STATE CONTRACT NO. 820012365

STATE CONTRACT SMART NO. 1130-14-C-SWCT-00143

5-600-21461-14 - Original Contract Number

OPTFM has listed a state contract number and a state contract *smart* number. The contract number is an automatically generated number. The smart number is a more unique identifier that lists OPTFM's agency's number, contract year and shows agencies that it is a statewide contract. Also there is an asterisk listed at the end of the smart number. The asterisk is added at the end of the number for searchable purposes only; this is because each time a contract is changed, the Version number of the contract changes. It is not actually a part of the smart number. Either number can be used by agencies to search for this contract in the State's e-procurement system.

CONTRACTOR: Ricoh Americas Corporation
Please use Supplier No. 3100002396 when ordering.

DATE: April 30, 2014

ITEMS: Ricoh Copy Machines and Related Supplies

EFFECTIVE: May 1, 2014 through April 30, 2015

AMENDMENT EFFECTIVE: February 13, 2015

A. AUTHORITY

This certifies that a contract has been executed between the Department of Finance and Administration, Office of Purchasing and Travel for the State of Mississippi and the herein designated Contractor pursuant to Section 31-7-7, Mississippi Code of 1972, Annotated, for the items specified herein.

B. EFFECT

During the term of this contract no purchase of copy machines and related supplies manufactured and/or distributed by the above-designated Contractor shall be made by state agencies at a price in excess of that established by the prices set out in this regulation (See Section "F").

Commodities purchased under provisions of this contract from the above Contractor or his authorized distributors shall be exempt from competitive bid requirements

otherwise applying to purchases by the state agencies, counties, municipalities and other political subdivisions.

C. PURCHASE ORDERS

Purchase orders prepared by the various state agencies shall show the state contract number on the P. O. in the designated space, quantity, description of the items and prices, also shipping or delivery instructions, if any.

D. PAYMENT

The supplier shall be paid by the ordering agency upon submission of properly certified invoices or vouchers for articles or services delivered and accepted less deductions, if any, as provided.

E. ORDERING

Purchasers shall order in such quantities as required. Purchase orders are to be directed to address of Contractor or Distributors shown in Section "J". The Bureau of Financial Control of the State shall not approve any account nor order and direct payment of any account for the purchase of any commodity covered by this contract certification when the purchase price is in excess of the maximum price fixed in this purchasing regulation.

F. PRICES

Several new product items were added to this contract. Prices and product items for the amendment period are set forth on the following pages.

Entities making purchases over $50,000 may consider obtaining two competitive quotes from the authorized dealers' list on this manufacturer's contract. If this manufacturer does not have a dealers' list, the manufacturer should be prepared to submit a quote. The following information on multi-functional devices and networking copiers is also considered to be a part of this agreement.

Multi-Functional Devices and Networking Copiers

In the past a copier was clearly a copier and a computer printer was clearly a computer printer. However, as technology advances, the line of distinction has become not so clear. Because of this "twilight zone", Information Technology Services (ITS) and the Office of Purchasing and Travel (OPT) have set forth the following policy guideline: If a machine can be used as a walk-up copier and published product literature indicates that one of its primary functions is copying documents, then that machine can be included in the OPT Copier Contract. It is intended that this policy will allow copiers with computer interface, facsimile and digitizing features to be placed on the OPT contract. In addition, it is intended that

this policy will allow equipment commonly called “multi-functional” to also be included in the OPT contract. ITS will continue to manage purchasing for their established classes of computer and communications peripherals. In situations where a state agency or institution under ITS purview intenders to use the machine interfaced with a computer or in a network configuration primarily in a traditional information system application capacity, and the total amount of the purchase/rental exceeds $250,000, the agency or institution must first contact ITS through the formal procurement exemption request process. In the request, the agency or institution may express a desire to use the OPT state contract to fulfill its technical needs. ITS will work with the requesting entity toward reaching a consensus as to technical appropriateness of equipment from the OPT contract in each given case. ITS will approve the exemption request if appropriate. If ITS does not concur with the exemption, then the project will be handled through standard ITS policies and procedures in lieu of the OPT state contract. If the total amount of the purchase/rental does not exceed $250,000, ITS approval is not longer required. “Total amount of the purchase” shall mean the cost of the copier and all attachments. “Total amount of the rental” shall mean the monthly cost of the copier and all attachments multiplied by the term of the rental agreement. Transportation terms are F.O.B. destination, freight prepaid.

Product literature may be obtained from the Contractor.

G. TRANSPORTATION

F.O.B. destination, freight prepaid.

H. POLITICAL SUBDIVISIONS -COUNTIES, MUNICIPALITIES, SCHOOLS, ETC.

This contract provides that the provisions thereof may be available to any county, municipality, school board or other local public agency or authority of the State of Mississippi which may elect to purchase at the prices, terms and conditions of sale specified therein. Any such agency or political subdivisions electing to purchase as herein provided shall write the following on the face of the purchase order:

"P. O. issued pursuant to provisions of
Mississippi State Contract No. 8200012365 and
Contract Smart No. 1130-15-C-SWCT-00143”.

I. TERMS

Net Forty-five (45) days.
