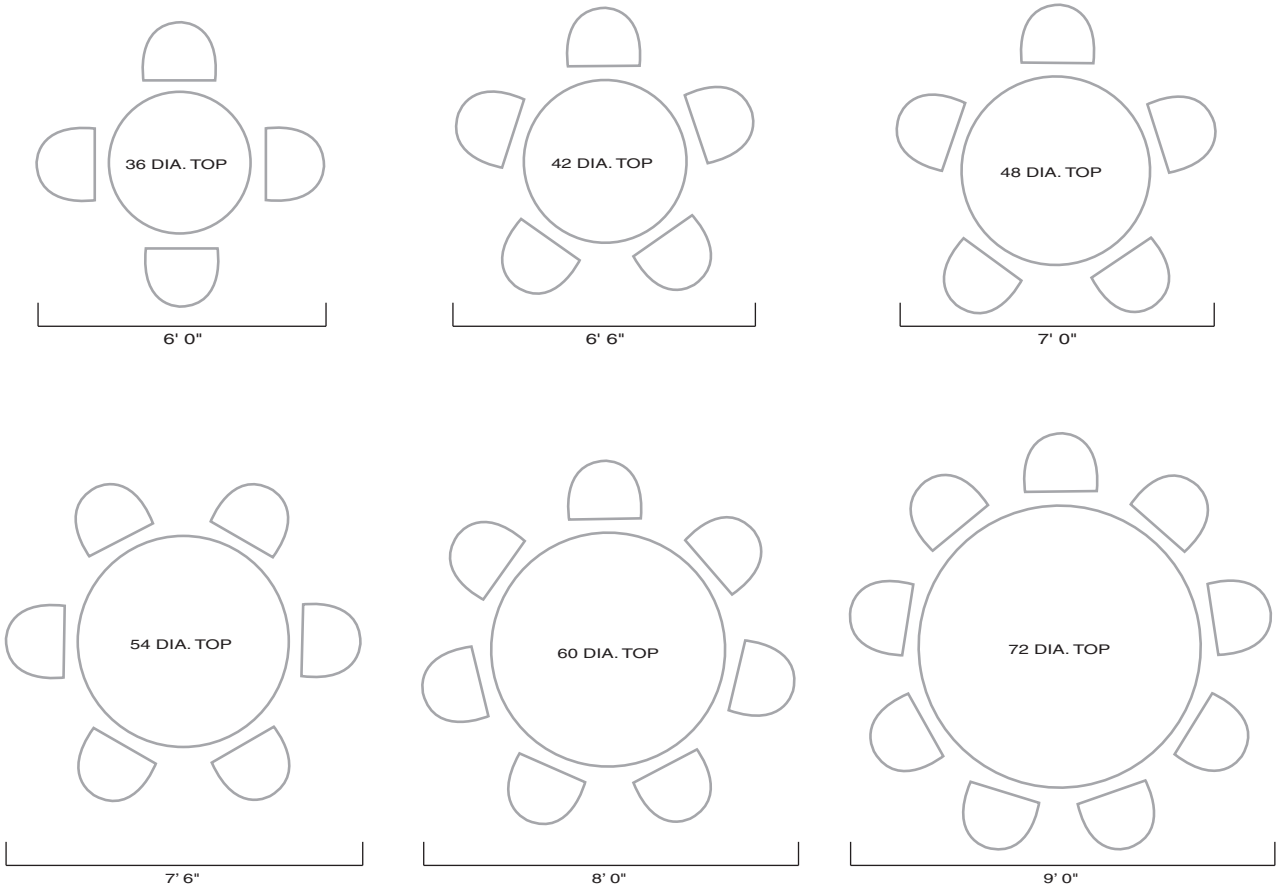
Grade 4-8 (ages 9-12)
Seat Height: 16″
Table Height: 27″

Planning With Tables

Some General Tips

1. 14 sq. ft. per person for spacious dining - allows for table, chair and aisle.
2. 12 sq. ft. per person for cafeteria or restaurant.
3. 10 sq. ft. per person for banquet, institutional or close seating.
4. Allow 18″ for person seated from edge of table to back of chair.

Round Tables

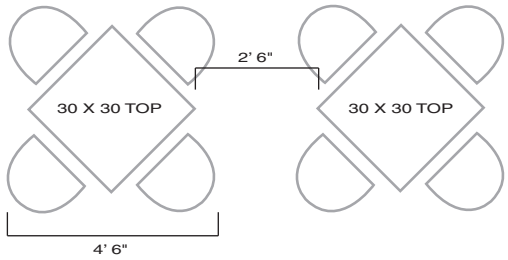


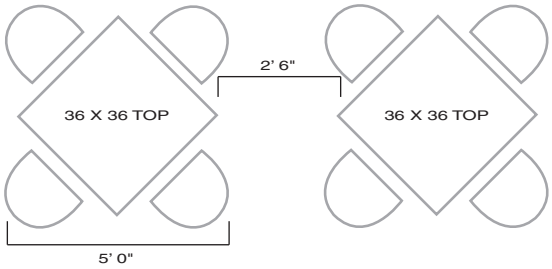
Planning With Tables

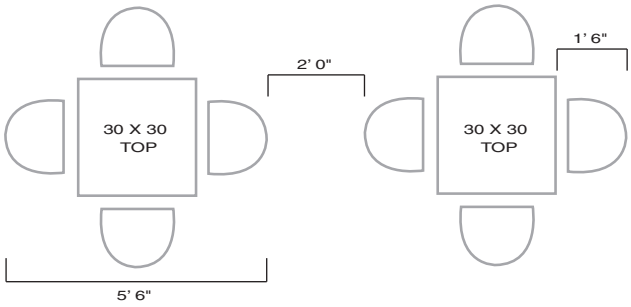
Diagonal and Square Table Planning Tips

1. Diagonal seating saves floor space - Deuce tables and wall spacing saves the most space.
2. Allow 42″ between squared tables for chairs back to back leaves 6″ to push out.
3. Allow 60″ between squared tables for chairs back to back leaves 26″ service aisle.
4. Allow 24″ between corners of diagonal tables for customer access - no aisle.
5. Allow 30″ between corners of diagonal tables for customer access - narrow aisle.

Square Tables







Order Check List

Community products are manufactured to order and provide a multitude of options to address your individual customer needs. As you process your order do not forget to include all the necessary information to allow the order entry process to be completed. Please see the order checklist at the beginning of every series.

Community customer service edits every order for complete information. If details are not included with the purchase order, customer service will contact you to answer these questions. If information is not completed in a timely manner it will delay the entry process and could effect your product delivery date. To avoid delay in order entry and potential delay in delivery of your order, please double check the line items to insure all selections have been completed.

To insure complete Community details on your purchase order, electronic catalogs and specification tools have been developed to aid in the process. These electronic tools include:

> **20-20 GIZA Studio** and **20-20 CAP Studio** software offers state-of-the-art design, specification, photo-realistic rendering and three-dimensional visualization capabilities for configurable products in the commercial interior design markets. 20-20 GIZA Studio and 20-20 CAP Studio are available for all Community Casegood and Seating products, in 2D and 3D graphics and the Specifier Catalog.
>
> **ProjectMatrix, Inc** offers a full software solution for the contract furniture industry. Their software can help you create space plans to specifications for ease of specifying our Community Casegood and Seating product lines.
>
> **GSAdvantage** is a Federal Government electronic catalog site offered to assist GSA customers in specifying and pricing Community product. Listed at this site are all contract items and prices under GSA Contract # GS-28F-0030U.

Our Community web site www.communityfurniture.com provides many tools to assist in the design and order selection. Included in the site are downloadable images, brochures, contact information, price lists, sales representative locations, literature order form, warranty and environmental information.

Care and Maintenance

Care of Upholstery Surfaces
Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any Community carded fabrics and vinyls, please visit our website at www.communityfurniture.com or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

Maintenance of Mechanical Parts
Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions however lubricant can be used if needed.

Wood Edges and Veneer Surfaces
Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects.

Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

Metal finishes
Wipe smooth powder coat finishes and textured metals with a damp cloth. For stubborn stains and grease marks, use soap and water. Lightly brush textiles metals with a soft, dry brush to remove dirt.

4. Fabric Selection - Please supply the following:
Vendor name
Pattern name
Pattern color

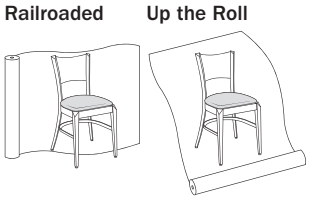
When specifying contrasting upholstery, indicate clearly which upholstery is to be applied to the seat and back. Use higher grade pricing.
- Indicate direction of fabric - Railroaded or Up the Roll
- Please provide illustration, if available

All C.O.M. orders must include the following:
- Vendor's name, pattern name and color
- Sample of the fabric attached to order
- Model numbers of items for fabric application
- Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)
- Customer and purchase order number

Ship prepaid C.O.M. material to:
Community
Attn: COM Dept
932 Mill St.
Jasper, Indiana 47546

Application of fabric:



All C.O.M. orders will ship at standard lead time from receipt of C.O.M. except for orders requiring special custom matched finishes.

5. Optional laser engraving back imprint - available on models 393A/C and 398A/C. See page 7 for details.

Specify:
- location - inside/outside of back
- size of design

3. Wood specie - Beech (B)

4. Metal Frame Color Options:

Anodized Nickel	Green Sandtex
Black Sandtex	New Age Rust
Bluefish Sandtex	Pewter
Bronze	Silver Bullet
Burgundy	Silver Vein
Copper Vein	Sparkle Silver
Gold Vein	

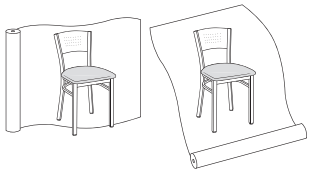
5. Fabric Selection - Please supply the following:
Vendor name
Pattern name
Pattern color

All C.O.M. orders must include the following:
- Vendor's name, pattern name and color
- Sample of the fabric attached to order
- Model numbers of items for fabric application
- Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)
- Customer and purchase order number

Ship prepaid C.O.M. material to:
Community
Attn: COM Dept
932 Mill St.
Jasper, Indiana 47546

Application of fabric:

Railroaded Up the Roll



All C.O.M. orders will ship at standard lead time from receipt of C.O.M. except for orders requiring special custom matched finishes.

3. Wood specie - Oak (O) or Maple (M)

4. Fabric Selection - Please supply the following:
Vendor name
Pattern name
Pattern color

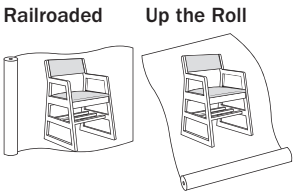
When specifying contrasting upholstery, indicate clearly which upholstery is to be applied to the seat and back. Use higher grade pricing.
- Indicate direction of fabric - Railroaded or Up the Roll
- Please provide illustration, if available

All C.O.M. orders must include the following:
- Vendor's name, pattern name and color
- Sample of the fabric attached to order
- Model numbers of items for fabric application
- Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)
- Customer and purchase order number

Ship prepaid C.O.M. material to:
Community
Attn: COM Dept
932 Mill St.
Jasper, Indiana 47546

Application of fabric:



All C.O.M. orders will ship at standard lead time from receipt of C.O.M. except for orders requiring special custom matched finishes.

5. Optional linking brackets - add $21 list per chair

CM4403C (model #)	CY (seat & back color)	SILVER BULLET (frame color)	MAYER (fabric vendor)	POSH (pattern name)	CEDAR (pattern color)

1. Model number

2. Seat and Back Plastic Color Options (seat and back will be same color):

CR	Chatroom
CY	Cayenne
FS	Fusion
GV	Greek Villa
RB	Resonant Blue
TB	Tricorn Black

3. Frame Color Selection - Silver Bullet or Black Sandtex

4. Fabric Selection - Please supply the following:
Vendor name
Pattern name
Pattern color

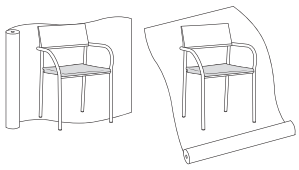
When specifying contrasting uphaolstery, indicate clearly which upholstery is to be applied to the seat and back. Use higher grade pricing.
- Indicate direction of fabric - Railroaded or Up the Roll
- Please provide illustration, if available

All C.O.M. orders must include the following:
- Vendor's name, pattern name and color
- Sample of the fabric attached to order
- Model numbers of items for fabric application
- Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)
- Customer and purchase order number

Ship prepaid C.O.M. material to:
Community
Attn: COM Dept
932 Mill St.
Jasper, Indiana 47546

Application of fabric:

Railroaded Up the Roll



All C.O.M. orders will ship at standard lead time from receipt of C.O.M. except for orders requiring special custom matched finishes.

3. Wood specie - Oak (O) or Maple (M)

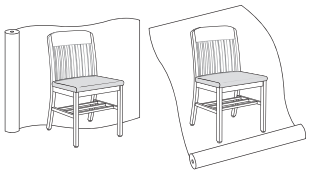
4. Fabric Selection - Please supply the following:
Vendor name
Pattern name
Pattern color

All C.O.M. orders must include the following:
- Vendor's name, pattern name and color
- Sample of the fabric attached to order
- Model numbers of items for fabric application
- Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)
- Customer and purchase order number

Ship prepaid C.O.M. material to:
Community
Attn: COM Dept
932 Mill St.
Jasper, Indiana 47546

Application of fabric:

Railroaded Up the Roll



All C.O.M. orders will ship at standard lead time from receipt of C.O.M. except for orders requiring special custom matched finishes.

CR	Chatroom	NG	Network Gray
CY	Cayenne	RB	Resonant Blue
DF	Daffodil	SG	Software
FS	Fusion	TB	Tricorn Black
GF	Golden Fleece		

3. Wood specie - Maple (M)

4. Fabric Selection - Please supply the following:
Fabric vendor
Pattern name
Pattern color

When specifying contrasting upholstery, indicate clearly which upholstery is to be applied to the seat, back and arms. Use higher grade pricing.
- Indicate direction of fabric - Railroaded or Up the Roll
- Please provide illustration, if available

All C.O.M. orders must include the following:
- Vendor's name, pattern name and color
- Sample of the fabric attached to order
- Model numbers of items for fabric application
- Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)
- Customer and purchase order number

Ship prepaid C.O.M. material to:
Community
Attn: COM Dept
932 Mill St.
Jasper, Indiana 47546

Application of fabric:

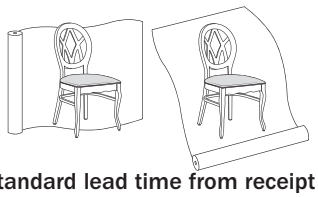
Railroaded Up the Roll



All C.O.M. orders will ship at standard lead time from receipt of C.O.M. except for orders requiring special custom matched finishes.

LOUNGE

Specify:
- ☐ **1. Model number**
- ☐ **2. Wood finish/color**
- ☐ **3. Wood specie - Cherry (C), Maple (M), White Oak (O) or Walnut (W)**
- ☐ **4. Fabric selection - vendor, pattern and color**
- ☐ **5. Table tops - Glass (G) or Wood (W)**
- ☐ **6. Optional rubber cushion nylon glides - no upcharge**

Examples:

FI2311	CLC	C	MAYER	POSH	CEDAR
(model #)	(finish)	(wood specie)	(fabric vendor)	(pattern name)	(pattern color)

1. Model number

2. Wood Finish/Color Options:

CLC Clear on Cherry
CLM Clear on Maple
CLO Clear on White Oak
CLW Clear on Walnut

3. Wood specie - Cherry (C), Maple (M), White Oak (O) or Walnut (W)

4. Fabric Selection - Please supply the following:
Fabric vendor
Pattern name
Pattern color

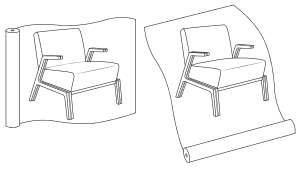
When specifying contrasting upholstery, indicate clearly which upholstery is to be applied to the seat and back. Use higher grade pricing.
- Indicate direction of fabric - Railroaded or Up the Roll
- Please provide illustration, if available

All C.O.M. orders must include the following:
- Fabric vendor's name, pattern name and color
- Sample of the fabric attached to order
- Model numbers of items for fabric application
- Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)
- Customer and purchase order number

Ship prepaid C.O.M. material to:
Community
Attn: COM Dept
932 Mill St.
Jasper, Indiana 47546

Application of fabric:

Railroaded Up the Roll



All C.O.M. orders will ship at standard lead time from receipt of C.O.M. except for orders requiring special custom matched finishes.

Legs

03BB - Metal Cylinder Legs
$70 list per leg
- Available on Jefferson only
- Black powder coat finish
- 3″ column diameter
- 13 gauge steel tubing
- 7 gauge 6 x 6 plate steel spider for easy installation
- 1 ½″ diameter adjustable glides

03BBWM - Metal Cylinder Legs with Wire Management
$83 list per leg
- Available on Jefferson only
- Wood leg style - square or tapered

Power & Data

CPS5 - Compact Power Source
$273 list
- Black Sandtex powder coat finish
- U/L listed and CSA approved
- Easy lift hinge cover
- When not in use, cover is lowered to flush table top position
- Includes: (1) RJ-11 voice, (1) RJ-45 CAT6 data jack, (2) 110 electrical outlets and 6’ molded plug cord
- Size: 5 ¾″ w x 5 ⅜″ d
- Centered top installation included

Wire Management Channel

12WC (12″ channel)	$33 list
24WC (24″ channel)	$41 list
36WC (36″ channel)	$47 list

- Matte black textured plastic
- Adhesive back for easy installation
- Field installation required

PS110 - Retractable Power Source
$239 list
- Black plastic
- U/L listed and CSA approved
- Includes: (2) 110 electrical outlets and (1) voice and data face plate
- Centered top installation included

GR3 - Grommet
$70 list
- Matte black textured plastic
- Removable cap
- 3″ overall dimension
- 2 ¼″ inside dimension
- Centered table top installation included

STANDARD LAMINATE LIST

Community's standard wood grain matches - no upcharge.

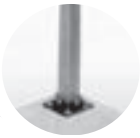
Additional laminate options

When ordering from our Jefferson, Lincoln, Encore, Laurel or Callaway table series:

- Orders of LESS than 3 tables will incur a $125 upcharge on any laminate selection except the Community wood grain laminates listed above.
- Orders GREATER than 3 will not incur any additional charges when ordering a standard pattern from Wilsonart, Formica or Pionite. For a complete list of standard laminates from these vendors please see our website at www.communityfurniture.com.

Additional charges apply to premium and specialty laminates. Please contact customer service for pricing.

Jefferson Tables Order Check List:



Jefferson tables feature plate-barrel nut construction for added stability.

Specify:

- ☐ **1. Model number**
- ☐ **2. Top material - Veneer (W) or Laminate (L)**
- ☐ **3. Wood finish/color**
- ☐ **4. Wood specie - Oak (O) or Maple (M)**
- ☐ **5. Edge profile**
- ☐ **6. Leg style - Square (S) or Tapered (T)**
- ☐ **7. Optional metal legs - add $64 list**
- ☐ **8. Optional metal legs with wire management - add $76 list**
- ☐ **9. Optional apron rails available - no upcharge**
- ☐ **10. Optional premium or specialty laminate tops available - contact customer service for pricing**

Top core material is 1 1/8″ thick with 45 lb. density industrial grade particle board. The face is wood veneer or .050 horizontal grade high pressure laminate (HPL). A backer is bonded to bottom side to ensure balanced construction. All tops have mitered corner external solid lumber bands with inset laminate or veneer.

Examples:

6. Optional custom laminate imaging tops available - see next page for details

7. Order any standard pattern from Wilsonart, Formica or Pionite with no upcharge. For a complete standard list for any of these vendors please see our website at www.communityfurniture.com. Optional premium or specialty laminate tops available - contact customer service for pricing.

Custom Laminate Imaging:

Size Restrictions:
- Round - Up to 60″
- Rectangle - Up to 36″ x 72″

Pricing is based on info below:
- Quantity
- Table top size
- Color

We recommend a matte finish for more durability and scratch resistance.
Quantities under five - add $286 list set up fee.
Contact customer service for additional information.

Artwork Formatting Guidelines:
- Best type of file for custom laminate is a **vector based file**. This is due to the fact that resolution is not a concern with vector based files and therefore we can enlarge an image as much as we need to without a problem with clarity.
- **Very important: On all vector based files, convert all fonts to outlines** (or paths). This is the **ONLY** way to ensure that we will be able to print the fonts you want.
- Also, specify colors as Pantones in the file. When specifying Pantone colors please use UNCOATED colors. If Pantone colors are not available, please send a hard copy showing the colors you are needing.

For vector based files we prefer the following tile formats:

Adobe Illustrator: Save using an .ai or .eps extension. (Examples: table_top_design.ai *or* table_top_design.eps)

Freehand: Version 9 and before. You can also export as an EPS file. **Make sure all imported files are embedded.**

Photoshop: Version CS or before. Save files as .tif or .psd files. If your artwork is in layers in Photoshop, please send the files to us in layers. Also, for color matching purposes we will need a hard copy of the colors you want to see. If the file originated in Illustrator or Freehand please send us the original file instead of a Photoshop file.

Corel Draw: We are able to read files Version 8.0 or earlier for PC. If you have a Mac-based Corel file you need to export the file as an EPS file. For extra insurance, have the file exported as an Illustrator file. (.ai) also. **Corel files cannot be used for the graphic process.** We will have to convert the file to an EPS format. Therefore, keep the file size as small as possible. Corel tends to expand rapidly when converted to EPS files.

Do not send a PageMaker file or a QuarkXPress file.

We can read a 100 MB zip disk, a 250 MB zip disk, or a CD.

We can also accept files via the Internet. We have a file size limitation of 10 MB, however larger files can be accessed. Please contact customer service for assistance.

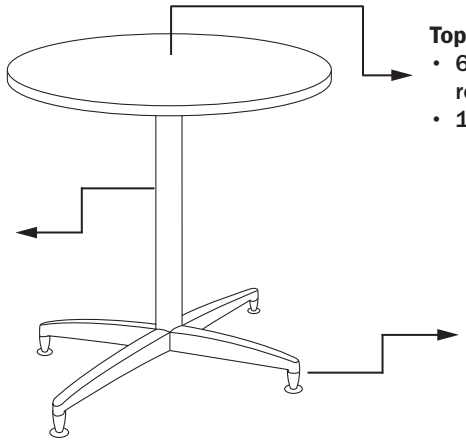
The Prep Multi-Purpose Collection has a flexible offering of shapes and sizes. The bases and tops are specified separately. Prep Training offers a training package with cantilevered bases to simplify the specification process.

Multi-Purpose Tables
Tops and bases sold separately

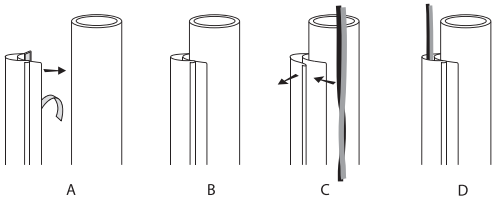


Tops
- 6 top shapes - Rectangle, square, round, half round, trapezoid, AV and linking wedges.
- 11 edge colors for laminate top

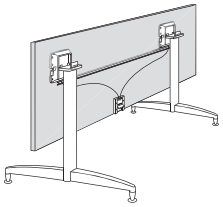
Bases
- Base styles available in T or X
- Standard, counter and bar heights
- Two color options - Black (B) or Silver (S)

Glides or Casters
- Interchangeable in the field
- Casters or glides offers same table height
- Dual-wheel locking casters
- Color: Black

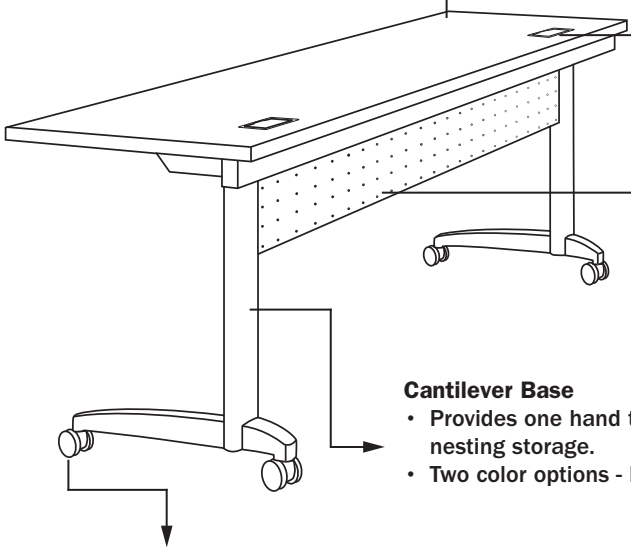
Vertical wire management attaches to the leg. See page 230 for pricing.



One hand pull release



Training Package - see page 249
Includes tilt top, modesty panel, two bases with casters.



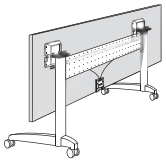
Training Table Tops
- Top shapes available in rectangle, quarter round and linking wedges.
- Wilsonart standard laminate top offer
- 11 edge colors for laminate tops
- Eased edge profile

Optional electrical package with plastic cover

Modesty Panel
- Color will match the base color selection

Cantilever Base
- Provides one hand tilt function for easy nesting storage.
- Two color options - Black (B) or Silver (S)

Tilt top



Casters
- Standard with casters
- Dual-wheel locking
- Color: Black

TABLES

How to Specify Prep Tables

(Table configuration includes top, modesty panel, and tilt top bases with casters)

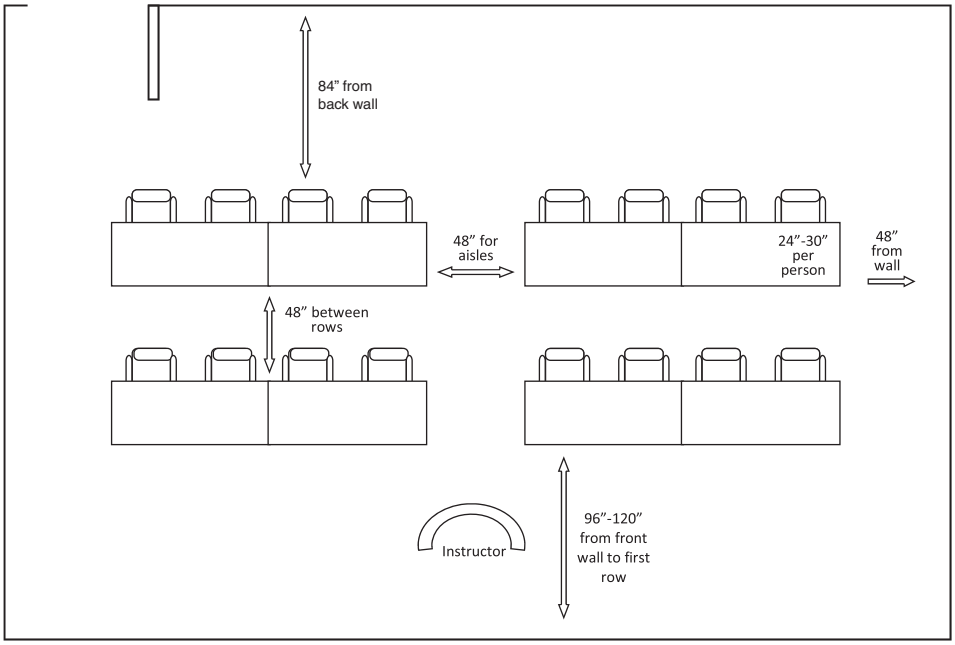
Follow these easy steps to create an adaptable, mobile learning environment.

1. The first step, initial requirements
A) Determine room configuration which will best fit your needs
B) Determine seating capacity requirements

2. Determine the Top Shapes and Sizes, as well as the number of tops needed for the chosen table configuration. (See page 216 for seating capacity options.)

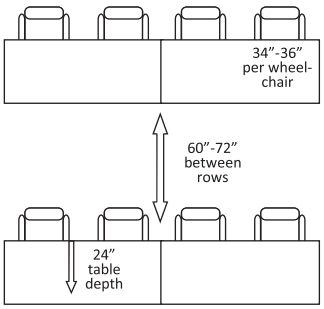
A) Table Placement Guidelines

- 24″–30″ per person
- 48″ for aisles
- 48″ from side walls
- 96″–120″ for presenter between front wall and first row
- 48″ between rows
- 84″ from back wall
- 72″ between round or square tables



B) ADA Guidelines

- 34″–36″ per wheelchair table space
- 24″ minimum table depth
- 60″–72″ between rows for wheelchairs to be placed back-to-back
- 36″ minimum for wheelchair single passage
- 60″ minimum for wheelchair double passage
- 60″ minimum diameter to turn wheelchair
- 29″ height accommodates newer wheelchairs; however, some wheelchairs require 32″ height.



3. Select Base Color, Top Material and Edge Color

A) Base color

B - Black
S - Silver

B) Top material

LS - Laminate with standard PVC eased edge (For standard laminate list, see page 221)
LP - Laminate with premium edge

C) Edge color

Standard colors		Premium colors	
AU	Autumn Cherry	AL	Aluminum
BL	Black	TT	Titanium
NC	Natural Cherry		
NM	Natural Maple		
PL	Platinum		
SH	Shadow		
ST	Slate		
VC	Vintage Cherry		
WH	White		

4. Table Options

A) Linking kits

- All table tops are pre-bored with inserts for linking tops.

B) Power kit options

- Table size will determine your standard power and grommet location.
- Single or double circuit available
- Optional data ports
- Two color options: Black (B) or Silver (S)

NOTE: Training Tables includes tilt top, modesty panel, two bases with casters

Community offers single or double circuit electrical units to meet classroom technology demands. See Power and Data pages 218-220. Please contact our customer service department for assistance at 800-622-5661.

Seating Capacity Options

For other seating requirements, select different configurations that are compatible with classroom size and capacity.

TABLES

Power Kits

Full power and data packages with numerous interface options allow for Prep tables to be rolled out, plugged in, and reconfigured.

Grommet

Grommet

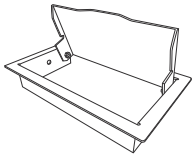

Figure 1

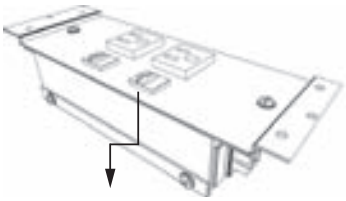
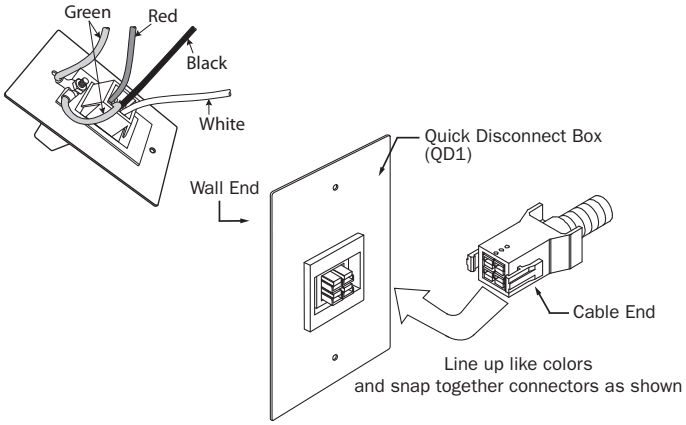


Optional data cut outs
(DJ-45 see page 230)

Prep's electrical package (EP) offers single and double circuit capability. Data ports for easy internet access and equipment charging are also available.

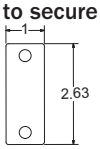
Figure 2
With optional quick disconnect wall outlet.



Prep's power kit accommodates classroom or training room requirements with single or double circuit options, indicated by series of colored wires.

Included in the power kit:
- Power box with grommet
  - One box for 42″, 48″ rectangle tops, trapezoid, half round and AV
  - Two boxes for the 60″ & 72″ rectangle tops.
- Cables
  - One power box kit - Two cables are included; one for each end of the power box
  - Two power box kits - Three cables are included; one for each end of the table and one to connect the two boxes
- Wire Cable Clamps - to secure your wires to the underside of the table top

- Safety linking plate - screws the underside of the table top to secure the tables from being pulled apart accidently and damaging electrical cables



- Black plastic electrical cover with wire management.

Single and Double Circuit Guide

Single circuit
- For smaller rooms with limited electrical needs
- Each table's electrical components can be connected with cables and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Rounds Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
  1) Quick disconnect wall outlet
  2) 6′ cable with standard 3-prong plug
  3) Hard wired into wall with cable extended from wall

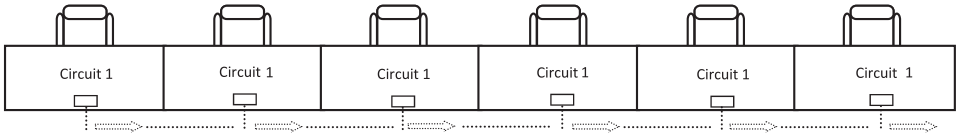
Double circuit
- For larger rooms with greater electrical needs
- Double circuit use requires a table grid with circuits assigned to alternating tables (see page 219)
  (Example: Table 1 = circuit 1, Table 2 = circuit 2, Table 3 = circuit 1)
- When connecting to building power; options include:
  1) Quick disconnect wall outlet
  2) Hard wired into wall with cable extended from wall

Single and Double Circuit* Guide

- Each table's electrical components can be connected in the field with cables, and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Round Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
  1) Quick disconnect wall outlet*
  2) 6′ cable with standard 3-prong plug - single circuit only; cannot be used with double circuit
  3) Hard wired into wall with cable extended from wall*

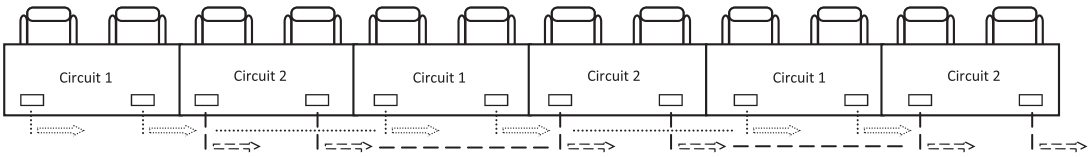
Single Circuit
- Use allows maximum flexibility for smaller rooms with limited electrical needs
- Up to 6 electrical units can be linked on a single circuit grid

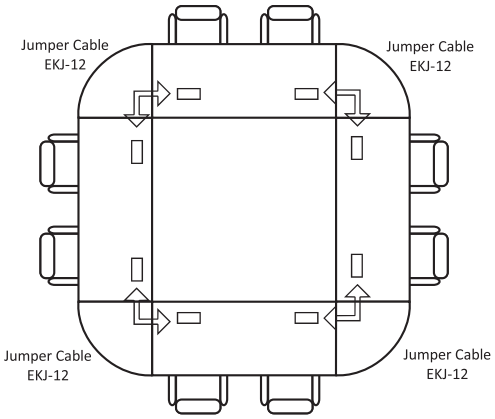
Ex. 1



Double Circuit
- Use for larger rooms with greater electrical needs
- Up to 12 power units can be linked on a double circuit grid
- Double circuit use requires a table grid with circuits assigned to alternating tables, as shown

Ex. 2





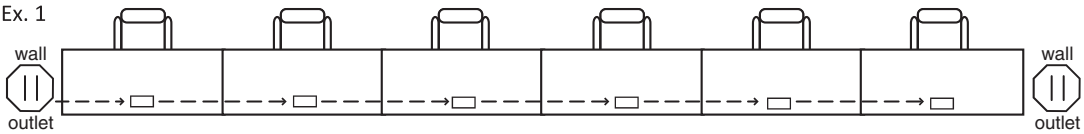
*NOTE: Double circuit building power source options must be wired to support double circuit configurations.

Non-Directional and Non-Sequential Electrical System

Prep's non-directional, non-sequential electrical package allows virtually any configuration. In addition, table order is not limited by single or double circuit grids. Simply disconnect each table from the connecting table or wall outlet, change the configuration, and reconnect the tables to one another or to the wall. It's that simple!

Non-Directional

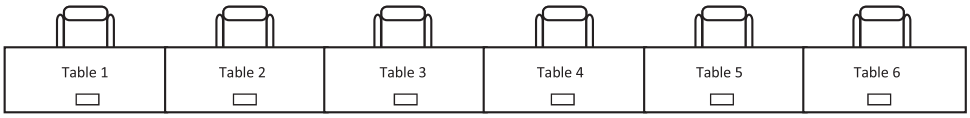
Ex. 1



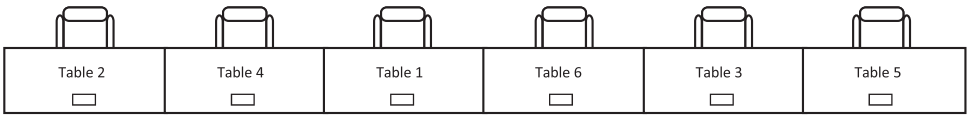
- Wall power in-feed cables can be attached to either end of the table configuration

Non-Sequential

Ex. 1



Ex. 2

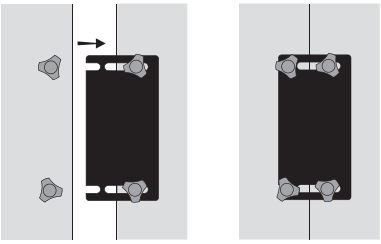


- Table order isn't a concern with Prep's electrical system

Single and Double Circuit Options
- Quick disconnect wall outlet
- Hard wiring with cable extended from wall
- Building power source must be wired to support double circuit configurations

Double Circuit
- The electrical system is a four wire system consisting of two individual circuits. Each circuit is rated at 20 amps/120 volts maximum.
- Circuit 1 (black), and Circuit 2 (red) are served by a system neutral (white) and an equipment ground (green). Check with local codes before connecting to building.

Linking Kit



- Easy to install
- All table tops are prebored with inserts to accept field installed linking kit except round and square tops
- 4 black low profile knobs (2 for each table) with quick release flat plate
- 11″ gauge steel
- Standard on Wedge and Quarter Round table tops

Wedge and Quarter Rounds linking tops are available.
(See page 217.) All linking tables include linking kits.

Specifications

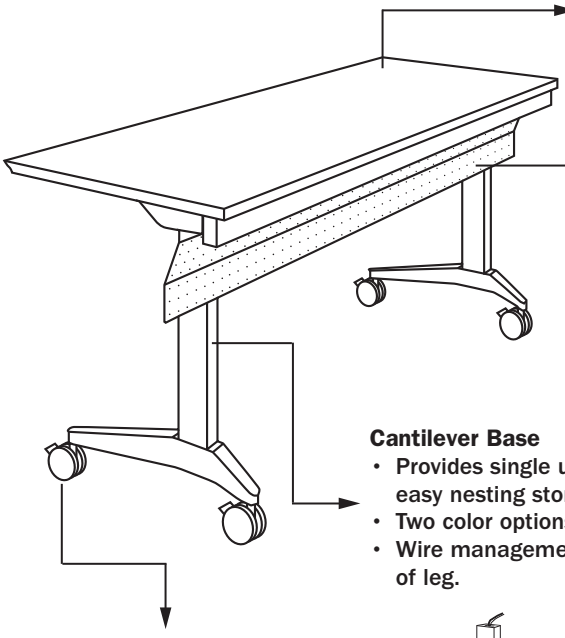
- Wood specie - Oak or Maple in 15 wood finishes and 15 colors.
- Features square edge (A).
- Tops are 1 ⅛″ thick with Black Laminate, 1″ thick with Powder Coat, 1 3/16″ thick with Chemsurf or 1″ thick with Epoxy Resin.
- Apron rails are 13/16″ thick and 5″ tall.
- Legs are 2 ¼″ square with adjustable glides.

Cruz Training Tables 235

Prep Training Tables 249

Overview

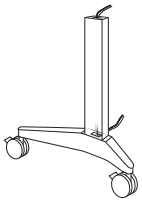
Cruz brings adaptable mobility to learning environments with a functional offering of basic table and linking top shapes, plus a full range of training components.



Tops
- 5 top shapes: Rectangle, Half Round, Quarter Round, Trapezoid, and Linking Wedges.
- Powder Coat or Wilsonart standard laminate top offerings
- 2 powder coat colors
- 11 edge colors for laminate tops
- Single user paddle release
- Power kits available

Modesty Panel
- Standard on all tables
- Color will match the base color selection
- Two color options - Black (B) or Silver (S)

Cantilever Base
- Provides single user tilt function and easy nesting storage.
- Two color options - Black (B) or Silver (S)
- Wire management through center of leg.



Casters
- Size: 3″
- Dual-wheel locking
- Color: Black

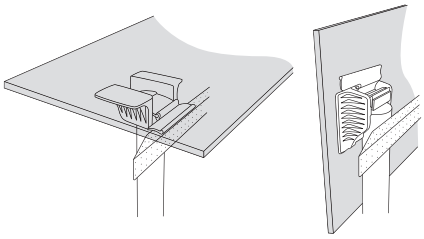
Nesting

Top Construction Detail

Powder Coat Construction
Powder Coat solid core tops are 1″ thick with a core of 45 lb. medium density fiberboard (MDF) that has a seamless color finish on all sides.

Laminate Construction
Top construction is 1 ⅛″ thick particle board. The laminate face is .050 horizontal grade high pressure laminate (HPL). A backer is bonded to the bottom side to ensure balanced construction.

Single user paddle release



TABLES

How to Specify Cruz Pre-Configured Training Tables

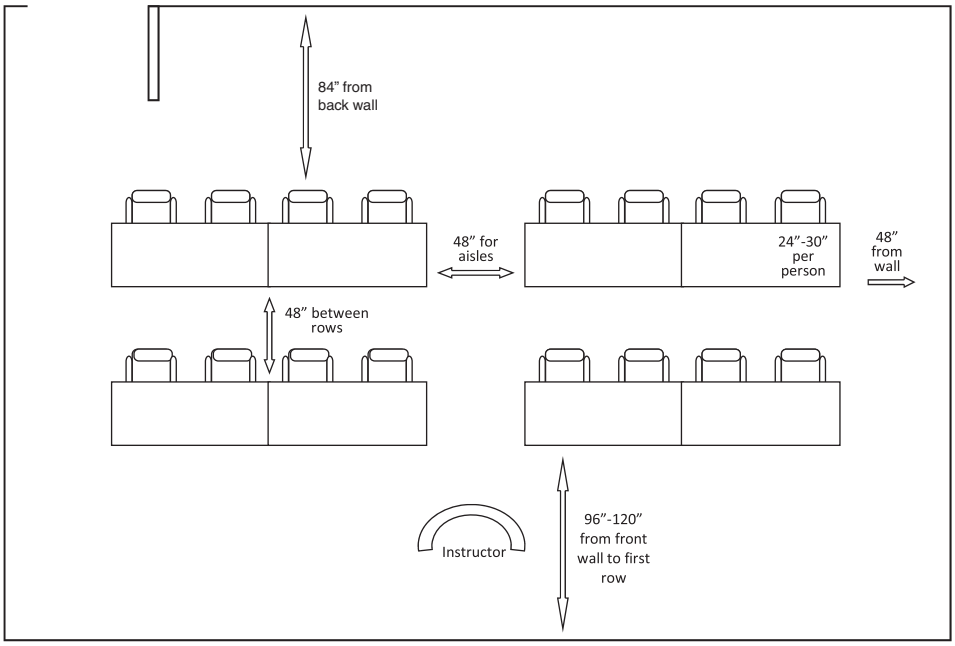
(Table configuration includes top, modesty panel, and tilt top bases with casters)

Follow these easy steps to create an adaptable, mobile learning environment.

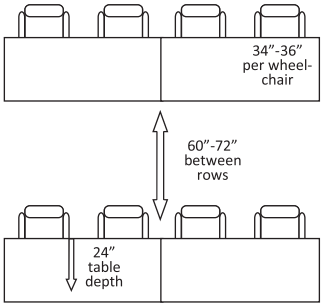
1. The first step, initial requirements
A) Determine room configuration which will best fit your needs
B) Determine seating capacity requirements

2. Determine the Top Shapes and Sizes, as well as the number of tops needed for the chosen table configuration. (See page 238 for seating capacity options.)

A) Table Placement Guidelines
- 24″–30″ per person
- 48″ for aisles
- 48″ from side walls
- 96″–120″ for presenter between front wall and first row
- 48″ between rows
- 84″ from back wall



B) ADA Guidelines
- 34″–36″ per wheelchair table space
- 24″ minimum table depth
- 60″–72″ between rows for wheelchairs to be placed back-to-back
- 36″ minimum for wheelchair single passage
- 60″ minimum for wheelchair double passage
- 60″ minimum diameter to turn wheelchair
- 29″ height accommodates newer wheelchairs; however, some wheelchairs require 32″ height.



3. Select Base Color, Top Material and Edge Color

A) Base color

B - Black
S - Silver

B) Top material

LS - Laminate with standard PVC eased edge (For standard laminate list, see page 243)
LP - Laminate with premium metallic eased edge
PD - Powder Coat - offered in Backdrop (BD) and Greek Villa (GV)
(Reverse knife edge on user side and eased edge on approach)

C) Edge colors for laminate tops

Standard colors		Premium colors	
AU	Autumn Cherry	AL	Aluminum
BL	Black	TT	Titanium
NC	Natural Cherry		
NM	Natural Maple		
PL	Platinum		
SH	Shadow		
ST	Slate		
VC	Vintage Cherry		
WH	White		

4. Training Table Options

A) Linking kits

- All table tops are pre-bored with inserts for linking tops.

B) Power kit options

- Table size will determine your standard power and grommet location.
- Single or double circuit available
- Optional data ports
- Two color options: Black (B) or Silver (S)

Community offers single or double circuit electrical units to meet classroom technology demands. See Power and Data pages 240-242. Please contact our customer service department for assistance at 800-622-5661.

Seating Capacity Options

For other seating requirements, select different configurations that are compatible with classroom size and capacity.

TABLES

Power Kits

Full power and data packages with numerous interface options allow for Cruz tables to be rolled out, plugged in, and reconfigured.

Grommet

Grommet

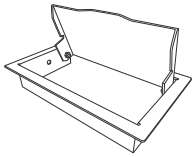

Figure 1

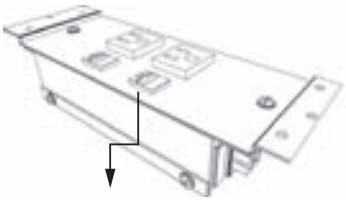
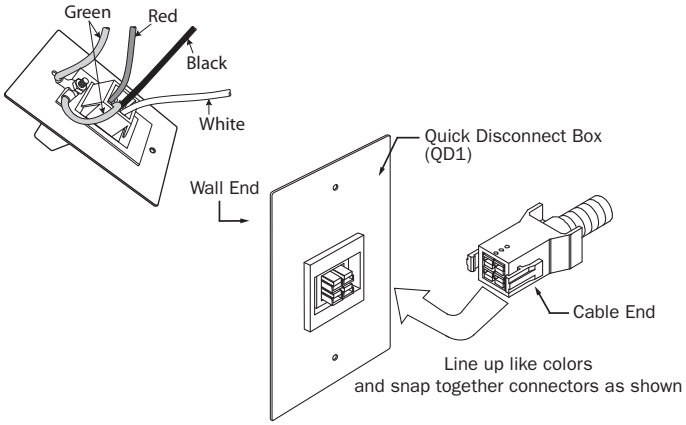


Cruz's electrical package (EP) offers single and double circuit capability. Data ports for easy internet access and equipment charging are also available.

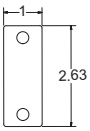
Figure 2
With optional quick disconnect wall outlet.



Cruz's power kit accommodates classroom or training room requirements with single or double circuit options, indicated by series of colored wires.

Included in the power kit:
- Power box with grommet
  - One box for 42″, 48″ rectangle tops, trapezoid, half round and AV
  - Two boxes for the 60″ & 72″ rectangle tops.
- Cables
  - One power box kit - Two cables are included; one for each end of the power box
  - Two power box kits - Three cables are included; one for each end of the table and one to connect the two boxes
- Wire Cable Clamps - to secure your wires to the underside of the table top

- Safety linking plate - screws the underside of the table top to secure the tables from being pulled apart accidently and damaging electrical cables



Single and Double Circuit Guide

Single circuit
- For smaller rooms with limited electrical needs
- Each table's electrical components can be connected with cables and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Rounds Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
  1) Quick disconnect wall outlet
  2) 6′ cable with standard 3-prong plug
  3) Hard wired into wall with cable extended from wall

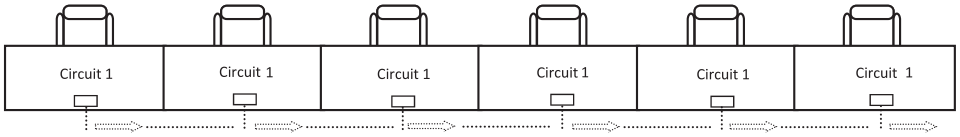
Double circuit
- For larger rooms with greater electrical needs
- Double circuit use requires a table grid with circuits assigned to alternating tables (see page 241)
  (Example: Table 1 = circuit 1, Table 2 = circuit 2, Table 3 = circuit 1)
- When connecting to building power; options include:
  1) Quick disconnect wall outlet
  2) Hard wired into wall with cable extended from wall

Single and Double Circuit* Guide

- Each table's electrical components can be connected in the field with cables, and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Round Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
  1) Quick disconnect wall outlet*
  2) 6′ cable with standard 3-prong plug - single circuit only; cannot be used with double circuit
  3) Hard wired into wall with cable extended from wall*

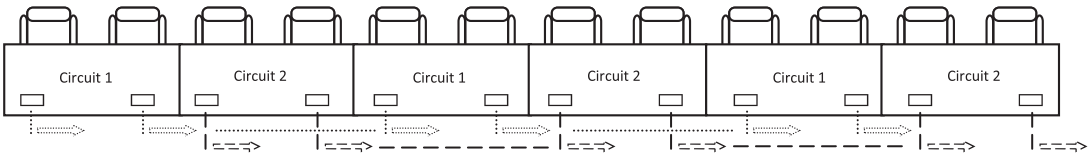
Single Circuit
- Use allows maximum flexibility for smaller rooms with limited electrical needs
- Up to 6 electrical units can be linked on a single circuit grid

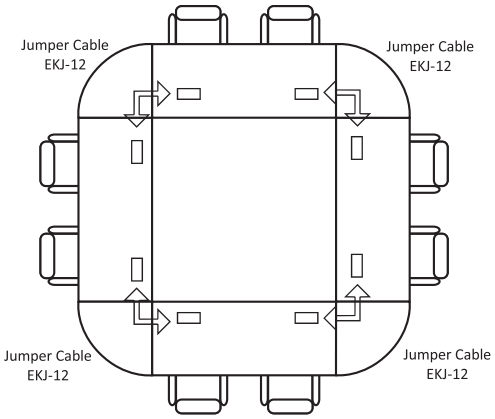
Ex. 1



Double Circuit
- Use for larger rooms with greater electrical needs
- Up to 12 power units can be linked on a double circuit grid
- Double circuit use requires a table grid with circuits assigned to alternating tables, as shown

Ex. 2



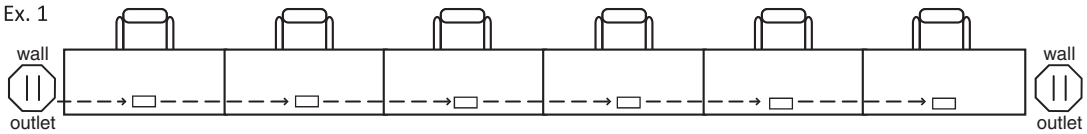


*NOTE: Double circuit building power source options must be wired to support double circuit configurations.

Non-Directional and Non-Sequential Electrical System

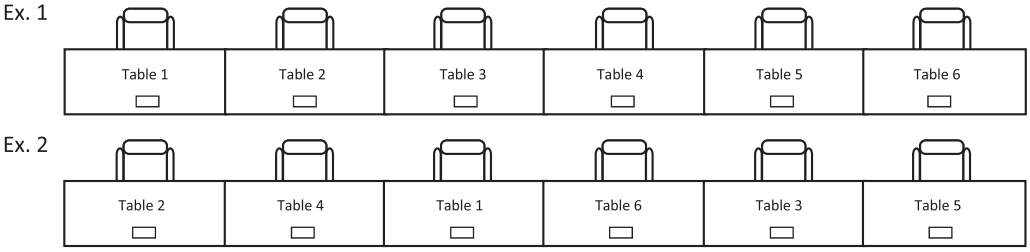
Cruz's non-directional, non-sequential electrical package allows virtually any configuration. In addition, table order is not limited by single or double circuit grids. Simply disconnect each table from the connecting table or wall outlet, change the configuration, and reconnect the tables to one another or to the wall. It's that simple!

Non-Directional



- Wall power in-feed cables can be attached to either end of the table configuration

Non-Sequential

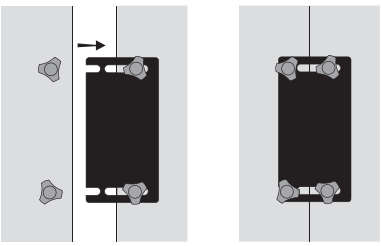


- Table order isn't a concern with Cruz's electrical system

Single and Double Circuit Options
- Quick disconnect wall outlet
- Hard wiring with cable extended from wall
- Building power source must be wired to support double circuit configurations

Double Circuit
- The electrical system is a four wire system consisting of two individual circuits. Each circuit is rated at 20 amps/120 volts maximum.
- Circuit 1 (black), and Circuit 2 (red) are served by a system neutral (white) and an equipment ground (green). Check with local codes before connecting to building.

Linking Kit



- Easy to install
- All table tops are prebored with inserts to accept field installed linking kit
- 4 black low profile knobs (2 for each table) with quick release flat plate
- 11″ gauge steel
- Standard on Wedge and Quarter Round table tops

Wedge and Quarter Rounds linking tops are available in ten sizes. (See page 239.) All linking tables include linking kits.

TABLES

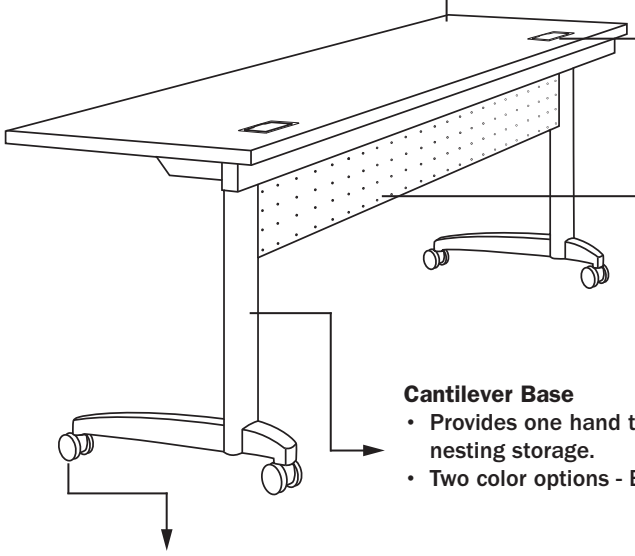
The Prep Training Tables Collection has a flexible offering of shapes and sizes. The bases and tops are specified separately. Prep Training offers a training package with cantilevered bases to simplify the specification process.

Training Package
Includes tilt top, modesty panel, two bases with casters.



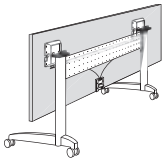
Training Table Tops
- Top shapes available in rectangle, quarter round and linking wedges.
- Wilsonart standard laminate top offer
- 11 edge colors for laminate tops
- Eased edge profile

Optional electrical package with plastic cover

Modesty Panel
- Color will match the base color selection

Cantilever Base
- Provides one hand tilt function for easy nesting storage.
- Two color options - Black (B) or Silver (S)

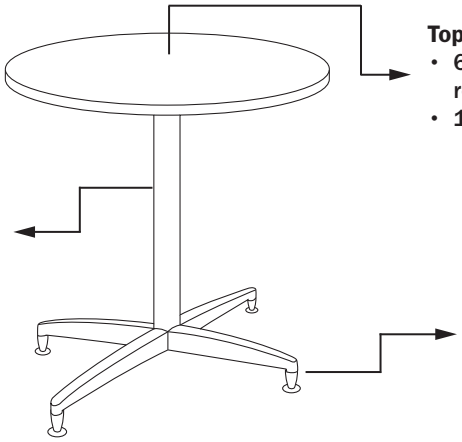
Tilt top



Casters
- Standard with casters
- Dual-wheel locking
- Color: Black

TABLES

Multi-Purpose Tables
Tops and bases sold separately

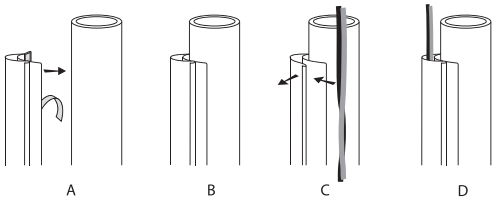


Tops
- 6 top shapes - Rectangle, square, round, half round, trapezoid, AV and linking wedges.
- 11 edge colors for laminate top

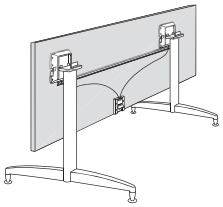
Bases
- Base styles available in T or X
- Standard, counter and bar heights
- Two color options - Black (B) or Silver (S)

Glides or Casters
- Interchangeable in the field
- Casters or glides offers same table height
- Dual-wheel locking casters
- Color: Black

Wire management cover attaches to the leg.



One hand pull release



How to Specify Prep Tables

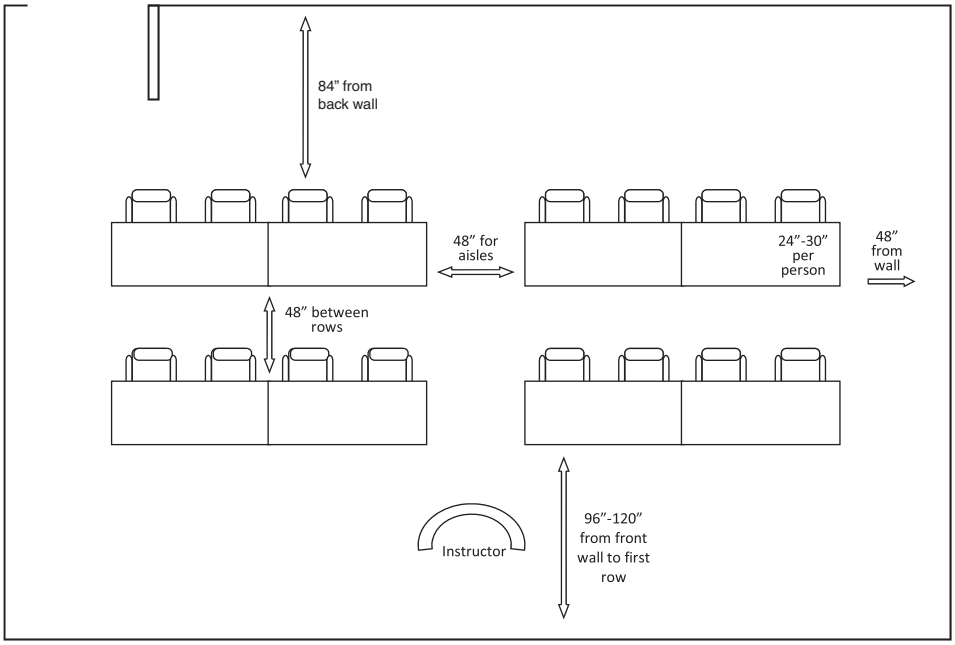
(Table configuration includes top, modesty panel, and tilt top bases with casters)

Follow these easy steps to create an adaptable, mobile learning environment.

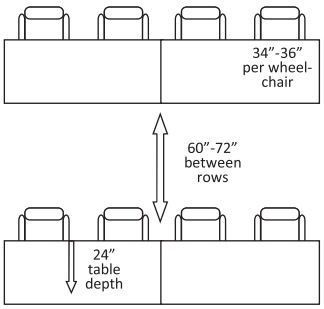
1. The first step, initial requirements
A) Determine room configuration which will best fit your needs
B) Determine seating capacity requirements

2. Determine the Top Shapes and Sizes, as well as the number of tops needed for the chosen table configuration. (See page 252 for seating capacity options.)

A) Table Placement Guidelines
- 24″–30″ per person
- 48″ for aisles
- 48″ from side walls
- 96″–120″ for presenter between front wall and first row
- 48″ between rows
- 84″ from back wall
- 72″ between round or square tables



B) ADA Guidelines
- 34″–36″ per wheelchair table space
- 24″ minimum table depth
- 60″–72″ between rows for wheelchairs to be placed back-to-back
- 36″ minimum for wheelchair single passage
- 60″ minimum for wheelchair double passage
- 60″ minimum diameter to turn wheelchair
- 29″ height accommodates newer wheelchairs; however, some wheelchairs require 32″ height.



3. Select Base Color, Top Material and Edge Color

A) Base color

B - Black
S - Silver

B) Top material

LS - Laminate with standard PVC eased edge (For standard laminate list, see page 257)
LP - Laminate with premium edge

C) Edge color

Standard colors		Premium colors	
AU	Autumn Cherry	AL	Aluminum
BL	Black	TT	Titanium
NC	Natural Cherry		
NM	Natural Maple		
PL	Platinum		
SH	Shadow		
ST	Slate		
VC	Vintage Cherry		
WH	White		

4. Table Options

A) Linking kits

- All table tops are pre-bored with inserts for linking tops.

B) Power kit options

- Table size will determine your standard power and grommet location.
- Single or double circuit available
- Optional data ports
- Two color options: Black (B) or Silver (S)

NOTE: Training Tables includes tilt top, modesty panel, two bases with casters

Community offers single or double circuit electrical units to meet classroom technology demands. See Power and Data pages 254-256. Please contact our customer service department for assistance at 800-622-5661.

Seating Capacity Options

For other seating requirements, select different configurations that are compatible with classroom size and capacity.

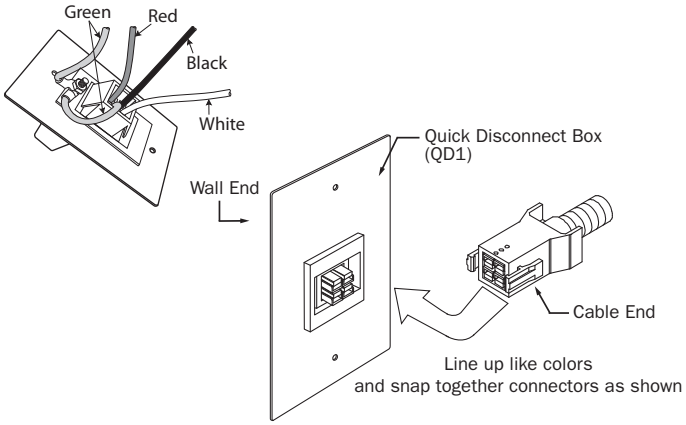
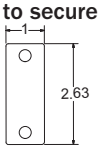
Figure 2
With optional quick disconnect wall outlet.



Prep's power kit accommodates classroom or training room requirements with single or double circuit options, indicated by series of colored wires.

Included in the power kit:
- Power box with grommet
  - One box for 42″, 48″ rectangle tops, trapezoid, half round and AV
  - Two boxes for the 60″ & 72″ rectangle tops.
- Cables
  - One power box kit - Two cables are included; one for each end of the power box
  - Two power box kits - Three cables are included; one for each end of the table and one to connect the two boxes
- Wire Cable Clamps - to secure your wires to the underside of the table top
- Safety linking plate - screws the underside of the table top to secure the tables from being pulled apart accidently and damaging electrical cables
- Black plastic electrical cover with wire management.



Single and Double Circuit Guide

Single circuit
- For smaller rooms with limited electrical needs
- Each table's electrical components can be connected with cables and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Rounds Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
  1) Quick disconnect wall outlet
  2) 6′ cable with standard 3-prong plug
  3) Hard wired into wall with cable extended from wall

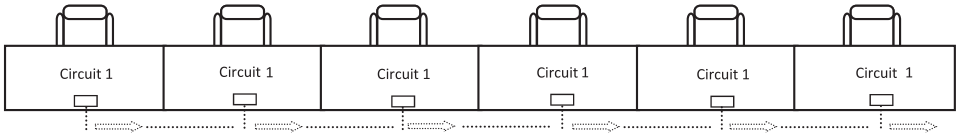
Double circuit
- For larger rooms with greater electrical needs
- Double circuit use requires a table grid with circuits assigned to alternating tables (see page 255)
  (Example: Table 1 = circuit 1, Table 2 = circuit 2, Table 3 = circuit 1)
- When connecting to building power; options include:
  1) Quick disconnect wall outlet
  2) Hard wired into wall with cable extended from wall

Single and Double Circuit* Guide

- Each table's electrical components can be connected in the field with cables, and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Round Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
  1) Quick disconnect wall outlet*
  2) 6′ cable with standard 3-prong plug - single circuit only; cannot be used with double circuit
  3) Hard wired into wall with cable extended from wall*

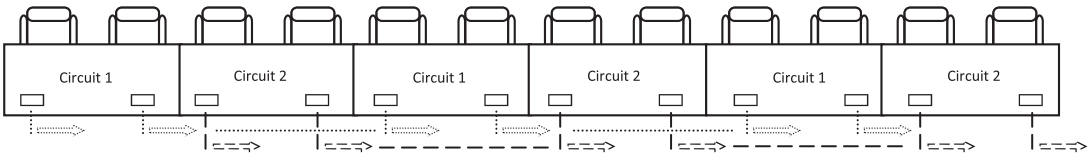
Single Circuit
- Use allows maximum flexibility for smaller rooms with limited electrical needs
- Up to 6 electrical units can be linked on a single circuit grid

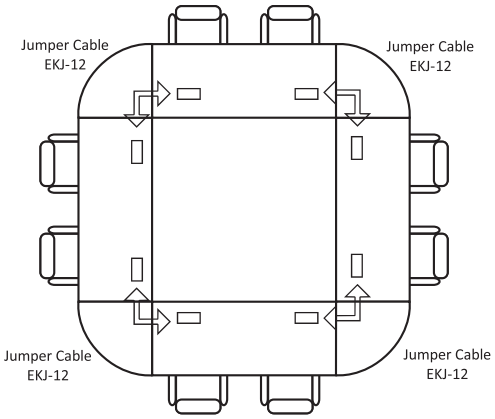
Ex. 1



Double Circuit
- Use for larger rooms with greater electrical needs
- Up to 12 power units can be linked on a double circuit grid
- Double circuit use requires a table grid with circuits assigned to alternating tables, as shown

Ex. 2



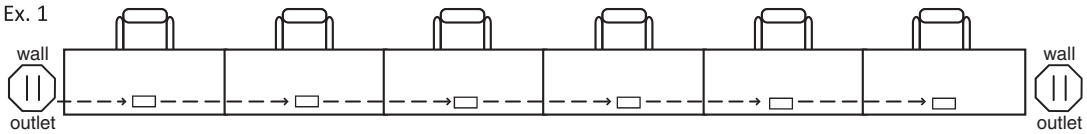


*NOTE: Double circuit building power source options must be wired to support double circuit configurations.

Non-Directional and Non-Sequential Electrical System

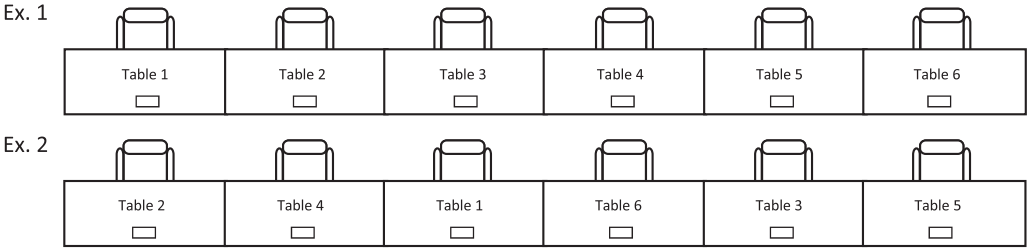
Prep's non-directional, non-sequential electrical package allows virtually any configuration. In addition, table order is not limited by single or double circuit grids. Simply disconnect each table from the connecting table or wall outlet, change the configuration, and reconnect the tables to one another or to the wall. It's that simple!

Non-Directional



- **Wall power in-feed cables can be attached to either end of the table configuration**

Non-Sequential

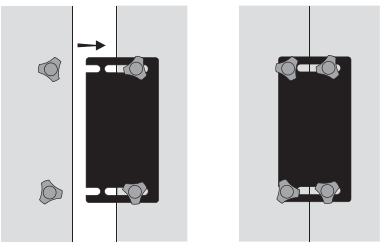


- **Table order isn't a concern with Prep's electrical system**

Single and Double Circuit Options
- Quick disconnect wall outlet
- Hard wiring with cable extended from wall
- Building power source must be wired to support double circuit configurations

Double Circuit
- The electrical system is a four wire system consisting of two individual circuits. Each circuit is rated at 20 amps/120 volts maximum.
- Circuit 1 (black), and Circuit 2 (red) are served by a system neutral (white) and an equipment ground (green). Check with local codes before connecting to building.

Linking Kit



- Easy to install
- All table tops are prebored with inserts to accept field installed linking kit except round and square tops
- 4 black low profile knobs (2 for each table) with quick release flat plate
- 11″ gauge steel
- Standard on Wedge and Quarter Round table tops

Wedge and Quarter Rounds linking tops are available.
(See page 253.) All linking tables include linking kits.

3. Wood specie - Oak (O) or Maple (M)

4. Fabric Selection - Please supply the following:
Vendor name
Pattern name
Pattern color

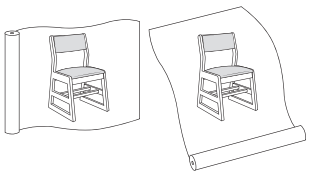
When specifying contrasting upholstery, indicate clearly the upholstery to be applied to the seat and back. Use higher grade pricing.
- Indicate direction of fabric - Railroaded or Up the Roll
- Please provide illustration, if available

All C.O.M. orders must include the following:
- Vendor's name, pattern name and color
- Sample of the fabric attached to order
- Model numbers of items for fabric application
- Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)
- Customer and purchase order number

Ship prepaid C.O.M. material to:
Community
Attn: COM Dept
932 Mill St.
Jasper, Indiana 47546

Application of fabric:

Railroaded Up the Roll



All C.O.M. orders will ship at standard lead time from receipt of C.O.M. except for orders requiring special custom matched finishes.

5. Optional linking brackets - add $21 list per chair

6. Optional casters - add $78 list; standard seat height maintained. **LEG MODELS ONLY**

7. Optional rubber cushion nylon glides - no upcharge

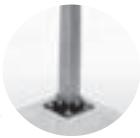
Additional laminate options

When ordering from our Jefferson, Lincoln, Encore, Laurel or Callaway table series:

- Orders of LESS than 3 tables will incur a $125 upcharge on any laminate selection except the Community wood grain laminates listed above.
- Orders GREATER than 3 will not incur any additional charges when ordering a standard pattern from Wilsonart, Formica or Pionite. For a complete list of standard laminates from these vendors please see our website at www.communityfurniture.com.

Additional charges apply to premium and specialty laminates. Please contact customer service for pricing.

Jefferson Juvenile and Children's Tables Order Check List:



Jefferson tables feature plate-barrel nut construction for added stability.

Specify:
- ☐ **1. Model number**
- ☐ **2. Top material - Veneer (W) or Laminate (L)**
- ☐ **3. Wood finish/color**
- ☐ **4. Wood specie - Oak (O) or Maple (M)**
- ☐ **5. Edge profile**
- ☐ **6. Leg style - Square (S) or Tapered (T)**
- ☐ **7. Optional premium or specialty laminate tops available - contact customer service for pricing**

Examples:
