Lucky è una sedia divertente ed universale; utilizzabile in caffetterie, enoteche, adatta per sale d'attesa, riunione e naturalmente per la casa. L'apertura posteriore risulta pratica per alzare e spostare la sedia. Il modello è fornibile in molti colori vivaci e con diversi tipi di base in legno, metallo e pressofusione di alluminio. Lucky è stata creata in poliuretano integrale chiamato "soft touch" un materiale innovativo, morbido e leggermente flessibile.

Lucky is a funny and universal chair, usable for cafeterias and wine bars, suitable for waiting or meeting rooms and of course, perfect at home. The shape comes from a particular mould which creates an extremely comfortable shell.

This model is available in many bright colours for the shells and with different kind of bases in wood, steel and lacquered die cast aluminium. Lucky has been created in the soft, slightly flexible and innovative material "soft touch", a polyurethane integral foam.

La scocca della Tako chair ha una forma organica ed è costituita da un telaio portante in acciaio, schiumato in poliuretano integrale “soft touch” colorato. La scocca trasmette una piacevole sensazione di morbidezza, che promette il massimo comfort di seduta L’attraente fusto con quattro gambe in legno massello è fornibile sia in noce canaletto che in rovere. Un’ulteriore variante della Tako chair è la versione completamente imbottita, disponibile sia in tre differenti categorie di pelle in 86 colori diversi, che in una grande varietà di tessuti.

The organic shaped shell of Tako chair is made by a steel frame injected with coloured integral “soft touch” polyurethane. The shell gives a nice sensation of softness which promises the utmost comfort when seated. The actracting 4-leg base is available both in American walnut and in oak. An additional variation of Tako chair is the fully upholstered version, available both in three different leathers categories, for a total of 86 different colours, and in a wide choice of fabrics.

in queste collezioni TONON viene utilizzato poliuretano integrale a **bassa e media densità;** in uno stampo viene inserito un telaio portante in acciaio e successivamente viene aggiunto il **poliuretano schiumato** in forma liquida, che poi scaldato si indurisce. il materiale **tinto in massa** durante la fase liquida viene **verniciato** dopo la produzione. lo schiumato integrale è **impermeabile, igienico e morbido.** la superficie, resistente allo strappo, è caratterizzata da una elevata **resistenza all'abrasione,** da un tatto estremamente piacevole, da elevata elasticità, da bassa conducibilità termica e massimo comfort. un altro punto di forza dello schiumato integrale è la sua **semplicità di manutenzione.** il prodotto può essere facilmente pulito solo con acqua calda e sapone neutro, il materiale inoltre è **privo di CFC**

the TONON collections use **low and medium density polyurethane;** each steel frame gets fit in the mould and then the **polyurethane foam,** which originally is in a liquid form, is poured in and through a heating process, gets hardened. the material is **dyed in mass** during the liquid phase and is **painted after the production.** the integral foam is **waterproof, hygienic and soft.** the tear-resistant surface is characterized by an **high abrasion resistance,** an extremely pleasant touch, high elasticity, low thermal conductivity and maximum comfort. another strength of the integral foam is its **easy maintenance:** the product can be simply cleaned with warm water and mild soap. the material is **CFC free.**

Un tavolo dalle mille possibilità. L'elemento base del table system, prodotto nell' innovativo materiale medium soft-touch, é la chiave del suo successo. Con lo stesso elemento é possibile creare innumerevoli combinazioni. In questo modo non viene posto alcun limite alla lunghezza del tavolo. Il singolo elemento è fornibile in 12 colori e questo crea molteplici possibilità di abbinamento. Se in tinta unita o colorato come un arcobaleno, ognuno può personalizzare il colore del proprio tavolo.
Un elemento di giunzione in acciaio tiene assieme tutti gli elementi. Il table system può essere fornito anche su misura con tempi e costi su richiesta.

A table system with unlimited possibilities.
The key of its success is the innovative material medium soft-touch used for the base element. With the same element is possible to create innumerable combinations. In this way there is no limit to the table lenght. The single element is available in 12 different colours allowing you to create many combinations. Everyone can decide how his table will look like: monochromatic or coloured like a rainbow. A steel junction component joints together all the base elements. The table system is available also on bespoken dimensions with quotation and lead time on demand.
