WHEEL LOADER BOOM MOWER
Diamond
MOWERS™
A POWERFUL ADDITION.

HEAVY DUTY + VERSATILITY COMBINED

Making the most of everything you have is what we do. At Diamond Mowers, we find smart ways to get the job done right by enhancing the resources you already own. With a long history of powerful, Made-In-The-USA innovations, our Wheel Loader Boom is just another example of how Diamond can add a powerful asset to your toolbox. DEMAND DIAMOND.

SOMETHING EXTRA ON THE SIDE

Our hassle free Wheel Loader Boom is a self-contained and powered unit. Install this diesel-powered, hydraulic system on your existing wheel loader and get to work. Trim tree branches, cut brush or grass and do it all with the efficient quality of Diamond Mowers.

Wheel Loader Boom Features:

- Attaches to loads 25,000 lbs. and larger
- Increases asset utilization and enhances budgets
- Available in 23-ft. and 25-ft. booms
- Fully self-contained with independent power, electrical and hydraulic systems
- Comes standard with actuator and joystick
- Elevated operator platform improves visibility
- Boom and loader reach combine to offer unmatched vertical capability

WHEEL LOADER BOOM MOWERS

ROTARY MOWER HEAD

FLAIL MOWER HEAD

SAW HEAD

FORESTRY HEAD

AVAILABLE MOWER HEADS

50" AND 60" ROTARY MOWER HEADS

- Cuts up to 8" diameter brush and trees
- Diamond's exclusive Reinforcing Ring
- Proprietary Tri-Hex mulching disc provides greater inertia in tough conditions
- Covered by an unprecedented 5-year warranty

44", 50" AND 63" FLAIL MOWER HEADS

- 50" cuts up to 6" diameter grass/brush
- 63" cuts up to 2" diameter grass/brush
- Protective bonnet for safer operation
- Flail knives less likely to propel objects

48" SAW HEAD

- Delivers clean, finished cut
- Stand-alone head or saw blade can be used in place of a 50" Tri-Hex disc
- Replaceable Carbide teeth

36" FORESTRY HEAD

- Cuts up to 18" diameter
- Very fast production (up to 10x faster than a rotary head)
- Cuts with both the perimeter and bottom surface
- Ability to mulch material
- Highly efficient, hardened steel, replaceable teeth

DITCHER ATTACHMENT

- Ideal for ditches and culverts
- Equipped with hydraulic chute to direct exhausted material

BOOM FEATURES

4-FUNCTION PROPORTIONAL CONTROL JOYSTICK (Standard)

- Improves ergonomics
- Decreases operator fatigue
- Increases mowing speed in tough terrain due to quicker operator reaction time

5-FUNCTION CONTROL JOYSTICK (Optional)

- Provides additional control to the hydraulic trap door

HYDRAULIC ACTUATOR

- Longer life compared to a traditional horizontal swing cylinder
- Fully enclosed
- Fewer moving parts, easier to maintain
- Stronger than traditional pivot pin
- Break-away protection in both forward and reverse
- 180° range of motion versus 110° with traditional swing cylinder

TRANSPORT LOCK

- Keeps cutter head from settling when in transport position

HYDRAULIC TRAP DOORS

- Exposes blades to easily feed material into the cutter head
- Available for 50" and 60" rotary and 50" flail heads

PROUD TO BE AN AMERICAN COMPANY

We have enormous pride in what we build, because we have enormous pride in how and where we build. Every Diamond product is loaded with decades of dedicated hands-on, Made-in-Sioux-Falls-SD experience. For over 40 years we've been offering a face-to-face, handshake guarantee on every product we construct.
