Pine Oil

DIRECTIONS:
Use a mop or brush to apply a solution of 2 ounces per gallon of water for moderately soiled surfaces such as floors, pet quarters, and garbage cans; maintaining a thoroughly wet surface for 10 minutes. Mix fresh solution before each use; no rinsing necessary except on rubber or asphalt tile and on food contact surfaces. Heavily soiled surfaces must be pre-cleaned first, followed by a second application. Use full strength for cutting grease, crayon, old wax, or other heavy-duty cleaning jobs; rinse immediately.

LAUNDRY: Use full strength on heavily soiled areas such as collars, cuffs, and grease stains. Rub in well and use 4 ounces in washer along with regular detergent as a cleaning booster and deodorizer.
PRE-SOAKING: To strop odor causing bacteria, use 2 ounces per gallon of water for diapers, baby clothes, and bedding.
DOG BATH: Use ½ ounce per gallon of water.
STORAGE: Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from heat and open flame.
DISPOSAL: Do not reuse empty container. Replace cap, wrap in newspaper and discard in trash.
